Appeared in Great Pain When He Arrived in London From Windsor and Seemed Weak.

LONDON, June 23.—(Copyright.)—Notwithstanding the optimistic reports to the effect that the physicians were satisfied with the condition of the king's health, it was announced that his majesty, when he stepped from the train and walked to his carriage today upon his arrival from Windsor, leaned rather heavily on his cane and moved as though he suffered pain in the small of his back.

Many of those who saw him were struck by his tired expression and pale complexion, which seemed quite gray.

KERR'S BOOM ON THE BRINK OF OBLIVION

The 29 Quaker City Delegates Likely to Flop to Pattison.

CAN'T AFFORD TO OPPOSE GUFFEY

Ex-Governor May Get All the Votes Except Those of Allegheny County.

THE BRITISH FLAG IS TRAMPLED UPON

By CHESTER D. POTTER,
Staff Correspondent.

Erie, Pa., June 23.—Ex-Gov. Robert E. Pattison leads all competitors in the gubernatorial race. Nothing except the open opposition of Col James M. Guffey can prevent his nomination. It is the general impression the colonel wishes the ex-governor chosen, hence it is now possible to discount the roll call in Wednesday's convention.

Friends of George W. Guthrie say his name will be presented, but, privately, they admit he cannot win and are speculating as to whether he would accept second place. W. J. Brennen says Guthrie would not take the lieutenant governorship; others think he would.

The Wanamaker-Gordon effort in behalf of ex-Congressman James Kerr has spent its force. It failed to interest the people. Now the Kerr backers are talking for Guthrie, and it is more than possible that the Clearfield man's name will not be presented to the convention. They know the vote he would receive would not be in keeping with the claims made by the Wanamaker organs, and they will avoid the humiliation of a show of weakness by polling with Guthrie or some others.

"Pattison is sure of his nomination. There is no one else in the race," is the way Congressman J. K. P. Hall sized up the situation this afternoon.

Hall was himself a candidate until he learned that Pattison would win in a walk.

The Fight Against Guffey.

The Philadelphia delegation—40 strong, but only 29 of whom will be seated—will not get here until tomorrow. Chairman Charles P. Donnelly will come with them. They bring their usual annual "kick." A year ago Philadelphia appealed to Col. Guffey for assistance to save it from being thrown out of the convention. Guffey saved it. This year it is in a conspiracy with Judge Gordon and the Wanamaker faction to deprive Guffey of his leadership. That this was the plan in contemplation, was indicated by the interview given by ex-Judge Krebs, which appeared in The Gazette.

Judge Krebs' statement made lots of trouble. It put the friends of Col. Guffey on their guard and killed all possibility of Kerr making a showing in the convention. Until he himself was threatened Col. Guffey kept hands off; but there are now unmistakable indications that he is not doing anything to handicap the Pattison movement.

Pattison and Gordon were fellow passengers on the train which arrived from Philadelphia this morning. They were in different cars, but would not have mixed any way. At the station Pattison was met by a reception committee and a brass band which played "Hail to the Chief."

Almost Unanimous for Pattison.

No attention was given to Gordon, who, with a small home guard, proceeded unnoticed to his hotel. Lithographs of Pattison are in every window. At his hotel his room was the objective of all visitors. His popularity with the country delegates is attested by the fact that tonight it is claimed he has over 200 delegates pledged.

When Col. Guffey arrives it will be unanimous except, perhaps Allegheny, for there is good reason to believe that Donnelly will turn in his delegation whenever Col. Guffey gives the word. Donnelly and Ryan, the Philadelphia leaders, think well of the "bandwagon" and usually find a seat. A year ago they were being daily pilloried by the Wanamaker organs in Philadelphia and throughout the state.

It was Judge Gordon and his faction which wished them thrown bodily out of the convention last year. After the convention Donnelly and Ryan, in order to spare themselves from daily assault by the Wanamaker papers, made a deal with Gordon, promising to deliver to his control the Philadelphia delegation, to oppose Pattison openly and continuously, Gordon promising to protect them from further newspaper abuse. Until now both parties to the agreement have kept faith. The Philadelphia delegates—that is, a large majority of them—will take orders from Gordon and Donnelly, and Ryan can "point with pride" to the fact that for six months or more they have had nothing but kindly mention from the Wanamaker newspaper syndicate.

A Break Inevitable.

But a break must come now. Donnelly cannot afford to quarrel with Guffey. If the Gordon-Kerr faction persists in trying to unhorse the national committeeman, Donnelly will part company with it.

Ex-Attorney General James A. Stranahan, a stanch supporter of Pattison, threw a chill over the Kerr camp this afternoon. The Gordon-Kerr shouters have claimed that Pattison could not be elected if nominated; that party sentiment was opposed to him. Mr. Stranahan showed copies of the Democratic state platforms from 1896 to 1895, inclusive, all of which indorsed Pattison's administrations in eulogistic terms. Stranahan and Congressman Hall both declare Pattison will be nominated on the first roll call.

Capt. John B. Keenan of Westmoreland said: "It is Pattison without a doubt. All the talk is that way. Westmoreland

GUTHRIE LANDS WITH HIS BOOM AND BRASS BAND

Finds a Dearth of Votes, but Brennen Primes His Men With Talk.

SECOND PLACE STILL AN OPEN QUESTION

By WALTER J. CHRISTY,
Staff Correspondent.

Erie, Pa., June 23.—George W. Guthrie of Pittsburgh superintended the landing of his gubernatorial boom in Erie. He arrived with a part of the Allegheny delegation late this afternoon. The party was met at the station by the reception committee and a brass band. A few of the rooters fell in behind the music, and the candidate brought up the rear in a carriage.

The headquarters at the Reed house were ready for the reception of the candidate. Guthrie shook hands with all comers, but was not burdened receiving offers of support from the men who have the votes. He was in his rooms all evening, and so were several others.

W. J. Brennen, chairman of the Allegheny delegation, is trying to put a little life into the Guthrie boom, but this vigorous gentleman has not succeeded in making Guthrie appear in the light of a real candidate for governor. The crowd wanders down the hallway a short distance to the headquarters of Robert E. Pattison and stays there. Brennen called the Guthrie workers together soon after the arrival of the delegation and urged them to hustle among the delegates for votes. He also instructed them in the matter of argument to use.

Where Guthrie's Strength Lies.

This was his advice:

"You can say that if Guthrie is the candidate he will be able to carry Allegheny by a majority of from 10,000 to 20,000. He probably will be indorsed by the Citizens party and put at the head of that ticket. Guthrie is the most conspicuous representative of ballot reform and municipal improvement in Pennsylvania. The convention should take advantage of the opportunity to select the representative of the principles upon which the fight this fall must be made.

"Guthrie has a larger political and financial following than any other candidate. Nominate him and he will agree to organize the state. He will be able to carry the close counties. Where organization is needed we will furnish it. The candidacy of Guthrie represents confidence and hope. It would not be so with any of the others. With Pattison as the candidate it would be necessary to be on the defensive.

"The Republican majority in the state is, perhaps, 200,000. To win we must get the independent Republican vote. An independent Democrat like Guthrie will appeal to them rather than an organization Democrat."

There will be another meeting of the workers at 11 o'clock tomorrow. The delegation also will hold a caucus tomorrow morning. The question of increasing the Philadelphia delegation will then be taken up. Brennen says the delegates from Allegheny have not determined upon what they will do and desires to give the matter careful consideration. He insists that the delegation will stick to Guthrie to a finish.

Controllership Satisfies Larkin.

John B. Larkin was in Guthrie's headquarters all evening. He says he does not desire anything nor will he accept a nomination from this convention. It is his desire to continue as controller of Pittsburgh and give the people of that city the reform he has promised.

Guthrie has no statement to make. He says he is a candidate and it is for the convention to decide whether he will be nominated. He will not seek a nomination for lieutenant-governor. If the convention should happen to nominate him it would be difficult to predict at this time what he would do. There will be a mighty effort on the part of the Pattison people to have him take the place. The leaders are prepared to show him that it is a duty he owes to his party to accept the second position on the ticket.

GUFFEY BELIEVES MANDATE OF PARTY IS FOR PATTISON

He Will Not Oppose It, and Will Try to Induce Guthrie to Take Second Place.

By ROBERT SIMPSON,
Staff Correspondent.

Erie, Pa., June 23.—Col. J. M. Guffey arrived in Erie at 10 p. m. at the Reed house. He at once conferred with ex-Gov. Pattison.

The former governor will be the nominee of the Democratic convention. Mr. Guffey takes the ground that the rank and file of the Democratic party of the state demands Pattison, and he is not opposing public sentiment. Mr. Guffey believes he could not prevent the nomination of Pattison if he tried, and he does not intend to try. He hears from delegates in close counties that they believe Pattison to be from 500 to 5,000 votes stronger in their counties than any other Democrat, and they want Pattison for the good of their county tickets. Mr. Guffey will not resist this sentiment, and, in fact, does not want to.

The opposition to Pattison has hoped to be able to club Guffey into line, but when it finds in the morning that it cannot do so, will probably go to pieces. Mr. Guffey is eager to strengthen the ticket with Guthrie for second place. Guthrie declares he will not take it. It is first place or nothing with him now. Mr. Guffey thinks Guthrie should subordinate his personal feelings to the party good, and strong pressure will be brought to bear upon him.

The opposition to Pattison is tonight echoing and re-echoing the declaration that it is all up to Guffey, and that he can nominate Pattison if he will, or can defeat him. They say they are for any one he may name except Pattison. Kerr, on whom the anti-Guffey leaders have centered their strength, is willing to retire in favor of Guthrie, who is not an anti-Guffey candidate.

The friends of Col. Guffey intend to confine the platform to state issues if possible. They admit this may be difficult—as difficult as to prevent the nomination of Pattison, is the way they put it. There are single-tax ideas and other ideas afloat that may make trouble, but there seems to be a general agreement to keep out all references to the dollar and the "crime of '73."

The Philadelphia delegation, if it is in a fighting mood, will be limited to the 29 delegates allowed it by Creasy. If it shows a disposition to be good its vote may be increased to its compromise figure of 60.

Late tonight George W. Guthrie said: "If you ask me, of course I'll have to say I'll be nominated."

Col. Guffey retired at midnight. Before turning out the light he said: "I will make a statement in the morning after I have conferred further with my friends."

FILIPINO RECEIVED BY MRS. M'KINLEY

Felipe Buencamino Presents Address to Her at Canton—Entertained by Judge Day.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CANTON, O., June 23.—Mrs. McKinley this afternoon received from Felipe Buencamino, a former member of Aguinaldo's cabinet and now a leader of the federal party in the Philippines, the greetings and memorial of that party which he was commissioned to personally carry to her. He came from Washington, accompanied by Frank L. Jeannini of the war department, serving him as interpreter. They were received by Mrs. McKinley and later entertained by Former Secretary of State Day, with whom they visited West Lawn cemetery and afterward dined at his home.

The Filipino was much affected by his meeting with Mrs. McKinley, whom he afterward described as a fine model for "Dolorosa," and tears streamed down his cheeks as he addressed her.

The address contained reference to the distress which the federal party of the Philippine islands felt at the assassination of President McKinley. It stated that he was the protector of the Filipinos and that the federal party was honored in being allowed to tell the widow of the deceased president of its esteem for him. Mrs. McKinley was assured of the love of 6,000,000 Filipino Christians.

CONGRESSMAN HALL HEADS RURAL FORCES

By WALTER J. CHRISTY,
Staff Correspondent.

Erie, Pa., June 23.—Congressman J. K. P. Hall has taken charge of the fight against Philadelphia seating more than 29 delegates. As soon as a delegation reaches the city he confers with them concerning their attitude in the all-important question. Hall says it is a foregone conclusion that Pattison will be nominated and that Philadelphia will have just 29 votes. He says Pattison now has over 200 delegates pledged to him. He requires only 158 to win.

It is difficult to find any one who is with Philadelphia in its fight for a larger representation. Aside from her votes, Clearfield and Northampton appear to be about the only friendly counties. There is an intense feeling in the country against the Quaker City. The rural party men think Donnelly and Ryan always trade with the Republicans. Often today has a delegate been heard to say: "I am for throwing Philadelphia out altogether."

Donnelly and Ryan and the Philadelphia delegates will not arrive until tomorrow. They consider a short campaign better for their cause than a long one.

Ex-Judge Gordon is here feeling the temper of the delegates. He says his county is entitled to 102 delegates, as 102,000 votes were cast for the fusion ticket.

Apportionment Rule Changed.

The apportionment of delegates is based on the vote cast for the state ticket last fall. Heretofore the presidential vote had been taken as the basis. In order to cut down the big representation in Philadelphia and satisfy the popular demand in the country, State Chairman Creasy changed the rule governing apportionment. It so happened that in Philadelphia the return judges counted the Democratic vote for Yerkes and Coray separately. It amounted to 29,000. The fusion vote was 102,000. Creasy apportioned 29 delegates to Philadelphia, paying no attention to the fusion count. In Luzerne, where the fusion ticket won by 25,000 and the vote was returned as Democratic, Creasy allowed 25 delegates. The Philadelphians say this is unfair, but are willing to compromise on 60 votes, or the number that would have been allowed had the presidential vote been taken on the basis of apportionment.

Gordon likes to fight, but above all he is desirous of preventing the nomination of Pattison. Could he get a vote of 60 for Philadelphia he would be in a position to make a showing, at least. At present he is not in the contest.

Chairman Creasy is positive his apportionment will not be upset. Ex-State Chairman John S. Rilling is another who is confident that Gordon and Donnelly cannot break in. "We will give Philadelphia 29," said he, "but if she gets ugly it is possible that even that number may be cut down."

May Give the Case to Lawyers.

The state committee will meet at noon tomorrow. It is probable that the Philadelphia matter will be considered. There is a possibility that a committee of lawyers will be appointed to study the case and make a report, with recommendations, to the convention. Even if it should be decided to change the rule so as to base the apportionment on the presidential vote, the revision would not affect the seats in this convention. At this committee meeting the temporary rule will be prepared and the contests in Luzerne be settled. The old fight between the Garman and Lenahan factions is to be disposed of again.

Congressman Harry Green of Berks is in favor of Philadelphia getting its proper representation, but believes it would be unfair to the other counties to change the apportionment to take effect in this convention. If the presidential vote were to be accepted on the basis, Green says the other counties would not have the extra delegates to put in. Green thinks the rule should be altered so as to base representation on either the presidential or gubernatorial election.

Effort was made to have John B. Head accept the temporary chairmanship of the convention. He says he does not desire it, preferring to be down in the bear pit where the fighting is close. Judge Harvey and Robert E. Wright of Allentown are talked of for permanent chairman.

Johnstown Man's Tax Idea.

Warren Worth Bailey of Johnstown is devoting his time to an endeavor to have a committee on resolutions appointed that will be willing to insert a tax plank in the platform. He wishes taxes equalized, and is also of the opinion that there should be a revenue derived from public franchises.

A Republican judge extended a courtesy to the Democratic party today when he made a temporary ruling as to when "high balls" and other things could be legally purchased over Erie bars. The closing hour is 12, but the court, as a matter of convenience for the thirsty "intensified," agreed that the saloons could remain open until 2 a. m. This probably has made Judge Walling, among the Democrats, the most popular Republican in the state.

WEDDED PREACHER GETS A THRASHING FROM GIRL'S FATHER

Rev. O. C. Burt Not Only Laid Up in Bed, but Placed Under Arrest.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Lancaster, Pa., June 23.—After being beaten by the father of the young woman to whom he was, it is alleged, too attentive, the Rev. O. C. Burt, pastor of the Quarryville circuit of the Methodist Episcopal church, which includes the churches at Quarryville, Mt. Hope and Wesley, was arrested Saturday night and held for a hearing.

For some time, it is alleged, Mr. Burt has been attentive to Miss Anna Shank, 20 years of age, of Quarryville, a daughter of Franklin Shank. Recently the young woman's mother found in her daughter's room a schedule relative to a proposed trip to New York on July 2 with Mr. Burt. Last week he sent his family to Atlantic City, which aroused Mrs. Shank's suspicions.

Then she informed her husband about the proposed New York trip and Mr. Burt was summoned to the Shank residence on Saturday night. An explanation was demanded and was so frankly made as to dumbfound Mr. and Mrs. Shank.

When through, Mr. Shank threw Burt out upon the porch. Even then the man refused to go, so the father kicked him from the porch.

An angry crowd, attracted by the noise, witnessed Mr. Burt's departure, and cries of "Lynch him" were heard. Shortly after reaching his home Constable John Witmer arrested him on charges of disorderly conduct and alienating Miss Shank's affections, preferred by Mr. Shank.

DRESS REHEARSAL OF ABBEY CEREMONY

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1902, by the New York Herald Co.)

London, June 23.—It is coronation, nothing but coronation, in London today. From the highest to the lowest, from the dignified peer who walked to his club, jostled, elbowed, shoved by an eager, pushing crowd of sightseers to "'appy 'arry" from the East Side, who did most of the shoving and uttered the most picturesque ejaculations, all talked of the coronation and the arrival of the king.

One of the most interesting events of the day was a rehearsal by all the official people concerned in the coronation ceremony in Westminster abbey. The earl marshal had sent out what in theatrical parlance would be styled a "general call" for all concerned for 2:30. A very great attendance of those taking part in the proceedings was the result. CLEVELAND AND HARMONY IMPOSSIBLE

Bryan Dips Pen in Vitriol to Write of Tilden Club Dinner.

PARTY SACRIFICED TO FINANCIERS

Likens Last Democratic Administration to Stagnant Pool With Foul Vapors.

STILL MORE TO FEAR FROM MEN LIKE HILL

Lincoln, Neb., June 23.—The absence of W. J. Bryan from the Democratic harmony dinner at New York is pretty well explained by a statement given out by Mr. Bryan this evening. At the outset Mr. Bryan says there is no such thing as Democratic harmony where former President Cleveland is concerned. He says:

"The banquet given on the evening of June 19 by the Tilden club of New York city was advertised as a 'Harmony meeting,' but it turned out to be what might have been expected of such a gathering, an ovation to the chief guest, former Democrat, Grover Cleveland. There can be no such thing as harmony between men like him and those who believe in Democratic principles, and he is frank enough to say so. He spent no time looking for 'middle ground' upon which to gather together discordant elements. He boldly called upon the members of the party to abandon their convictions and accept the construction which he places upon Democratic principles. He even taunted the party with being a sort of prodigal son and invited it to give up its diet of husks and return to its father's house.

Begins to Warm Up.

"He is not only defiant, but he insists that party success can be secured only by an open and avowed return to his ideas. Harmony is to be secured, not by the suppression of differences, but by the elimination of those who differ from him.

"He secured his nomination in 1892 by a secret bargain with the financiers; his committee collected from the corporations and spent the largest campaign fund the party ever had; he filled his cabinet with corporation agents and placed railroad attorneys on the United States bench to look after the interests of their former clients. He turned the treasury over to a Wall street syndicate, and the financial member of his official family went from Washington to become the private attorney of the man who forced (?) the treasury department to sell him government bonds at 105 and then resold them at 117. He refused to sign the income tax provision, vetoed the only tariff reform measure passed since the war, and while thundering against the trusts in his message, did even less than Knox has done to interfere with their high-handed methods.

Mont Pelee Is Outdone.

"His administration, instead of being a fountain of Democracy, sending forth pure and refreshing streams, became a stagnant pool from whose waters foul vapors arose—poisonous to those who lingered near.

"Having debauched his party, he was offended by its effort to reform and gave comfort to the enemy. Virginius killed his daughter to save her chastity; Cleveland stabbed his party to prevent its return to the paths of virtue.

If we are to have reorganization, Cleveland himself should accept the presidential nomination. It would be due him; his reinstatement would be poetic justice to him and retribution to those whose Democratic conscience revolted against his undemocratic conduct. Of course he would get no Democratic votes, but being closer to plutocracy than any Republican likely to be nominated, he might divide the enemy, and even Democrats would have what little consolation would come from receiving their disappointment in advance.

"The fight is on between a Democracy that means Democracy and a Clevelandism which means plutocracy. Every speech made by Mr. Cleveland shows more clearly the odiousness of the policies for which he stands. We have more to fear from those who, like Mr. Hill, indorse Mr. Cleveland's views, but conceal their real purpose in ambiguous language."

RATHBONE BLAMES WOOD

He Says the Cuban Court that Convicted Him Was Dominated by the Governor General.

NEW YORK, June 23.—(Special.)—After three years in Cuba, where he was director general of posts, and where he was convicted of frauds, Maj. Estes G. Rathbone returned to this country today on the steamship Niagara. Sentenced to 10 years' imprisonment in Cuba, he had appealed to the supreme court of the island when the general amnesty was proclaimed and he was set at liberty.

"I say the Cuban court which found me guilty was dominated and controlled by Gen. Wood," said Maj. Rathbone. "All the five judges were appointed by Wood, and he was free to remove them at pleasure. If I am a criminal because of what they charged against me, so is Wood and many of his officers 100 times over.

"But I am not attacking men or measures. I want a thorough investigation of all my official acts in Cuba, and for that I will make the fight of my life. I feel that I have been wronged deeply."

NEW YORK, June 23.—The Retail Butchers' Protective association announced tonight that a company had been formed to fight the so-called beef trust. The company has a capital stock of $1,000,000, two-thirds of which has already been subscribed, according to President Edward F. O'Neil of the association.

KERR THINKS HE IS THE LOGICAL MAN FOR HONOR

Will Try Today to Convince Guffey Pattison Should Not Be Named.

THRUST AT THE COLONEL

J. Wood Clark of Pittsburgh Tells Why He Thinks Guthrie Should Be Nominated—J. W. Breen of Oil City May Stir Up Trouble.

By WALTER J. CHRISTY,
Staff Correspondent.

Erie, Pa., June 23.—James Kerr arrived at the Reed house tonight, two hours before Col. J. M. Guffey came, and spent the time conferring with his friends. He had expected to have a talk with Guffey tonight and present reasons for his nomination. Soon after the colonel's arrival it was announced that the conference would not occur until morning. Guffey was fatigued and desired an opportunity to talk with his lieutenants before meeting with the Gordon-Kerr crowd.

Everyone was eager to learn whether Guffey had declared himself. They all felt almost sure he is for Pattison, but would like to see a declaration. Probably they will be gratified in the morning.

After conferring with Guffey, Pattison said, in answer to the question, "Are you a candidate?"

"That is for the convention to decide. I have been twice honored by the people of Pennsylvania with an election as governor. I do not feel that I should wish for another nomination. If the convention believes that I would lend strength to the ticket, I will give my best efforts as a candidate. If a majority of the delegates decide that some other Democrat be of more value as a candidate, I would as willingly work for him."

Candidate Kerr's Statement.

Kerr made this statement concerning his candidacy tonight: "My friends in Clearfield last week presented my name as a candidate for governor. This was done without any effort or solicitation on my part. Until now I have refrained from making any statement on the subject. However, I have carefully considered the question and endeavored to impartially learn, so far as possible, the sentiments of those who have the best interests of the party at heart. As a result, I have determined to acquiesce in the wishes of my constituents and become their candidate for governor.

"My reasons for so deciding are that from information received, I believe there is hopeful promise of Democratic success in November if the convention presents a platform and candidate that will appeal to the reform voters of the state and clearly raise the issues of self-government as against bossism. That issue, in my judgment, must subordinate all other party questions, and upon that issue I shall enter the contest for the nomination. My candidacy is non-factional and nonpartisan. I have no personal or ulterior views in entering the field, and desire only to give whatever service I can to the promotion of the cause of good government.

The Logical Candidate.

"The logic of this situation as it presents itself to me is that I should stand as a candidate to the finish. The convention should be left to decide the nomination without constraint or domination from outside influences. With its free choice I shall be entirely satisfied."

Kerr says that Pattison and Gordon should be thrown out and a man from the country named. When he said this he was standing in his headquarters with Judge Gordon and a dozen others. Kerr said the logic of the situation demands that the candidate should not come from Philadelphia. Four years ago it was the other way, said Kerr. Then Gordon desired the nomination and Guffey threw his strength to George Jenks.

"You saw the light then, Gordon," said Kerr.

"Yes, I got the light four years ago," replied Gordon.

The references to bossism and domination in the Kerr statement is evidently a veiled thrust at Guffey. Kerr denies that he has made any combination with either Gordon or Guthrie.

J. Wood Clark, manager of the Guthrie campaign, has this to say:

"I am satisfied that the claims of the Pattison people are principally a bluff. Congressman Hall is the only man who is saying that Pattison will be nominated. I am of the opinion that he does not have anything like enough votes to win in the first ballot. He must win then if at all. Col. Guffey, of course, is in control of the situation. So far he has not said who he favors. We have received many assurances of support for Guthrie tonight. We have not made any deal with either side, and will not unless it can be shown that our position will be strengthened."

ST. MARK'S HALF CENTURY

Fiftieth Anniversary Was Observed Yesterday—Special Services and a Reception.

The congregation of St. Mark's Protestant Episcopal church on the South Side yesterday celebrated the fiftieth anniversary of its organization. Special services were held in the morning by the Rev. Father Harry S. Lancaster, priest in charge, and in the evening a reception was held at which addresses were made by Father Lancaster and others. St. Mark's church is different from all other Episcopal churches, in that it is territorial, having fixed boundaries within which no other priest can officiate without the consent of the parishioners.

There is connected with it a nursery for children, St. Barnabas home for men, and other charitable institutions. The pastor is a member of the religious order of the Holy Cross and wears the habit peculiar to this organization. He also follows to a great extent the doctrinal teachings of the high church, such as the hearing of confessions and the like. Father Lancaster has been in charge of St. Mark's for three years. The parochial report for the past year shows that 72 persons were baptized, 14 confirmed, 7 received, 261 addresses made, and 352 administered holy communion. The St. Barnabas home attached to the church has received in the neighborhood of 50 men from the various hospitals and nursed them free of charge.

POSTAL WINS WIRES.

Gets Contract with Pennsylvania Railroad for All Offices on Its Routes West and South.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

PHILADELPHIA, PA., June 23.—The Record tomorrow will say: Negotiations have been finally concluded whereby the Postal Telegraph Company will secure 2,500 offices and all the lines owned by the Pennsylvania railroad, now operated by the Western Union Telegraph Company. The Postal company will take possession of the offices on January 1, when the Western Union company will be compelled to give up all of the trunk lines now in use which are on the property of the Pennsylvania railroad. This deal will deprive the Western Union of its chief outlets west and south, in addition the 3,500 feeders that cost little or nothing to maintain.

REPORT CALLED A "CHINESE PUZZLE"

HENDRICKS THUS CHARACTERIZES CONTROLLER'S STATEMENT.

Word War Between Two Allegheny Officials Caused Much Excitement at Meeting of the Sub-Committee on Finance Last Night.

Controller James Brown of Allegheny and Common Councilman John R. Henricks had a wordy tussle last night at the meeting of the sub-committee on finance, appointed to inquire into the financial condition of Allegheny. Mr. Henricks called the controller's last report a "Chinese puzzle," and this excited the venerable fiscal officer of the North Side. The ensuing colloquy occurred during the meeting, Mr. Henricks being quite cool and the controller trembling with indignation:

"I see, Mr. Henricks," the controller said, "that you are determined to make trouble for me; but I am not afraid of you. My record as controller of Allegheny City will show that my official affairs are correct, and cannot justly be questioned."

"I am not trying to make trouble for you, Mr. Controller," Mr. Henricks replied, "I simply want you to give to this committee of councils an itemized statement of the financial standing of the city. In other words, give us a balance sheet."

Controller Brown said he did that every year, "and," he said, "it is not the Chinese puzzle you try to make it out."

"I see nothing in your report for last year, for 'switch licenses,' 'electric pole taxes,' and many other such taxes due the city," Mr. Henricks retorted. "That is why I call your report a Chinese puzzle."

The war of words was stopped for a while by the chairman, who ruled the personal debate out of order.

The first matter to come up was the back taxes due the city from the Millvale, Etna and Sharpsburg Street Railway Company, for cars since January 1, 1896. The controller's books showed that the company has paid no car tax since that date, although representatives of the company present admitted the company has run through the city during the last six years on an average of 14 cars a day.

The controller and the city solicitor were instructed to collect the back taxes due the city from this company for the period named, and if the company will not pay, the solicitor is directed to enter suit for the recovery of the same.

The controller said that there was 3,761 electric poles in the city subject to $1 a year tax, but admitted that only about $750 a year had been collected. He was ordered to see that these pole taxes are collected.

The war of words between the controller and Mr. Hendricks started when the latter asked Mr. Brown about the collection of switch license taxes. The controller admitted that he had never collected any switch license taxes; that those to whom the licenses were granted always claimed they were not using the switches.

W. B. Epley, Controller Brown's chief clerk, volunteered the information that one switch it being used by four different firms, but they did not know who ought to pay the license fee. He said the city solicitor was trying to find who should pay it.

BLOODY FIGHT WHICH MAY PROVE MURDER

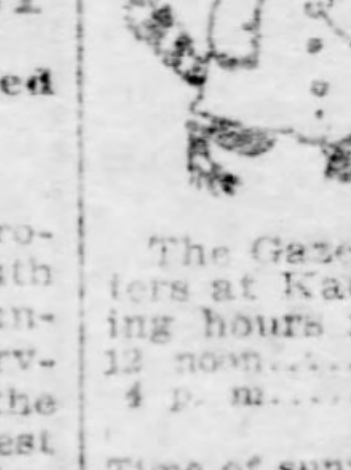
Frank Bruce Slipped Home to Catch His Wife—Other Man Badly Cut Him.

Frank Bucce, an Italian, after leaving his home in Laurel avenue yesterday morning to go to work, returned shortly afterward to kill his suspected young wife and Christopher Donatelli, who was with her. He was met at the door by his wife, who, he claims, struck him over the head with a baseball bat as she opened the door and an instant later Donatelli, who was behind the door, slashed Bucce across the throat, causing a wound that will likely produce death. Donatelli also received a gash on the wrist that almost cut off his hand.

The police were on the scene a few moments later and all three were taken into custody. Bucce told his story to a West Penn hospital attendant last night. He said he demanded admittance and the door was opened by his wife and she dealt him a blow with a ball bat. Donatelli then stepped from behind the door and slashed Bucce over the throat with a razor. Bucce said he then grappled with Donatelli and threw him down the steps, causing him to cut his wrist with the razor. Bucce then wandered throughout the house crazed with his gaping wound and finally laid down in the bedroom where the police found him.

The wife told Police Captain C. F. Ford that the husband had returned and entered the bedroom of the house where he attacked Donatelli with a hatchet. The young man fled as she said to his godmother who lived some distance away to repent his sins and after he had gone her husband drew the hatchet across his throat. The police found the bloody hatchet and the ball bat. Mrs. Bucce claimed to know nothing about the ball bat.

THE WEATHER.



Today will not be so cool as yesterday, according to the forecast of the Washington weather observer, as he predicts a fair and warmer day. For tomorrow his prediction is for showers. FUNDS ARE NOT BEING DEVOTED TO DISINFECTION

Although Voted for This Purpose, They Are Going Into Other Channels.

YELLOW BOOK COMMITTEE

Supt. Pitcairn and Director Wilson Were on the Stand Yesterday. Both Pay Political Assessment, But Do Not Force Employes.

Money voted recently by Pittsburgh councils to be used in disinfecting is being used to pay physicians for vaccinating and to pay officers who have charge of quarantined houses. Supt. A. J. Pitcairn made the statement that this is being done, before the salary revision committee yesterday afternoon. Every member of councils who voted for this money understood that the money was to be used exclusively for disinfecting purposes, and had no idea that any of it would be used for any other purposes. No vouchers have yet been presented under this fund, but when they are Controller John B. Larkin will ask for information about them.

The ordinance transferring $7,500 from the contingent fund to the health fund was introduced in select council as the result of an interview between Superintendent Pitcairn of the bureau of health and a sub-committee of the committee on health and sanitation. It was distinctly understood that the money was to be used in paying the expenses of disinfection after cases of smallpox, scarlet fever and diphtheria.

Under this understanding the ordinance passed both branches of councils, special meetings being held by each branch for the purpose. By paying the eight physicians and the 42 quarantine officers out of this fund the money is disappearing at the rate of $3,000 a month. Thus it will take only a short time to spend the money and get very little disinfecting out of it.

Quarantine Officers' Wages.

Superintendent Pitcairn testified that eight additional physicians are vaccinating for the bureau of health, at $2 a day. These, he said, would be paid out of the disinfection fund recently made available. He also said that there were 21 houses under quarantine in the city and that it requires two quarantine officers to each house, one by day and the other by night. These are paid at the rate of $2.50 a day, and he said the men employed are discharged or suspended policemen who have uniforms. The pay roll of the physicians and the quarantine officers will exceed $3,000 a month. Two months and a half of this, without counting disinfection expenses, would exhaust the fund, which it was hoped would pay disinfection expenses until February 31, 1903.

Superintendent Pitcairn also told the committee that Dr. A. E. McCandless is the examining physician at the bureau of health. The position pays $200 a month and the incumbent is said to be busy all the time.

The superintendent testified that a great many complaints are coming in regarding garbage collection, and gave it as his opinion that the Pittsburgh Reduction Company is not giving the service it ought to give. He said that the duty of the garbage inspector is to make personal inspection after these complaints and learn whether the contractors have made removal of the garbage.

Director George W. Wilson of the department of charities and corrections is the second head of a department to appear before any of the investigating committees. He seemed thoroughly conversant with the duties of his place and showed that he employs 30 people fewer in the department than the ordinance provides for. He made a number of recommendations for increases in salaries in his department, all being for employes at Marshalsea.

Explained Their Duties.

He explained to the committee the duty of every employe in his department and asked the committee to give him a stenographer, who will also act as clerk, at $75 a month. He said he could dispense with a position that is now paying $100 a month if given this $75 place. His recommendations for increases of salaries aggregate $2,346 a year, and he showed at the same time that he saves the city $5,300 a year under the ordinance providing for the department.

Marshall McClain, assistant superintendent of Schenley park, admitted to the committee that he knew nothing about trees, shrubs or flowers, but said that he had charge of the men who worked in various parts of the park. McClain served the city for some years as chief clerk of the bureau of construction, and also worked for a time in the office of the city treasurer.

The committee will meet again at 2 o'clock on Wednesday and will have before it the bureau of construction, the bureau of engineering and the bureau of deed registry.

The "yellow book" figured in the proceedings of the committee yesterday. Director Wilson said he had never been assessed for political purposes, but said he had contributed for 20 years to the Republican campaign fund. He said he did not know whether his employes contributed, but that if they did, he was convinced it was purely voluntary.

FOR YOUR WIFE'S SAKE

And for Your Own Sake, You Should Own an Angelus.

Probably your wife does not have time to play the piano nowadays as she did when she was a girl. No doubt her household and social duties do not permit of the practice necessary to the rendering of perfect music, and although she is very fond of music she is obliged to sacrifice this pleasure for the present. Chances are that she misses the music of her piano more than any other single thing associated with her early life.

This condition of affairs can be overcome very easily. Purchase an Angelus. Not only will it bring back the musical delights of her girlhood, but it will enable YOU to play the same pieces—and any others that may please your fancy. The significance of this is that the Angelus is the one piano player which enables the person operating it to play the piano with all the shading and coloring characteristic of the playing of the most accomplished pianists—such playing, in fact, as ordinarily requires years of patient practice to attain. The musical compositions of the entire world can be played on your piano if you have an Angelus. These include the great orchestral pieces as well as those originally written for the piano. The Angelus is absolutely the only piano player capable of this, for it is the only one that has an orchestral attachment.

Briefly summed up, the Angelus is the music marvel of the age. It is simplicity itself, and as any person can play the Angelus there is no reason why one of these splendid devices should not be in every household where music is appreciated. We wish you would come in and hear the Angelus, or write for a catalogue descriptive of it.

COLDEST JUNE 23 IN TWENTY YEARS

YESTERDAY'S WEATHER NEARLY ESTABLISHED A RECORD.

Minimum Was 50 Degrees and at No Time Did the Thermometer Get Above 65—Washington Forecast Is for Fair and Warmer Weather.

Pittsburgh yesterday experienced another specimen of the remarkable weather which now and again visits this section. A cool blast, which reminded one of the early winter, prevailed over this section, and the recollection of the oldest inhabitant was outdone, for it was the coldest June 23 known in Pittsburgh for the past 20 years. The worst of the cold wave, which has been gathering since last Thursday, is over, according to the forecast of the Washington weather observer, who predicts fair and warmer weather for today. For tomorrow he forecasts rain.

The atmosphere became cooler after daylight. Although the mercury made several attempts to move up it was just as often brought down again, and at no time during the day did it succeed in going higher than 65 degrees, which was the maximum temperature for the day. The minimum temperature occurred at 7 o'clock in the morning, when the thermometer hovered about the 50-degree mark. The minimum of 50 degrees yesterday was also the lowest minimum known in Pittsburgh on this date during the past 20 years.

During this period the records compiled at the local office of the United States weather bureau show that only once, and that was in 1885, the mercury went down to 51 degrees on June 23. It was also during June of that year that mercury took another flop downward and did not stop until it reached 47 degrees, making a record for low temperature during June.

The low maximum temperature of yesterday will also establish a new record for June 23, as the lowest maximum recorded during the past 20 years was in 1896, when the mercury never got above 70 degrees. The hottest day on June 23 during the past 10 years was in 1894, when all suffered under the extreme heat of 95 degrees. An examination of the records of the weather office show that June has in the past 20 years been rather warm, as in but few instances has the maximum temperature for any one day fallen lower than 80 degrees and often it has been between 85 and 95 degrees.

PEERS JOSTLED BY CORONATION CROWDS

Continued from First Page.

at the organ, and all the boys of Westminster, in scarlet cassocks, were stationed in their proper places ready to rehearse their shouts acclaiming the king and queen.

Although the processions were extremely dignified it was rather amusing to see the many great people concerned wearing make-believe trains. While the procession was forming the four duchesses had a rehearsal of carrying the golden canopy, which is really a lovely piece of workmanship. The duchess of Portland was wearing black lace over white silk. With her walked the young duchess of Marlborough, who was in gray and had entered the abbey with her sons, little Lord Blandford and Lord Ivor Spencer Churchill. The other two duchesses, their graces of Sutherland, who wore a pale silver gray and Montrose in mauve velvet, completed the quartet. When the procession was ready the organ pealed out the anthem "I Was Glad When They Said."

Lady Howard Plays Queen.

Lady Mary Howard, sister of the duke of Norfolk, represented Queen Alexandra on this occasion. She wore a long made-up train of the regulation length of 20 feet, which was carried by eight pages, all boys in Eton dress, with the duchess of Buccleuch at the extreme end of the train. She also wore a make-believe train, which was carried by her page.

Then came the supposed king's procession. Sir Spencer Ponsonby-Fane represented his majesty, with a long brown cloth train, and nearly all those who are to be in the king's procession were present. Amongst them I saw the duke of Devonshire, wearing his robes and coronet; the duke of Somerset, the duke of Grafton, who wore his coronet and a long linen robe; Lord Lucan, Lord Londonderry, carrying the sword of state; the duke of Norfolk, Lord Shrewsbury, who only carried his coronet and did not wear his robes; Lord Grey de Ruthven, carrying his coronet and an imaginary gold spur and walking with Lord Loudon, who carries the other spur; and the duke of Abercorn, wearing his robes and coronet. All were attended by their pages.

While the procession was very interesting, I am bound to confess that at present it sadly wants the supervision of a good stage manager.

The duke of Norfolk was very busy arranging the various parts of the service to be rehearsed. It sounded quite funny to hear him shouting out his various instructions.

Duke Leads the Shouting.

"The act of recognition" was the first to be rehearsed. Sir Spencer Ponsonby-Fane, preceded by the archbishop of Canterbury and the lord chancellor, were conducted to the four sides of the "theater," and at each the archbishop said:

"Sirs, I here present unto you King Edward, the undoubted king of this realm. Wherefore all you who are come this day to do your homage. Are you willing to do the same?"

Whereupon everybody shouted out, at the instigation of the duke of Norfolk: "God save King Edward."

After this the deputies of the king and queen were conducted to their chairs on the south side of the altar, where they are to kneel at their footstools while the Litany is sung.

The Litany was, of course, omitted today, but in the meanwhile those noblemen who carried the regalia came to the altar and each presented in order what he carried to the archbishop, who delivered them to the dean of Westminster, who placed them upon the altar. This being concluded, the rehearsal went on to the homage.

Sir Spencer Ponsonby-Fane was led to the throne and "lifted into it," as it is quaintly termed. Then the archbishop took the oath first, at the same time touching the crown, which was supposed to be on the deputy king's head, giving him an imaginary kiss on the left cheek.

Mr. Scott-Gatty, one of the heralds, represented the prince of Wales, who next made homage, and then came the duke of Norfolk as premier duke, Lord Shrewsbury as the premier earl, Lord Hereford, the premier viscount, and Lord de Roos, the premier baron. Lord Winchester, the premier marquis, was not present.

Dined at the Palace.

King Edward and Queen Alexandra gave a grand dinner party tonight at Buckingham palace to seventy royal personages who practically represented the sovereigns of all the monarchies of the world. The list of their majesties guests was headed by the czarewitch of Russia, who arrived in London this evening, and included an imposing array of princes and princesses and all the members of the British royal family.

Buckingham palace was beautifully decorated, and the bands of Grenadier and the Coldstream guards discoursed throughout the evening. The dinner was followed by a brilliant reception which was attended by the members of the suites of all the foreign potentates now in London.

BONDHOLDERS LOSE OLD CASE AT WASHINGTON

Supreme Court Denies Mortgage Rights in Irwin Plate Glass Fire Grant.

MORTGAGE WAS $250,000

Penn Plate Glass Co. and W. L. Kann Released from Claim of Bondholders—Strong Array of Legal Talent Contested With Tremendous Cost.

W. L. Kann, president of the Penn-American Plate Glass Company, yesterday received a decision from the United States supreme court at Washington, D. C., which releases his interest from a claim of bondholders made after the property of the Penn Plate Glass Company at Irwin, Pa., has been destroyed by fire in 1898. The Penn company has since merged with the American of Alexandria, Ind. The bonds, in the sum of $250,000, were covered by a mortgage issued by the Pennsylvania Plate Glass Company, which concern under receivership was sold to Mr. Kann and subsequently to the Penn Plate Glass Company.

The decision of the United States supreme court reverses a decision of Judge Buffington of the United States circuit court. Some of the best-known legal talent of the country was retained in the case. John G. Johnston of Philadelphia retained in the Frick-Carnegie suit was among the attorneys. He represented the contesting bondholders through their trustee.

Among other well-known attorneys retained in the case were S. Schoyer, Jr., and S. B. Schoyer of Pittsburgh, Bernard Carter of Baltimore, and Louis Marshall of Gugenheimer, Untermyer & Marshall of New York for the Penn Plate Glass Company, W. L. Kann and others; J. S. Ferguson of Pittsburgh and Herbert B. Turner of Turner, McClure & Ralston of New York for the representatives of the contesting bondholders.

Underwriters Granted $300,000.

The insurance grant of the underwriters at the destruction of the Irwin works was about $300,000. Subsequent to this all but holders of $90,000 of the bonds waived their claims. Under the decision of Judge Buffington, $120,000 was retained to cover the share of the holders of $90,000 bonds in the insurance and the court costs that far. Since then the court costs have accumulated to a tremendous aggregate, none in interest being able to fix the sum.

The case was styled Farmers Loan and Trust Company, trustee, petitioner, vs. Penn Plate Glass Company and W. L. Kann et al., and grew out of the foreclosure of a mortgage given by the Pennsylvania Plate Glass Company on their property at Irwin, Pa. This property passed into the hands of a receiver in 1894, and was bought at receiver's sale by W. L. Kann, who remained owner of the same about a year, when he sold the property to the Penn Plate Glass Company, a new corporation, which had no connection with the Pennsylvania Plate Glass Company, then in the hands of a receiver. Both W. L. Kann and the Penn Plate Glass Company denied any liability under the mortgage, having bought the property only subject to the mortgage, and they refused to insure for the benefit of the trustee.

They insured the property in their own name, setting this forth in their policies, and upon request to insure for the benefit of the trustee refused to do so.

A suit was commenced to foreclose the mortgage in July, 1896, and in the meantime the Penn Plate Glass Company had built up a prosperous business, had spent considerable money on improvements and was in a strong financial condition.

Plant Destroyed By Fire.

On April 12, 1898, long after a suit of foreclosure had been instituted, the property at Irwin was destroyed by fire. The trust company tried to tie up the insurance money. After considerable litigation the court appointed William Wertheimer, vice president of the Penn Plate Glass Company, receiver of the insurance moneys. Judge Buffington finally decided that the insurance was applicable to the bondholders in lieu of the mortgage debt. The Penn Plate Glass Company appealed from this decision, and Judge Buffington was reversed by the circuit court of appeals of the United States at Philadelphia. The trust company had the case taken to the supreme court of the United States by allowance of a writ of certiorari, and that court sustained the court of appeals, reversing Judge Buffington.

LAST COUNTY FIGHTS BEFORE CONVENTION

Results of Contests in Butler, Clarion and Dauphin—Center's Boom for Woodward.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BUTLER, PA., June 23.—The Democratic convention was held here today. John K. Holland was made temporary chairman and John R. Henninger permanent chairman.

Resolutions were adopted indorsing Robert E. Pattison for governor.

CLARION, PA., June 23.—(Special.)—The Democratic county convention was held here this afternoon. The convention indorsed George Yonkers of this county for congress, with power to appoint his own conferees. J. K. Hall of Elk county received the indorsement of the county for congress. L. P. Armer and J. F. Hoy, who is now a member of the legislature from this county, were nominated for assembly.

CLEARFIELD, PA., June 23.—(Special.)—The returns from the Democratic primaries here on Saturday are slow in coming in. Dr. F. B. Reed and Green F. Bell will be the nominees for assembly. Balke W. McCracken, for county treasurer; B. F. Wilheim and probably T. N. Crick for county commissioners.

BELLEFONTE, PA., June 23.—(Special.)—The Center county Democrats mean to push Col. John A. Woodward's boom for governor for all it is worth, and stick to him until the end. A large delegation left here this evening for Erie, including Col. J. L. Spangler, Senator W. C. Heinle, Editor P. Gray Meek, ex-Representative Robert M. Foster, County Chairman John J. Bower and others.

HARRISBURG, June 23.—The Democratic county committee met this morning and elected W. S. Thomas chairman. Delegates to the Erie convention were elected as follows: First district, W. S. Thomas, B. F. Meyers, Howard Holstein; Second district, J. F. Klugh, Albert Smith and J. D. Peipper. They are uninstructed but said to favor James Kerr, after Mayor Vance McCormick is out of the race for governor.

W. & J. SENIORS PASS THE SPOON

ONE OF THE CHIEF FEATURES OF THE CLASS DAY EXERCISES.

President and Mrs. Moffat Receive the Graduating Class and Their Friends. Evening Festivities Close With Annual Banquet.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., June 23.—The second day's exercises of commencement at Washington and Jefferson college were numerous and interesting. The annual class day exercises were held this afternoon at 1:30 o'clock in the college gymnasium. The attendance was the largest in the history of the college. The entire senior class of 54 members occupied seats on the stage and the performers were these: Master of ceremonies, Albert P. Weitzel, Allegheny; orators, William R. Craig, Claysville, and William E. Ralston, Wilkinsburg; historian, John S. Kunkle, Saltsburg; donor of souvenirs, Edward R. Smith, Washington; prophet, Frederick W. Evans, McKeesport; poet, Roy M. Allison, Bopedale, O.; artist, Earl C. Cleeland, Butler; knocker, Samuel H. Bradshaw, Washington.

A feature of the class day exercises was the presentation of the senior spoon to the junior class by the spoon orator, William E. Ralston. This spoon is several feet in length and has been handed down from senior class to senior class for many years, and the presentation of the spoon is one of the sacred customs of the graduating exercises. The spoon was received for the class of 1903 by Arthur B. Loucks of Scottdale.

Tonight, beginning at 9:30, the annual reception of President Moffat and Mrs. Moffat to the graduating class, their friends, and visiting alumni was held in the main college building, which was prettily decorated for the occasion.

Immediately after the president's reception the annual banquet of the senior class was held. The toastmaster was Benton R. Hough of Greensburg. Many of the members of the class responded to toasts.

Tomorrow will be alumni day. The reunion of Washington college class of 1862 will be held in the First Presbyterian church on East Wheeling street at 2 o'clock tomorrow afternoon. The history of the class will be read by S. L. Jepson, M. D., of Wheeling, W. Va., who will preside.

The headquarters of the alumni will be at the main college building, where a reception committee composed of prominent town alumni will receive during the day.

KERR'S BOOM ON THE BRINK OF OBLIVION

Continued from First Page.

county Democrats were for Hall, but he is out, and Pattison will suit us. I would like to see George W. Guthrie of Pittsburgh take second place. That would be a winning combination—Pattison and Guthrie."

There are many who favor John B. Head of Westmoreland for lieutenant governor. Ex-State Chairman John S. Rilling is booming this idea.

British Flag Trampled Upon.

The most sensational incident of the day was the act of an Allegheny county delegate, who, seeing a British flag draped above the picture of George W. Guthrie, in the corridor of the Reed house, tore down the Union Jack and made of it a footmat. He was applauded by Timothy O'Leary, Jr., and others. When asked if he had any part in the act O'Leary said: "No; the other fellow saw it first. That's all that kept me out of it. God save Ireland."

It has been decided that Col. Frank Fitzsimmons of Scranton, one of the most eloquent of the party's orators in Pennsylvania, will present Pattison's name to the convention.

It is certain that the convention will refuse to grant the request of Philadelphia to seat 60 instead of the 29 delegates to which it is entitled under the rules. The country leaders are unanimous on this point, and, as one of these emphatically put it this afternoon: "Philadelphia will get either 29 or 15. It is not entitled under the rules to more than 15, and as this is a case of the county against the city, I am in favor of making no concessions to the Wanamaker Democracy."

Frosty in the Literal Sense.

While this convention may result in a few cases of heart failure, there will be no sunstrokes. The mercury sagged yesterday, and it is jockeying for place tonight with Jack Frost. It's a shivering, unhappy crowd. The majority thought the occasion a good one to make a Panama showing, but they neglected to bring overcoats. There has been a unanimous change of headgear, and those who could not borrow overcoats bought them.

The busiest people in Erie are the barkeepers, and the brass band takes second place by a neck.

Gov. Pattison is supremely confident tonight. He is not saying anything for publication. Since his arrival there has been a steady stream of visitors, delegates and citizens, passing through the governor's rooms. He has only time for a handshake, so great is the crush.

At the Kerr headquarters it is all gloom. Gordon, Orr and their lieutenants from Philadelphia and Clearfield are doing the "consolation" turn, and wondering why their "uprising" failed to rise.

BOTH PARTIES ARE COMMITTED TO STATEHOOD

Quay Produces Their Records Made in the National Conventions.

STRONG SPEECH FOR BILL

His Motion to Take the Measure Out of Committee's Hands Will Reach a Vote Today—Senator Says the Result Will Be Close.

THE PITTSBURGH GAZETTE BUREAU,
608 Fifteenth St., N. W.,
WASHINGTON, D. C., June 23.

In the senate this afternoon Senator Quay renewed his contest to have the committee on territories discharged from further consideration of the omnibus statehood bill and that the senate proceed at once to its consideration. As soon as the motion had been stated by the chair Senator Quay took the floor and read a carefully-prepared speech on the subject, showing that it was the duty of the senate to pass at once this bill admitting Arizona, New Mexico and Oklahoma into the union as the people in 1900 had unanimously voted in favor of such admission.

At the outset the senator quoted from the records of the senate for nearly 30 years to show that there were precedents for a motion to discharge a committee from further consideration of a given subject. Sometimes the motion had prevailed and at other times it had failed; but at no time was it regarded as a breach of senatorial courtesy to make such a motion, nor was it drastic to do so.

The senator asserted that in the national convention of 1896 there were 15 Republican senators as delegates who voted for the territorial plank of the platform, and to the amusement of the senators he named them. Then, in the Republican national convention of 1900 there were 20 Republican senators as delegates, including Chairman Beveridge of the committee on territories, who is now opposing the bill, and the present chief magistrate, President Roosevelt. All had voted for the plank of the platform to admit the three territories named. The Democratic national convention of 1900, which followed, numbered 12 Democratic senators among the delegates, including National Chairman Jones. All voted for the territorial plank, and incidentally voted for a clause criticising the Republicans for not admitting the three territories.

As the house had passed the bill almost unanimously, as the president is in favor of admitting the territories, and as the present senate contains 32 senators who had voted in their party conventions to admit these territories, Senator Quay argued that it was the duty of the senate to at once admit them.

A lively debate followed, participated in by Senators Beveridge, Foraker, Bailey and Bate, but before a vote could be secured the morning hour expired and the subject had to give way to a special order. It will come up again tomorrow.

Senator Quay said tonight he could not tell how the vote would stand, but that it would be very close.

Paine's Celery Compound!

DR. PHELPS'
Wonder-Working Medical Prescription.

Mrs. Jennie H. Steele Says:
"I Feel That it Has Saved My Life."

Paine's Celery Compound is the world's great leading medicine and life saver. It has no equal for feeding exhausted nerves; it stands first as a builder of the weak and shattered nervous system.

Paine's Celery Compound has long ago proved its power as a banisher of dyspepsia, rheumatism, neuralgia, kidney disease, liver complaint and as a purifier of the blood. Thousands of men and women, tired out, sleepless, nervous, morose and despondent, have been given perfect health, strength and buoyancy of spirits through the well-advised use of Paine's Celery Compound. It has given a new and happy life to a vast number of people who were tired of life and suffering.

If your health is impaired; if you are burdened with any weakening or painful malady, use Paine's Celery Compound today; it is specially adapted for your case; it will make you well and strong. Mrs. Jennie H. Steele, Vaughns, Ga., writes thus:

"I have suffered for ten years with what the doctors call neuralgia of the liver, and never had any relief from their medicines or anything else until I began using Paine's Celery Compound. I have taken about three bottles and have not suffered any since I first began to take it. I feel that it has saved my life, and hope all who suffer as I have will give Paine's Celery Compound a trial."

EMBERS WAGED IERCE FIGHT IN COMMON COUNCIL

Disappearance of a Document Offered as Evidence Finally Explained.

WATER COMMITTEE'S FIND

It Recommends That Mains in the Downtown District Be Renewed at Once and That Meters Be Adopted. Economy Is Urged.

For nearly two hours last night common council battled over an attempt to get from John Uppeman, select councilman from the Fifteenth ward, the copy of a paper which purported to be a contract between Keeling & Ridge and A. L. Schulz. The paper was presented before the water investigating committee, and the question was whether it was presented as an exhibit. After the two hours of debate it was discovered that Mr. Upperman had changed his mind and would hand the paper over to the committee.

The report of the water investigating committee was presented to common council at its special meeting last night by Chairman W. S. Woods of the Twenty-second ward, and was adopted after a great deal of debate, the machine members voting to a man against the adoption, and the reform members supporting it, with the result that the report was adopted by a vote of 24 to 11. Henry Lamb of the Eleventh ward, a reform member, objected to one of the recommendations in the report, and refused to vote.

The water committee was appointed virtue of a joint resolution to investigate the water supply of Pittsburgh and the threatened shortage thereof. In its report last night, the committee recited its meetings, the testimony taken, its findings of fact and then made six recommendations. The report commended Superintendent A. B. Shepherd of the water bureau for his ability, his courtesy, and his thorough knowledge of the affairs of his bureau. It neither denounced nor praised Director J. Guy McCandless, further than to say he secured his alarming ideas about a water shortage from Superintendent Shepherd, but that the famous proclamation concerning a water shortage was issued without the knowledge of Mr. Shepherd.

Specifications Not Followed.

The report also showed that there had been a lapse from the specifications on the Highland reservoir No. 2 contract, [illegible] this lapse had not been corrected. It showed that Keeling & Ridge [illegible] John G. Trimble as engineer in charge of the work on the reservoir. The committee stated in its report that the water furnished the people of the South Side by the Monongahela Water Company is inadequate in volume, is bad to the taste, smells vile, is not fit for domestic use and that the mains and pipes of the company are rotten and unfit for use. The committee makes recommendations for bettering this water service.

The recommendations made by the committee concerning the water service are as follows:

"That the pipes or mains in the downtown district be renewed at once, and larger mains laid and more fire hydrants installed so as to give a greater volume of water; and further that the work in connection therewith be done promptly; in the contract for same be made a provision requiring that the work be fully completed so that all new mains will be ready to receive the water upon the installation of the new engine and pumps at the pumping station next year.

"That a system of meters be installed and the water sold by meter throughout the city.

"That until at least the installation of the new pumps the public use the water economically.

"That the proper authorities take such action as provided by law to prevent the willful waste of water.

"The early completion of Highland reservoir No. 2.

"That more fire hydrants be placed in the South Side district, and that a better quality and volume of water be supplied and that further extension of lines be made and more continuous service be given."

The report is signed by W. S. Woods, Dr. J. P. Shaw, and W. J. Zahniser, and J. C. Wasson will do the same upon his return from Europe.

The Document Was Missing.

In making his motion for the adoption of the report Mr. Woods said that a paper which purported to be a copy of a contract between Keeling & Ridge and A. L. Schultz had been offered in evidence and that it had been in the hands of Clerk W. C. Gearing; that Mr. Gearing had refused to give it to him; that council take such action as shall compel the production of this paper, as the report is incomplete without it. Clerk Gearing was asked to make a statement, and did so, explaining that Patrick Ridge, who was before the committee had testified to the existence of a contract with Mr. Schultz, and that John Upperman had showed him a paper and asked him if that was a copy of the contract. Mr. Schultz said it was, and Mr. Woods then asked Gearing to read it. Gearing did so, and the contract passed from hand to hand, until Mr. Upperman had it again. At the close of this particular meeting the stenographer had asked Clerk Gearing to get the paper, as she wanted to verify her notes from it.

Gearing did secure the paper, Mr. Upperman telling him that it was private property, which he would loan to Gearing with the understanding that it be returned to him and to no other person, and that he would hold Gearing personally responsible for the return of the paper. Gearing said for that reason he could give the paper to no one without Mr. Upperman's consent, as it had not been presented as an exhibit. When Messrs. Woods and Shaw of the committee demanded the paper from Gearing he called Upperman up by telephone and Upperman charged Gearing not to give it to anyone but himself.

At the close of this statement the question was argued. Messrs. Armstrong, Brand, Lamb and others indorsed the position of Mr. Woods. When the debate was at its highest the information was conveyed to Mr. Woods that Mr. Upperman would give this paper to the committee, and the fight suddenly stopped, and was then renewed on the question of the adoption of the report. The machine fought it bitterly, but the report was adopted.

Controller's Ordinances Passed.

The ordinances putting into effect Controller John B. Larkin's revenue recommendations were passed finally by the branch as follows: Ordinance providing for four revenue officers; ordinance for the appointment of a dockmaster and assistant dockmaster, and fixing their salaries; ordinance providing for weighing of coal on city scales; ordinance providing for a city gauger and deputy, and fixing their salaries. The machine fought these and they passed on a strict party vote.

Gebhart Sahner of the Twenty-seventh ward introduced and council adopted a resolution protesting against the vacation of Welsh way in that ward caused by the Pittsburgh, Virginia & Charleston railroad in cutting off all outlet from this thoroughfare, and instructing the director of public works to have the matter remedied.

On the initiative of John F. Semmelrock a joint resolution was passed and a committee appointed to confer with the officials of the Pittsburgh, Virginia & Charleston railroad in order to have the overhead bridges used by this railroad equipped with floors to prevent accident. As the common council members of this committee President C. S. Crawford appointed Messrs. Semmelrock, O'Brien and Lewis.

On the call of the wards the following papers were introduced: For grading, paving and curbing of Bellefield avenue; grading of Rosetta street; grading, paving and curbing of Columbo street; for the grading, paving and curbing of Overman alley; locating Shetland street, Penfield avenue and Albemarle street; for a 15-inch pipe sewer on Yoder street and one on Washington street.

W. H. Barker of the Twenty-third ward introduced an ordinance providing for the erection of stand-pipes in high buildings for fire protection. This ordinance was introduced in select council some time ago, but the title was defective, and this ordinance takes the place of it.

TICKET NOT COMPLETE.

Citizens Committee of 32 Met Yesterday—Democrats Object to Nomination of Strawbridge.

The Citizens committee of 32 held a special meeting in Stalwart Republican headquarters yesterday afternoon to complete the Citizens fusion ticket. Two candidates are yet to be selected, one for the Fifth legislative district of Pittsburgh and the other for the Second legislative district of Allegheny.

The meeting yesterday was largely attended, about 24 out of the 32 members being present. The first business transacted was to receive a formal communication of complaint from the Democratic conference committee protesting against placing the name of Attorney Ralph M. Strawbridge on the ticket.

The communication was in the form of resolutions passed at the meeting of the Democratic conference committee some days ago. No reasons were given for the objection to Mr. Strawbridge. It was stated, however, that the principal objection is that he is practically a newcomer in Pittsburgh. He has only been a resident of the city for four or five years.

After discussing the matter for some time the decision was reached to refer the matter of selecting another candidate to the sub-committee of 10 of the Citizens general committee. This committee was instructed to confer with the Democratic conference committee and report back. This conference will probably be held next Thursday, when the Democrats return from Erie.

Henry Nichols, it was authoritatively stated last night, is slated to take the place of Attorney Strawbridge as the candidate for the legislature in the Fifth district. Nichols is a member of common council from the Sixteenth ward and it is claimed he will make a strong candidate for the place.

SECOND TERM FOR GRIER.

Renominated by the President to Be Postmaster in Allegheny—Other Appointments.

WASHINGTON, D. C., June 23.—The president today sent to the senate the nomination of James A. Grier for reappointment as postmaster of Allegheny, Pa.

Accompanying Mr. Grier's nomination were those of the following Pennsylvania postmasters: Richard M. Hunt, Houtzdale; Samuel Keat, Pen Argyle; Allen P. Dickey, Waynesburg; Harry C. Smith, West Chester.

These fourth-class postmasters were appointed today: Pennsylvania—Elbinsville, Bedford county, H. P. Perry; Keawany, Bedford county, R. H. Kay. West Virginia—Big Moses, Tyler county, C. A. Galloway; Locke, Tyler county, A. C. Fish.

Representative Showalter has had the name of the postoffice Dewey, in Butler county, changed to Marwood.

These new postoffices have been established: Tuley, Indiana county, Pa., Daniel Tineblin, postmaster; Hopkins, Wayne county, W. Va., John A. Bartram, postmaster.

The offices at Cotter, McKean county; Mohawk, Crawford county, Pa., and Richville, Stark county, O., will be discontinued June 30.

CANVASS FAVORS PANAMA

House Likely to Agree to Senate Amendment For That Route, With a Time String to It.

WASHINGTON, D. C., June 23.—At the opening conference on the isthmian canal bill, the house conferees appeared at the appointed time, but through misunderstanding the senate conferees were not on hand, and the meeting went over until tomorrow.

The friends of the Panama project have been making a canvass of the strength of the senate amendment in the house, and are confident that a motion to concur can command a majority. This, however, may become complicated by propositions to attach conditions to the concurrence, one of the conditions under discussion being a time limit for the period of negotiation to secure the perfected title.

CARE OF SICK SEAMEN.

For Pittsburgh, Uncle Sam Gives Contract to Mercy Hospital.

WASHINGTON, D. C., June 23.—(Special.)—Surgeon General Wyman of the marine hospital service has awarded the contracts for the care of seamen during the next fiscal year. The local contracts are as follows:

Pittsburgh—Medical attendance to be furnished by a medical officer of the marine hospital service. Mercy hospital to furnish quarters, subsistence, nursing and medicines at 94 cents a day; contagious diseases, $2 a day; Burns & Gilfinan to provide for the burial of deceased patients at $15 each.

Wheeling—Medical attendance to be furnished by an acting assistant surgeon; the Wheeling Hospital and Orphans Asylum to furnish quarters, subsistence, nursing and medicines at 75 cents a day; C. H. Watkins, Jr. & Co. to provide for the burial of deceased patients at $15 each.

Gallipolis—Medical attendance to be furnished by an acting assistant surgeon; Harriet J. Kinder to furnish quarters, subsistence and nursing at $1 a day; contagious diseases, $2 a day, and to provide office quarters for the acting assistant surgeon at $12 a month. Patients who require hospital treatment and whose condition, in the opinion of the acting assistant surgeon, will permit their transportation with perfect safety, will be sent to the Marine hospital at Cincinnati.

Erie—The medical attendance to be furnished by an acting assistant surgeon; the Hamot Hospital association to furnish quarters, subsistence, nursing and medicines at $1 a day.

THE REPUBLICAN PARTY IN SHAPE FOR A CAMPAIGN

Has Kept Its Pledges and Cannot Be Placed Upon the Defensive.

TROUBLES WITH FACTIONS

Congressional Chairman Babcock Says Not a Seat Will Be Lost Through Reciprocity Controversy. Fingers Burned on Army.

THE PITTSBURGH GAZETTE BUREAU,
603 Fifteenth St., N. W.,
WASHINGTON, D. C., June 23.

The headquarters of the Republican congressional campaign committee will be opened in New York about the middle of July. Chairman Babcock and Secretary Overstreet will take up their quarters there, and the fall campaign for the election of the Fifty-eighth congress will be on.

"There is not a single question to be discussed on which the Republican party can be put on the defensive," declared Mr. Babcock today, in discussing the political outlook of his party. "The Democrats at first seemed inclined to take up the Philippine question, but I imagine they have scorched their fingers already, and future attacks on the army, particularly before the people, doubtless will not be indulged in.

"The Republican party has kept all of its pledges, and, looking at the campaign as a whole, there is no reason for doubt or discouragement. There are, of course, several state factional fights which will require careful attention. It will be the aim of the committee now, as it has been in the past, to separate the congressional and state campaigns in such states.

"The nomination of Judge Pennypacker in Pennsylvania undoubtedly has obviated what looked like a split in the Republican forces in that state and indicates a Republican delegation of 28 from that grand and reliable old rock of Republicanism.

"The fall campaign is essentially one of local conditions. In this connection the coal strike may be mentioned. A strike is always a cause of apprehension in politics. There is danger of political developments and it can never be predicted in advance what these developments might be.

"Cuban reciprocity cannot be manipulated as a campaign argument against the Republican party in the campaign. Cuban reciprocity is an administration proposition. The house passed the Cuban bill. At the same time the members of that body from beet sugar sections of the country made a record on which they go before their constituents without fear or trembling. While Cuban reciprocity has so far failed in the senate, that failure cannot be charged to dereliction of duty on the part of the house. There is nothing to indicate that Cuban reciprocity will cause the loss to the Republicans of a single seat in the house."

The reapportionment of the country under the twelfth census, under which the next congress will be elected, has been a subject of careful calculation by the congressional committee. Mr. Babcock has estimated that the Democrats gained an advantage of eight members through the passage of the apportionment act. However, the Republicans have doubly made this up in the redistricting of states.

IMMIGRATION RESTRICTIONS.

Senator Penrose Reports Bill Probably Too Late for This Session.

WASHINGTON, D. C., June 23.—Senator Penrose, from the committee on immigration, today reported the general immigration bill. There are numerous amendments in addition to the amendment changing the educational test. Among these is one increasing the head tax on immigrants to $3 and extending it to immigrants coming in overland, which is to be paid by the transportation companies carrying the immigrants. The time for the deportation of objectionable immigrants is extended from one to three years after landing, and the transportation companies bringing in such objectionable persons are required to pay half the land transportation where the immigrants have left the seaboard. There are also increased restrictions on the importation of anarchists and insane and diseased persons, and also on the bringing in of contract labor. Under the latter heading the influencing of aliens by promising work to them is prohibited.

Senator Penrose says he will make an early effort to gain consideration for the bill, but because of the radical changes made and the probability of early final adjournment the result is doubtful.

THE PENSION ROLL.

WASHINGTON, D. C., June 23.—The following pensions were granted today:

Pennsylvania—Frank S. Sawdey, Gillett $17; John O. Womer, Hill, $12; John Moyer, Huntingdon Mills, $12; Benjamin Henderson, Gastown, $12; George Rime, Lewisburg, $10; Jacob Lohr, Garrett, $12; Philip Taylor, Elkland, $24; James S. Duncan, Oil City, $8; John Felt, Indiana, $8; John H. Seitzer, Williamsport, $12; Henry A. Fisher, Deckers Point, $12; Joseph Ford, Plum, $6; James N. Shaw, Stone Ridge, $10; John A. Cook, Irwin, $10; Nancy Leaoch, Spartansburg, $8; Vantz, Dalzell, $8; Jesse McKinney, Minersville, $8.

Ohio—John H. Mangan, Lakewood, $8; Peter Vantz, Dalzell, $8; Businessburg, $12; Jesse McKinney, Minersville, $8.

West Virginia—Abner Vernon, Mt. Hope, $6; Henry Grim, Tunnellton, $12; Joseph Amos, Grangeville, $8; William Helmick, Troy, $10.

NATIONAL CAPITAL NOTES.

The English and Scotch iron and steel manufacturers, who recently visited Pittsburgh, are in Washington.

Admiral Dewey has been summoned to appear before the senate committee on the Philippines Thursday.

President Roosevelt has vetoed the bill removing the charge of desertion from the record of Ephraim H. Gallion, who served in a Tennessee volunteer regiment during the Civil war.

Colonel Baldwin, commanding the troops in the field in Mindanao Island, reports that the Moros are conferring with the Americans. The sultan is urging friendship, but two chiefs remain stubborn.

The bill for the amendment of the bankruptcy law, which has passed the house, and is now before the senate committee on the judiciary, will not receive further consideration this session.

The District supreme court has ordered that the restraining order issued by the late Judge Bradley against the postmaster general, prohibiting the latter from charging third-class postage rates against a number of publications, be continued until a further hearing.

Capt. Hines Acquitted.

PLATTSBURG, N. Y., June 23.—Capt. John L. Hines, quartermaster of the Twenty-third United States infantry, who was tried last week on a charge of conduct prejudicial to good order and military discipline, has been honorably acquitted. It was charged that he ordered Private Penlow strung up by the thumbs to make him name his accomplices in a robbery in the Philippines.

A TRUSS THAT FITS AND 40 TO 50 PER CENT SAVED!

If you need a truss there's no advantage to be gained by paying double our prices. Our trusses are all made along the most scientific lines, by manufacturers who have devoted years to the complete mastery of this work, and are the identical trusses being offered in other stores at 40 to 50% higher prices.

If your case demands a particular style truss not embraced in our stock we will MAKE ONE TO YOUR MEASURE that will not only free you from all pain and misery, but eventually result in a positive, permanent cure.

We are qualified to give you the very best satisfaction, being fully enforced with truss fitters who have become experts in their profession. The men and women attendants in their respective departments eliminate all disagreeable and embarrassing features in the execution of your order.

The great price range insures your finding the grade you desire, while the quality and durability of each truss—no matter how remarkably low the price—is a guarantee that the truss will wear well and prove a good investment.

The $1.25, $1.75, $2.00 or $2.50 truss has received the same careful attention and expert workmanship as the best $15 truss in the house.

NO CHARGE MADE FOR FITTING.

The Eagle and the Fourth.

If that fine old bird doesn't do himself proud on Independence Day it will be because he has no incentive to let himself out.

Nothing like a big American Bunting Flag to give the Eagle a start, although he has been known to take the hint from a neat small Silk Flag.

Best Silk Flags made are ready, and so are the best Bunting Flags.

It is a great event to have the President of this great country visit us—it is a still greater event when he comes on the day the Eagle is at home.

Buy your flags now.

Ribbon Short-Ends—Half Less for Some, Two-Thirds Less for Others.

An epigrammatist says: "If you want to be sure of getting a bargain, go where they sell good goods and pay the price."

Advice of the very best sort. Anything we sell here is a bargain at the first price When the time comes to cut prices, the articles cut become immense bargains.

Thus with these Ribbons today—thousands of ends—¾ of a yard up to 2 yards—ends of our very best selling Ribbons.

Plain Taffetas, Stripes and Checks, Satin Liberties and Velvet Ribbons.

Ribbons suitable for about any purpose that can be named.

Challis, 35c a Yard.

For that grade we have received right along 50c.

Another grade that has sold for 75c now marked 45c a yard.

All through the year there is use for Challis—women know that well enough. Quite evident yesterday from the rush for this Challis.

But you don't always have the imported kind set before you with such liberal reductions.

The colors in this are very beautiful, as most foreign Challis always is.

If you have a notion for some American Challis we have the nicest kind of weaves for 25c a yard.

New Pongee Coats.

Styles: Monte Carlo and Ulster.

We have only to say that these coats are here and that they go faster than we can get them.

There never was such a rage for any material as there has been lately for pongee.

The coats are so simple that women can wear them most anywhere, and yet, being made of silk, have a certain elegance and grace that are absent in other materials.

Two effects in Monte Carlo:

One with three box pleats in back and front; flat collar of cream canvas cloth; two small shoulder capes of pongee; bell-shaped sleeves finished with band of canvas. $18.

The other effect: Box back with double box pleat falling from neck; flat collar and double shoulder capes, both stitched solidly; full sleeves pleated to fitted cuff. $22.

Two styles Ulsters:

One with half-fitted back and double-breasted front; large sailor collar; full sleeves finished at wrist with small cuff. $25.

The other has double-breasted front, full box back, with belt; triple shoulder capes and bell-shaped sleeves. $25.

For traveling or for driving as admirable as any coat ever planned.

Ladies' Tailored Suits, Skirts and Jackets Underprice.

Ha! Wasn't the little jacket and the medium heavy skirt comfortable yesterday? Rather comfortable for the past week, weren't they?

And to think you can buy Tailored Suits and Skirts and stylish Jackets now so very much underprice to what they were earlier in the season.

Specimens:

Tailored Suits in various styles and various materials—Blouse, Eton and Maxim effects in cheviots and venetians—entirely silk lined—a $9.75 group representing best styles that were $15 to $18.50; a $12.50 group full of Summer style that were $20 to $25; a $17.50 group, highest class of tailoring, that were $30 and $35.

Walking Skirts for $5 and $8. A great snap. Those at $5 are 9-gore flare, all wool cloths; tan, gray, oxford and black.

Those at $8 are side-pleated effects in cheviot, wool crash and Scotch Suiting—13-gore flare and beautifully tailored.

Tan Covert Jackets at $5. Natty little things admirably made of American covert, finished with velvet collar. $5.

At $15, little coats of English Covert, the newest fly-front effect in the correct 19-inch length. All seams strapped, silk lined throughout. Many of these are $20 and $22.50 values.

Those Shirtwaist Suits for $3.50.

Ordinarily we wouldn't waste words on a $3.50 Suit—of any kind.

But these are not $3.50 Suits. They were made to sell for $5, and are so well made, and so good in every way, that many stores with elastic consciences would think nothing of, say, $7.50 for them.

Really we didn't want them, but the road man was so insistent that we said yes—and now we are very glad we said it.

The samples gave splendid evidence of neat work and we hardly hoped the regular suits would be up to the mark. But, would you believe it, for once the Suits beat the samples—there is a lot of dignity to each suit that we didn't find in the specimens.

Chambray, pink, light blue, rose, tan, green and gray; some of the suits with white vest, bishop sleeves and flounce skirt; others finished with self bands piped with white, cuffs and collar and top of flounce also trimmed with bands to match waist.

Lively Silk Selling Yesterday.

Because the news was the best Silk news of the season—because it is generally understood that a bargain in this house is worth two anywhere else.

For today fresh colored Silks full of summery brightness, and fresh Black Silks that make up charmingly, especially the Grenadines.

Colored Silks.

Best quality Corded Habutai Wash Silks for 35c a yard. A liberal concession—just when wash silks are most used.

Printed Foulards and Printed Liberty Satins—colors and designs as summery as women could wish, including the favorite little polka dot in navy and white and black and white—85c and $1 grades for 50c a yard.

$1.25 a yard Printed Warp Louisine, an excellent weave with iridescent grounds overspread with white cannele stripe; correct for either waist or entire dress; 85c a yard.

Black Silks.

A 50c grade of 27-inch Plain Black Jap. Silk—about 1,500 yards—for 38c a yard. Note particularly the width.

Black Grenadines—another Skirt and Dress Length Sale—various lengths left from recent big sales, 4, 5, 6, 7 and 8 yards—former prices $1.50, $1.75 and $2—now 85c a yard.

Black Surah Silk that is washable. Nice for bathing suits. Water has no effect on its soft, rich finish. $1 and $1.50 a yard.

And there are any number of other equally underpriced values among the Silks.

Handy Household Things Made of Wire.

German Plate and Dish Covers—oval and round. These are japanned.

Oval, 25c, 30c, 35c.

Round, 10c, 15c, 20c, 25c, 30c, 35c, 40c.

Extra heavy plain Wire Dish Covers, $1 each.

Another lot of those Wire Baskets for burning, in the yard, waste paper. Big head—the fellow that got the patent on that. Hardly had the first lot in till it was taken. Two sizes, $1.50 and $4.50.

CITIZENS READY TO GIVE WABASH A FRANCHISE

Reform Members of Councils Have the Glad Hand for the New Railroad.

NO ORDINANCE PRESENTED

Talk of Machine Members Is Inconsistent--Chief Engineer Patterson Says a New Franchise Ordinance Will Be Introduced.

The Citizens party members of Pittsburgh councils favor the passage of an ordinance giving the Pittsburgh, Carnegie & Western railroad, otherwise the Wabash, an entrance into the city. If introduced in common council it will pass that branch at once. Citizens party leaders in councils favor any legislation that will relieve freight congestion in Pittsburgh.

Chairman W. H. Stevenson of the finance committee is much in favor of giving the Wabash a franchise and says he will support such an ordinance. The platform on which the reform candidates for councils made such a successful campaign practically guaranteed an entrance to the Wabash.

It was rumored in city hall yesterday that a resolution might be introduced instructing the city solicitor not to appeal the question of city jurisdiction in the matter, and to allow the Wabash to come in without a franchise if it sees fit to do that. No one could be found yesterday connected with councils who had heard of such a resolution. While City Solicitor Thomas D. Carnahan is not discussing the matter, it is known that if councils adopted such a resolution, and City Recorder Brown signed it, he would drop the matter.

Favors the Wabash.

"I am in favor of the entrance of the Wabash into Pittsburgh," said Mr. Stevenson yesterday. "As a member of councils I know nothing about the Wabash. That road has not asked city councils for a franchise. If they want an entrance, why do they not ask for it? If an ordinance granting a franchise to the Wabash is introduced in common council, I will support it, and I am confident that it would be passed at once by the common branch. The platform on which the reform candidates for council stood promised their support to the relief of freight congestion in Pittsburgh, and the entrance of the Wabash would certainly tend to relieve that.

"There has been a great deal of discussion concerning the Wabash railroad and its entrance into the city of Pittsburgh, but the new councils have been organized and doing business for three months, and I certainly have not seen any ordinance giving them a franchise. There was such an ordinance in the old councils, and it was held up in the committee on corporations. The machine successfully defeated its passage, not giving the members of councils even an opportunity to go on record either for or against it.

"Now the machine talks of passing the ordinance, and one of them at least wants the pleasure of introducing it. The machine had abundant opportunity to pass it in the old councils, which it controlled, but did not pass it. Now, when they see that it is bound to pass here if once introduced, they suddenly line up in favor of it. If the Wabash needs a Pittsburgh franchise, and wants one, let them come and ask for it. I am ready to support a franchise ordinance."

Will Present New Ordinance.

James W. Patterson, chief engineer in charge of the Wabash interests in Pittsburgh, declared yesterday that the Wabash is anxious to present a new franchise ordinance to councils as soon as the appeal to the United States court is out of the road. This appeal was taken from the decision in common pleas court which denied the restraining order asked by the city against the Wabash interests doing certain work within the city limit.

"The Wabash wants to come in under proper regulations of the city government," said Mr. Patterson, "regardless of whether or not we claim the right to come in without the proposed franchise ordinance. We hope that the appeal of the city will soon be withdrawn and then our solicitor, Attorney A. M. Neeper, will be ready with a new ordinance for councils.

"The injunction proceedings and the appeal from the decision in our favor were instituted, I believe, at the instance of a machine element in councils by City Attorney Clarence Burleigh. While W. H. Rodgers was city attorney we asked him to withdraw the appeal to facilitate matters for us, but he hesitated, declaring that he was in no better favor with 'these people' than we."

At a question as to whether or not it is true that it was a machine crowd forming the sub-committee of the corporation committee, which openly delayed action on the old Wabash ordinance about a year ago, Mr. Patterson said:

Reformers Were Ready.

"Yes, I believe that is the case. At any rate we know that the ordinance was never reported favorably to councils and then came the suit decided for us and the appeal which has delayed matters."

"Was not the Citizens party element in councils ready to foster the ordinance?"

"I have no doubt of it," said Mr. Patterson.

"According to reports today, Mr. Patterson, Chairman Lambie of select council has come forward with an olive branch for the Wabash. Why is that?"

"O, I don't know, but we will be glad to have Mr. Lambie and any of his supporters along."

Joseph Ramsey, Jr., the Pittsburgh 'boy,' who, as president of the Wabash and formerly as vice president and general manager, has for nearly a score of years been working energetically for the Wabash entrance to Pittsburgh, was more than a little chagrined that the then machine controlled councils turned its back on the Wabash through the sub-corporation committee. He declared frequently that the Wabash would not buy its way through councils. Mr. Ramsey is expected to be in Pittsburgh within the week.

MAY MAKE CONCESSIONS.

Machinists' and Employers' Committees Meet Today to Settle Wages.

Representatives of 40 of the machinery concerns of Pittsburgh met yesterday afternoon in the chamber of commerce rooms to arrange for the meeting of their committee was representatives of the journeymen machinists today. The demand of the men is for a wage advance of 10 per cent and recognition of the union. It is understood that both sides will be ready to make concessions.

The pattern makers employed by the machinery concerns operating foundries and other founders will meet tonight to draft a new wage proposition. They are expected to ask for an advance of about 10 per cent, and a minimum wage of $3.75 a day.

GUTHRIE MAY ACCEPT SECOND

SOME OF HIS FRIENDS THINK HE MAY RECONSIDER HIS ANSWER.

Hundreds of Delegates and Democratic Politicians Left Yesterday for the Erie Convention--Col. Guffey and Party Went Over the Erie & Pittsburgh.

While George W. Guthrie, Allegheny county's candidate for governor, is averse to accepting the nomination for lieutenant governor, it was stated by some of his closest political friends and advisers before starting for the convention yesterday that the Pittsburgh attorney at the last minute would give in and accept second place as a running mate to ex-Governor Pattison.

Mr. Guthrie has openly declared during the past few days that he will not, under any circumstances, accept second place on the ticket. He has stated that he is in the field to win against Pattison and if he is defeated he will accept his defeat gracefully and refuse to accept the nomination for the lieutenant governorship.

"Mr. Guthrie will not accept the nomination for lieutenant governor until the last minute," said one of Guthrie's stanch supporters before leaving for Erie last night. "He will work hard for the gubernatorial nomination and if defeated may refuse to accept second place on the ticket.

"I believe, however, he will reconsider his statement made this morning that he will not accept the nomination as lieutenant governor and take the place offered. Mr. Guthrie is sure to be tendered second place. He has been offered that already, but has refused."

Delegates and Democratic politicians by the hundred from Western Pennsylvania left for Erie yesterday and last night. The first to start were the 13 Allegheny county delegates in company with George W. Guthrie. They left Pittsburgh at 9:25 yesterday morning in special cars.

The last politicians to get away left the city at 5 o'clock over the Erie & Pittsburgh and at 5:20 o'clock over the Pittsburgh & Lake Erie. Col. Guffey and a party left over the Erie & Pittsburgh.

For governor, Robert E. Pattison; for lieutenant governor, George W. Guthrie of Pittsburgh, was the ticket the Western Pennsylvania delegates had figured out when they left. All the Allegheny county delegates will remain faithful to Mr. Guthrie until the last, but yesterday morning the most sanguine supporters of the Pittsburgh attorney did not expect that he would win the nomination.

"CARMEN" IS SUNG AT DUQUESNE GARDEN

Pictorially Beautiful Presentation of Bizet's Favorite Opera--Miss Evan in Palm Garden.

Withing the scope of the vocal and dramatic capabilities of a company of singers organized primarily for light opera purposes the Duquesne Garden Stock Company give an exceedingly worthy presentation of Bizet's passion-filled music in the operatic story of the cigarette girl of Seville. Miss Mason's Carmen is neither vocally nor dramatically perfect, but its flaws are those which mark the attempt of any of the lesser essayists of the part. From a somewhat tame and experimental Carmen in the first and second acts last evening Miss Mason passed into a more thorough appreciation of the dramatic possibilities of the role in the third and last acts. As Carmen, the flirt and heartless coquette, her work lacks color, though its vocal qualities were always excellent. As Carmen, the gypsy with the shadow of fate hanging over her, Miss Mason was more spirited and gave more intensity to her dramatic conception. Mr. Pense's Don Jose also improved as time passed. He looks the part admirably, though his singing abilities do not by any means measure up to the requirements of the role.

Miss Mary Carington won quite a round of sincere applause for her excellent singing of the role of Michaela. The solo in the gypsy camp was particularly well done and was full of feeling and expression. Mr. Piggott's Escamillo was quite pleasing to the eye, but he was hardly equal to the beauties of the Toreador song. The minor roles were adequate. Miss Brinsmade supplanted Miss Gardner as Mercedes and she, with Miss Stone, played well the small parts assigned them. The management deserves especial praise for the beautiful staging of the opera. The scenes are all new and reflect admirably the tone and locale of the opera. The chorus was vigorous, the feminine portion being especially capable.

Miss Elsie Evan, "the Welsh Nightingale," was the palm garden attraction and proved a singer of splendid voice. Her soprano is clear, sweet and of unusually powerful range. Interest was added to her singing from the fact that her selections included several well-known Nevin numbers. She was accorded an enthusiastic welcome and the well-known airs of one of Pittsburgh's best loved composers were received with every mark of pleasure.

MINISTERIAL MEETINGS.

Plenty of Material for Missions in the Philippines--United Presbyterians' Election.

The ministerial meetings of the various denominations were unusually well attended yesterday. Before the Methodist Episcopal ministers the Rev. Homer C. Stunz of Manila, P. I., spoke on the work of his church in those islands. "In these islands alone of all those of the far east," he said, "Christianity has flourished for upward 400 years. No matter what we may think and say of Catholicity as a whole, we must give that church credit for the great work accomplished there. Withal, there is lots of raw material for the Methodist church's mission."

The surprise of the day at the United Presbyterian's meeting was the statement of the Rev. W. H. Temple of Washington, Pa., that he has declined the presidency of Monmouth college. He leaves Saturday for a tour of Europe. This body elected the following officers for the year: President, the Rev. Dr. W. T. McConnell; vice president, R. M. Blackwood; secretary, Dr. J. M. Hurley; treasurer, Dr. J. T. McHenry; executive committee, the Rev. W. I. Wishart, G. E. Hawes, C. D. Fulton, A. H. Flick and R. J. Milligan; membership committee, the Revs. Drs. J. M. Wallace, Dr. R. H. Hood and R. A. Elliott.

The Rev. R. B. MacHatton read a paper before the Presbyterian ministers on "Pulpit devices to attract attention." Preceding the session the evangelistic committee held a meeting. Two tents are now ready to be raised and services will be held in them the first Sunday of July.

The Baptist association adjourned early and with their wives and friends took a trip down the Ohio river.

TAYLOR READY TO DIE.

This Morning He Will Pay the Penalty of His Crime.

Henry Taylor will expiate the murder of William Sewell on the gallows in the Allegheny county jail this morning, between sunrise and 10 o'clock. No one called to see him yesterday but his minister, the Rev. C. D. Patterson of Allegheny. He remained with the condemned man for almost an hour.

Taylor spent the day reading religious literature. Yesterday morning he asked Warden Lewis for tobacco, which was given to him. He was also furnished with stationery and wrote several letters to friends. Taylor is prepared for the doom that stares him in the face. He says that he has made peace with his Maker. Deputy Sheriff William Gorman will manage the execution under the direction of Sheriff William McKinley.

TRYING TO STOP CLERKS AT WORK ON CULM BANKS

Officials Plan Peaceful Movement Against Collieries Still in Operation.

A REPLY TO MITCHELL

President Olyphant of the Delaware & Hudson Company Questions Figures Quoted by Strike Leader. Two Operations Abandoned.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Wilkesbarre, Pa., June 23.--The miners' union will make an attempt to shut down the 11 washeries between Pittston and Carbondale that have resumed operations since the strike was begun. A committee of the local unions at the places where the washeries are located will be appointed and a thorough canvass of the men working at these places will be made in the effort to get them to quit work. It is said at strike headquarters that most of these men are clerks and other company employes. Several thousand tons of coal, it is said, are taken from the culm banks and sent to market each day.

There were no developments in the bituminous phase of the coal strike today.

One of the district officers here said today he was of the opinion that if the supply of soft coal could be curtailed to a certain point the proposition to call a general strike will not be pressed.

NEW YORK, June 23.--President H. M. Olyphant of the Delaware & Hudson Company today made the following comment on the statement of President Mitchell of the United Mine Workers of America:

Questions Mitchell's Figures.

"Mitchell's statement is misleading and unreliable as to facts and figures. If Mitchell proposes to call out the bituminous miners and paralyze the entire industries of the country he will find that he has taken upon his shoulders a job bigger than he is able to cope with.

"There will be no arbitration; that is certain. We will operate our mines again with the men that are on strike now. They will be only too glad to come back and no strike leader will be able to keep them out."

SHAMOKIN, PA., June 23.--The Philadelphia and Reading Coal and Iron Company today withdrew the policemen and non-union firemen from the Henry Clay and Big Mountain collieries and will, it is said, abandon these operations. The water is within a few feet of the upper level in the Henry Clay and will soon run into the Sterling mines, which will also likely be abandoned. The workings are all connected and before the strike employed 1,400 men and boys.

HAZLETON, PA., June 23.--Two Delaware, Susquehanna & Schuylkill trains of anthracite coal left the Roan yards south of here today for Perth Amboy, N. J. This is the first consignment of anthracite coal sent from here to tidewater since the strike went into effect. Coxe Bros. & Co. have over 300 cars of anthracite stored on sidings at their various collieries.

In the Southern Field.

ROANOKE, VA., June 23.--The Norfolk & Western railway officials say that the number of men at work in the Pocahontas coal fields today exceeds their expectations and that today's output equals that of Saturday, 300 cars. The Tug river field is still closed, only about one car of coal per day being mined there. The marching bands of miners held several meetings yesterday and last night, but did not gain many recruits from the men who have been at work.

CHARLESTON, W. VA., June 23.--The strike seems to be breaking in the Kanawha field. The Winifred men by almost unanimous vote went back today and desertions from the ranks of the strikers are reported at nearly all the mines, although they claim acquisitions at other points, mostly at private mines where the suspension will not affect the situation. About 500 men are reported to have left today to work in the Ohio mines controlled by Senator Hanna.

INDIANAPOLIS, June 23.--Funds are being sent from the national headquarters of the United Mine Workers of America in Indianapolis to furnish provisions for striking miners and their families in West Virginia. Secretary Wilson says that three carloads of food are being sent daily from Cincinnati to the strike district. Secretary Wilson has secured a strong array of legal talent to defend the strike leaders under arrest at Parkersburg, W. Va., charged with contempt. Attorney W. J. Brennen of Pittsburgh and Attorney John Connoff of Wheeling have been retained.

St. Mary's School Commencement.

The commencement exercises of the St. Mary's parochial school, Sharpsburg, were held yesterday evening at the school hall, Sharpsburg. A special musical program under the direction of Prof. John Glomb was rendered. Those who took part in the entertainment were: Miss Anna Steckel, Miss Mary Miller, Miss Anna Michel, Lucie Brown, Silvia Walker, Irvine Kampsce, Mercede Schramm, Raymond and Frank Beggeman.

Two Killed and Six Injured in Collision; Zanesville Mayor Ejected from Police Court

TWO KILLED BY COLLISION

Six Men Are Also Injured by Crash of Locomotives at Mingo Junction.

CAME TOGETHER IN A FOG

[SPECIAL TELEGRAM TO THE GAZETTE.]

STEUBENVILLE, O., June 23.--As a result of a collision between two light engines on the Cleveland & Pittsburgh road at Mingo Junction early today during a heavy fog two men were killed and six were injured.

The dead:

C. R. WALKER, brakeman, Toronto, O., scalded to death.

F. W. McELROY, Fairmont, W. Va., scalded to death.

The injured:

L. E. COOPER, engineer, ankle broken.

CONDUCTOR EARL FRASIER, Steubenville, back sprained.

C. M. MILLER, fireman, badly bruised.

ENGINEER H. A. WIGGINS, Chicago, head cut.

CONDUCTOR EDWARD DOODY, Wellsville, hand injured.

FIREMAN CHARLES McMILLEN, Wellsville, head cut.

H. E. HANNAFORD of Cleveland, an engineer who was dead-heading, cut about the head.

Both engines were completely wrecked.

Kidnaped a Freak.

STEUBENVILLE, O., June 23.--(Special.)--Frank H. Lenore, colored, was arrested here last night charged with kidnaping George H. Williams, known as the "Arkansas Turtle Boy," a freak, from George H. Carter at Chrichsville. It is claimed that Williams has not been getting a just share of his show proceeds from Carter, so he hired Lenore to take him away. Williams proposed to run his own business in the future and Lenore was discharged from custody.

Sentenced for Arson.

READING, PA., June 23.--N. S. Wertheimer of New York and Sylvan Friedlander of Newark, N. J., convicted of conspiracy to defraud insurance companies out of $65,000 in connection with the incendiary fire which destroyed the former's shirt waist factory in this city, were sentenced today. Wertheimer was sent to the penitentiary for 18 months and Friedlander for 15 months.

Fire Probably Incendiary.

UNIONTOWN, PA., June 23.--(Special.)--While John T. Robinson was acting as pall bearer at a neighbor's funeral today his barn, the largest in Georges township, burned down before his gaze. A small child left at home saw a man run from the barn as it burst into flames. It was evidently of incendiary origin. The insurance had just expired and the loss is placed at $2,000.

State Charters Issued.

HARRISBURG, June 23.--Charters were issued today as follows: The Mercer Trust Company, Mercer, capital $1,000; the Beaver Valley Sandstone Company, New Castle, capital $10,000; United Refining Company, Glade township Warren county, capital $50,000.

MANLEY FOR ROOSEVELT.

Punctures the Story That He Would Inflate the Elkin Balloon.

WASHINGTON, D. C., June 23.--(Special.)--Another member of the Republican national committee was put on record at the Arlington hotel tonight in favor of Theodore Roosevelt for the nomination to the presidency in 1904. Joseph H. Manley of Maine was asked if it was true that he had come to the capital to inflate the Elkins presidential balloon.

"No, sir," said Mr. Manley in his frank manner. "I am for Theodore Roosevelt for president in 1904, and I came here at this time to pledge to him the Maine delegation."

RAILROAD CHARGES DISCRIMINATION

West Virginia Central Blames Baltimore & Ohio for Lack of Cars.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CUMBERLAND, MD., June 23.--It is claimed that the Baltimore & Ohio and the Pennsylvania railroads are discriminating against the West Virginia Central in the matter of cars and the moving of the latter's freight.

The operations of the plant of the Maryland Steel Company near Baltimore have been seriously handicapped by the lack of coal. A representative of the latter company has been here endeavoring to get moved 75 carloads of West Virginia Central coal consigned to that plant. In this case discrimination by the Baltimore & Ohio is assigned as the cause for the latter's slowness, although there is general complaint by manufacturers because of limited fuel supply and traffic is much congested. The discrimination charge is made despite the fact the Baltimore & Ohio has been borrowing West Virginia Central engines to move freight from here to Cherry Run.

Solid Delegation for Kennedy.

YOUNGSTOWN, O., June 23.--(Special.)--For the first time in nearly a generation Mahoning county will go into the Republican congressional convention with a solid delegation and attempt to carry off the nomination. This afternoon the county committee closed the list of entries for the nomination with only James Kennedy in the race. He registered with the committee and the primaries were at once declared off, Kennedy being given the privilege of naming the entire delegation.

Shot Himself Dead.

CONNELLSVILLE, PA., June 23.--(Special.)--Nathaniel Shaw, a native resident of Connellsville, committed suicide today by shooting himself through the head with a revolver. He made an unsuccessful attempt a number of months ago, when he leaped from the bridge into the Youghiogheny river.

June Snow in Ohio.

LORAIN, O., June 23.--(Special.)--A snow and sleet storm occurred here early this morning. The snow fell thick and fast and when the storm had passed over the ground in places was thickly covered.

STEUBENVILLE, O.--The Rev. McCure of Tiffin has been called to the pastorate of the Christian church, this city. He is a graduate of Bethany college.

WEST NEWTON, PA.--George Duval, a young Philadelphian, was struck by a train here yesterday and instantly killed. His body was forwarded to Philadelphia today.

BUTLER, PA.--The first fatal accident at the Standard steel car works occurred yesterday, when a long crane boom broke and fell on Edward Beatty, breaking his neck.

ALLIANCE, O.--The congregation of the First Presbyterian church has adopted plans for a handsome new church to be erected at once at Market street and Linden avenue.

SHARON, PA.--Another strike has occurred at the Alice furnace at Sharpsville. The management refused to reinstate a number of the former strikers and put foreigners to work.

MASSILLON, O.--The dead body of William Seifert, aged 31 years, of Canton, was found lying by the Pennsylvania railway tracks near town yesterday. The police are investigating.

WASHINGTON, PA.--The Republican committee organized yesterday by electing W. T. Phillips of Venetia chairman and John G. Hall of Washington secretary. A committee on change of rules was named.

LORAIN, O.--Employes of the Lorain steel works have been given a raise of 1 cent per hour. The raise came unsolicited. The increase affects nearly 1,000 men, including laborers, machinists, carpenters and blacksmiths.

WEST NEWTON, PA.--A young man named Martin, brother of Michael Martin, a foreman at Flinn's reduction works, borrowed a revolver, with which he shot himself in the region of the heart. His recovery is not expected.

NEW CASTLE, PA.--Surveyors are at work on a new railroad which is to be constructed as a branch of the Pittsburgh & Western through this and Butler counties, northward toward Kane. The road will tap an important coal field.

MONONGAHELA CITY, PA.--Louis Fye, a Slav miner, was shot Sunday night at Catsburg, about 8 o'clock, by a fellow countryman, Frank Vickum. They had been drinking together and quarreled. Vickum was arrested. He claims self-defense.

MAYOR EJECTED BY POLICEMEN

Zanesville's Chief Executive Forcibly Removed from Police Court.

SHOWED FIGHT TO FINISH

[BY ASSOCIATED PRESS TO THE GAZETTE.]

ZANESVILLE, O., June 23.--Mayor James L. Holden was forcibly ejected from the court of Police Judge Reed today. The mayor asked that an affidavit against a woman charged with intoxication be withdrawn, and, when the judge refused, he insisted that he had the right to withdraw it.

The judge ordered Chief of Police Tracey to eject Mayor Holden from the court room. The mayor resisted, and Tracey's brother and others went to the chief's assistance.

During the melee, the mayor struck the chief on the jaw, and the latter landed on the mayor's head with a club. After the mayor had been put out, he invited the chief to step out, too, but that official declined.

Card Game Is Fatal.

WASHINGTON, PA., June 23.--(Special.)--Daniel Williams, a negro, aged about 25, a farm hand employed by T. A. Martin of Independence township, was shot and almost instantly killed last night by an unknown negro employed on the Wabash railroad. The killing was the result of a quarrel over a game of cards. The negro who did the shooting escaped.

CONG. H. H. POWERS FROM VERMONT
Says: "I can recommend Peruna as an excellent family remedy and very good for coughs, colds and catarrhal affections."

The great popularity of Peruna as a catarrh remedy has tempted many people to imitate Peruna. A great many so-called catarrh remedies and catarrh tonics are to be found in many drug stores. These remedies can be procured by the druggist very much cheaper than Peruna. Peruna can only be obtained at a uniform price and no druggist can get it a cent cheaper.

Thus it is that druggists are tempted to substitute the cheap imitations of Peruna for Peruna. It is done every day without a doubt.

When a patient calls at a drug store to procure some Peruna and the druggist recommends something else that will be just as good, it may be that he does not always recognize the responsibility that he is taking upon himself. Such a substitute is always sure to result in failure.

The claim of Peruna to being the standard catarrh remedy of the world is based upon the following facts:

It has the endorsement of--

LOCAL NEWS
OF ALL PITTSBURGH

THREE CITIES, FORTY-FIVE BOROUGHS, TWENTY-SIX TOWNSHIPS, FIFTH IN VOLUME OF BANK CLEARINGS, FOURTH IN RANK AMONG CITIES.

Braddock Paper Sold—A. L. and J. T. Petty, who have published the Morning Herald at McKeesport for two years, yesterday acquired the Braddock Evening Herald of J. H. Dietrick and J. R. Sechlar. They will run both papers.

Robbed the Bar—Two men early yesterday morning broke into the North Versailles roadhouse saloon in North Versailles township, kept by Thomas Love on the hillside opposite the Turtle Creek depot. They drank all they wanted at the bar and carried away five gallons of whisky with them.

Structural Mill Men Strike—About 300 workers in the structural mills of Jones & Laughlins, limited, quit work yesterday because a committee representing them had failed to get an understanding on wages. The men asked for the 10 per cent advance recently granted other employes of the company, chiefly laborers.

A 400-Mile Tramp—John Heard of Pittsburgh, Joseph Hosack of Carnegie, B. I. Phillips of West Alexander and P. A. Moore of New Castle have walked to their homes, a distance of over 400 miles, from Princeton, N. J., where they were students. They did it entirely for pleasure and stopped at hotels whenever they could for food and rest.

Suits Are Threatened—The Anti-Saloon league of Oakmont disclaims all responsibility for the enforcement of the "blue laws" in that borough last Sunday. All the business houses of the borough, including drug stores, were closed on Sunday. It is claimed the order was issued for the purpose of bringing the league into disrepute and suits are threatened.

Resigned His Pastorate—The Rev. J. Grant Lauderbaugh of the Oakmont Baptist church has resigned his pastorate. Dr. Lauderbaugh's decision is due to his desire to complete a course of studies in the Baptist Theological seminary at Rochester, N. Y. His connection with the Oakmont church will be severed Sunday, September 7. He has been its pastor since 1900.

Fell from Fourth Floor—Foley Scullion, an Italian, employed on the new building being erected by the Homestead Baking Company in Seventh avenue, Homestead, fell from the fourth floor of the building yesterday afternoon and will likely die. He suffering from a broken right leg and right arm and several bad cuts and bruises about the body. He was taken to the South Side hospital.

Strikers Coming Here—Because of the hard coal strike a great many of the men are coming to this section for any kind of employment in the mills. Nearly 100 have found employment in the Edgar Thomson steel works, Braddock, in the past two weeks, and many have gone to work in Homestead. Nearly all of the men are Slavs or Poles, but have been in this country for a number of years.

Gentile Was Released—Tony Gentile, the Italian who was arrested on Saturday on a charge of having taken $2,000 from John Taglia of Schoenville and eloping with Mrs. Taglia, was arraigned for a hearing before Alderman James R. Connors last night and discharged. There was no evidence to hold Gentile, and it was proven that Mrs. Taglia had taken her husband's money.

Carried Two Guns—John Sumara, colored, was committed to jail last night in default of $500 bail on a charge of carrying concealed weapons, made before Justice of the Peace W. A. Craft of Patton township, on the information of William G. Long. Sumara has been working on the Wabash tunnel and on Sunday he secured two revolvers and went about the township pointing the firearms at citizens.

Girl's Narrow Escape—When John King, son of Mrs. James King of Munhall, attempted to shoot at a man found under his mother's bed early yesterday morning, his revolver failed to explode and the man escaped through a window. The noise awakened a daughter, Margaret, who went to her mother's room, when the pistol suddenly exploded and the bullet passed through the girl's hair, grazing her scalp.

A Big Reservoir—Work will be commenced within a few days by the Pennsylvania Water Company on the erection of a 70,000,000-gallon reservoir at Pitcairn to supply the towns in the Turtle Creek valley with water. The basin will be located on the Kinney and Sheets farms on the hill overlooking Pitcairn and is expected to be completed by fall. The new basin will be equipped with a filter.

Claimed Maree Stabbed Him—Michael and Dominic Maree, Basuda Canarey, Luigi Martinelli and Frank Demont, Italians, were committed to jail yesterday by Magistrate David J. McGarey in connection with the stabbing of Frank McCauley, a former policeman, last Saturday night in Allentown. McCauley's statement of the affair has been taken at the South Side hospital, where it is thought he is dying. McCauley positively identified Michael Maree as the man who stabbed him.

Mary Allen Released—Mary Allen, the youngest female prisoner ever committed to the Western penitentiary, was released yesterday morning after serving a two-year term for attempting to burn the female department of the Western Pennsylvania reform school at Morganza, September 11, 1900. The girl is now 18 years old, and when sentenced from Washington county claimed she set fire to the building because the other girls had dared her to do it. Her parents reside in New Castle.

Whites and Negroes Clash—The white and negro residents living between Elizabeth and Clairton on Sunday afternoon almost started a riot on the Monongahela river bank. During the trouble Michael Haley of Elizabeth was shot through the arm. The trouble was started by white men calling names to negro men and women going down the river in a skiff. One negro retaliated by firing his revolver at the men on the bank. When the news spread the whites burned a negro shanty on the West Elizabeth side. The shooter escaped.

Wage Conference Arranged—It was arranged yesterday to have the conference to adjust the detail wage scale for the mills of the American Tin Plate Company take place at New York next Monday. Seven additional clauses of minor importance are proposed by the Amalgamated association. Under the agreement made prior to the last Amalgamated convention the base wage remains as now so long as the price of tin plate does not go 10 cents above $4 20 the 100-pound box, when the workers get an advance of 2 per cent, as they do for each additional 10-cent advance.

Want Officials Removed—It is reported that petitions have been placed in circulation asking for the removal of Police Inspector Henry Whitehouse and Police Magistrate John H. Armstrong. The petitions are the result of the arrest on Saturday night of Robert G. Brooks, a private watchman in the East End, who was locked in No. 4 police station by Policeman Thomas Pearson on orders from Inspector Whitehouse, charging him with impersonating an officer. Attorney Robert T. McElroy has been retained to enter suits for damages against Whitehouse, Armstrong and Pearson.

THE THREE RIVERS.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, O., June 23.—River at 6 p. m., 10.5 feet, falling. Weather clear and pleasant. Local packets in and out on time. The Tacoma makes her first trip in the Portsmouth trade for the White Collar line tomorrow. She will be sent out in opposition to the Helen M. Gould, the independent steamer. The Stanley will lay up for some time for repairs and the Sunshine, the Memphis packet, will take her place in the Pomeroy trade. The sidewheeler Liberty en route from Wheeling to the Green river passed Cincinnati late last night. J. S. F. McClellan, second clerk on the Sunshine, has resigned his position. He will locate at Pueblo, Col.

LOUISVILLE—River on a stand. Canal 5.8 feet; falls 3.6 feet; foot of locks 9.3 feet. Business good. Weather clear and pleasant. Packets on time in and out. The C. H. Buchrman and tow passed down at 9 a. m. Inspectors Abraham and Dunn have gone to Hartford and Owensboro to inspect boats.

Packets Leaving Today.

Kanawha, Charleston, 4 p. m.
Elizabeth, Morgantown, 3 p. m.

The stage of water at Davis island dam at 9 o'clock last night was 4.4 feet and rising slightly.

News of the Rivers.

The steamers McDougal and Red River are both burning oil now.

Capt. J. D. Curtis arrived in Pittsburgh from Parkersburg and will be in the city for a few days.

The steamer Elizabeth laid over in port yesterday and will leave today for Morgantown, also making trips Thursday and Saturday.

The steamer I. C. Woodward, which is on the ways, will be ready to run in one week. The boat is now receiving a coat of paint.

Engineer Morris Shallcross of the Harry Brown has been engaged to take charge of the engine rooms of the big towboat Peter Sprague.

The towboat Enterprise came as far as Merrill and laid up and the Cruiser came as far as Logstown where she quit on account of shoal water.

A small boy was yesterday arrested at Patterson's wharfboat for stealing butter tubs belonging to Elmer Beigle. The boy drove away from the wharf with a wagon load of them.

The steam yacht Quail has received a new boiler and has been painted. She will be inspected. The boat will enter the excursion business. Capt. Albert S. Miller is her manager.

A slight rise which is coming out of the Monongahela river is expected to cause the Ohio to show a slight rise. The cool weather has a disposition to keep the rivers from falling rapidly.

J. Herman Rodgers and W. D. O'Neil yesterday made a tour of the landings on the south side of the river. Mr. Rodgers is acquainting Mr. O'Neil, his successor, with the men in charge of them.

Lewis Hubbard and family, of Charleston, W. Va., are making the round trip to Pittsburgh on the Kanawha. The Kanawha leaving today will have a large party of round trippers from Greensburg, Pa.

Capt. J. F. Klein has disposed of the monkey which has been causing him more money in doctor bills than the animal was worth. He sold it for $20 and now expects peace to reign in his household.

Capt. William Hoag, who has been a resident of Roscoe for some time, has built a beautiful home at Charleroi and has moved his family to that place. Capt. Hoag expects to do some piloting the coming season.

The Juniata cruised about the Pittsburgh harbor yesterday with a party of prominent steel officials. Most of them comprise the board of directors of the American Steel and Wire Company of the United States Steel Corporation. The boat left the Shoenberger plant of the company and visited the big furnaces of the company situated in Neville island.

The new steel hull towboat Peter Sprague was expected to arrive at St. Louis yesterday from Dubuque, Iowa, where the boat was built. The vessel will receive her wheel at St. Louis, she being too large to come through the lock at Keokuk with it on. The boat has attracted much attention on her way down the Mississippi river. She is being towed by the Kit Carson and the Mary J.

The officers suspended by the local steamboats inspectors, charged with being responsible for the collision between the I. C. Woodward and the Twilight, will not appeal. Capt. R. M. Boyd of the Woodward and Capt. William Lewellen of the Twilight were each given 60 days and Pilot Frank Williams of the Woodward was retired for 30 days. The Woodward was sunk. Mr. Williams said yesterday that he would not appeal and stated that he thought the inspectors had been lenient with him.

Pilots to Picnic.

The members of harbor No. 25 of the American Association of Masters and Pilots are arranging to take their annual outing on the Monongahela river. This is always a big event in river circles.

Albert R. Budd of the A. R. Budd Coal Company has come to the front this year and offered the pilots the free use of the towboat Frank Gilmore and if the pilots succeed in getting an excursion barge they will be able to this year give their outing free of cost to the members. The Gilmore can be used to tow the barge. The members of the harbor will take up the matter at their next meeting and an effort will be made to have one of the biggest jollifications yet given by the local organization.

Nay, Nay, My Dear Caston.
You see, it was this way: He wore a lot of shiners and she thought for a man of such expensive tastes his salary wasn't big enough for two. But when he told her they were
ARONS' VOL-TA-IC DIAMONDS
she took him in a minute and they lived happy ever after.
Vol-ta-ic Diamonds don't cost much, but the best experts fail to distinguish them from the genuine. Full of life and fire, and their brilliance lasts forever. They withstand every test. Mounted only in solid gold. Set in rings, pins, studs, brooches, eardrops, etc. No other dealer in America sells them.

B. & B.

Forcing business---goods and prices doing it---important chances for shrewd buyers.

5,000 yards of extra good, neat and pretty

white striped madras

—32 inches wide, 12½c
—for Suits and Waists and other uses this wide Madras at the price will be appreciated by all who come or send for them.

Nothing in quality in White Goods has been offered in 1902 that compares with it.

200 pieces best

25c irish dimities, 15c

Stripes, figures and all-over designs—Pinks, Blues, Reds, etc.—also Black grounds with White printings.

Closed the importer's stock—end of his wholesale season.

These are not only genuine, but they're from the best manufacturer of Dimities in Ireland.

There is an unusual variety of styles—staples and fancies.

It's a fine Dimity offering that will command attention.

Sale of goods like these at the price people will be glad to get—and it will do the store good—bring lots of new business.

Large collection

french ecru cottons

—solid striped ecrus and ecrus with colored stripes—all dainty styles—for dressy gowns—all double width, 40 inches wide—at five prices,

35c, 50c, 65c, 75c, $1.00 and $1.25

These French Cottons are beautiful goods—and it's an opportunity to get dressy gowns before you go away that you'll be delighted with.

Fifty styles 25-cent dressy Cotton Foulards,

12½c

—Foulard Silk styles in elaborate designs.

fine wash goods

—reassortments the most extensive shown this year.

Prettiness and price is what counts in Wash Goods in this age.

That's the kind our attention and efforts are devoted to.

Over 1,000 pieces of new, pretty

batistes and dimities
12½c

Attention invited to a superior make of extra fine Batistes at 15c—finer texture—altogether more beautiful goods as to patterns and quality than are generally shown—most stores think the lower grades will do—but people want the fine goods nowadays.

Large assortment 45-cent Silk Mousselines—choice styles, also solid colors and solid black—both with neat figures, 28c.

real sewing machines
$3.50

What do you think of that? Not a toy, but a practical automatic hand-power Sewing Machine that actually sews and does it well, for $3.50.

Has tension, stitch and feed regulator, thread controller and speed device that enables it to sew nicely as fast as any foot power Machine.

Sews with any kind of thread, silk or twist.

Instructive for children—useful for yourself—small, compact—easily packed in trunk to take along for the odd bits of Summer sewing when you're away.

A Machine that will demonstrate its value in any household.

Another style—without speed device—does good work—$2.00.

See what practical, inexpensive Machines these are—shown at Butterick Pattern dept.

grass linen gowns

—all the go among New York's modish dressers, even for morning wear.

Crisp, cool, refreshing style.

And a sale of these of uncommon importance.

Fine Grass Linen Robes, with applications of Ecru Venise and Applique Laces—$25.00 Robes for

$15.00

—reason—we jumped at the chance to relieve an importer who consigns, but doesn't carry goods, and who had these swell, dressy Robes left on his hands because they arrived too late for the original buyer.

For thoughtful dressers who like handsome effects out of the ordinary and strictly smart, here's chance that admits of no comparison—and the Robes will verify it.

Lot of Black Chantilly Lace Insertions with Velvet applications—double edge and serpentine effects—2 to 5 inches wide, actually worth when imported not less than a Dollar-fifty—on sale today, 50c
—nice for trimming Swisses and Foulards.

Special lot Nottingham Cluny Laces, 4 to 6 inches wide, and Insertions, 2 to 2½ inches wide,
10c
—some worth all of 40c.

Made a late purchase 10c quality Cambric Embroidery Insertions, 1½ inches wide, and 2½ to 3 inch edgings—pretty and good for Wash Dress and Underwear trimming—going to sell these today 5c YARD.

latest

in light-weight 52-inch Woolens for Skirts, $1.00
—broken checks in subdued and rare color combinations.

Black and White and new Blue and White, 52-inch Woolens for Skirts, 85c, $1.00 and $1.25.

New Black and White Solid Check Woolens for Skirts—
52-inch, 75c
56-inch, $1.00
—not necessary to tell you how desirable.

TUESDAY, JUNE 24, 1902.

TWELVE PAGES

Public Business Obstructed.

Interviews in our local news columns make it apparent the reform element in common council is ready, when the opportunity offers, to redeem pledges made during the campaign to admit the Wabash railroad on fair terms. Engineer Patterson also makes it plain he is ready to offer the ordinances as soon as pending litigation is completed or withdrawn. There are signs, incidentally, that some of the machine members of select council are willing to vote right, though that cannot remove the odium of the machine hold-up of ordinances introduced in the old councils.

It does not seem to be necessary to wait for a supreme court decision to introduce ordinances, since the latter will not interfere with the deliberations of the justices. The courts of this county have affirmed the right of the railroad to enter without the consent of councils, and the supreme court may very properly sustain the decisions rendered here. Councils held up the ordinances of the Pittsburgh, Carnegie & Western at a time when it was evident to every citizen the road was needed to relieve a freight congestion that threatened to mar the prosperity of the city. The county courts decided councils had no power to stop progress. At the ensuing election the people declared unmistakably their disapproval of machine methods.

Since the organization of the new councils the common branch has given repeated evidence of its desire to forward public improvements, while the machine majority in select, through its irregular committees, has stopped every popular measure. Apparently the lesson of last February is not sufficient to enlighten it, but may have to be repeated before the people really come into their own. Here again the common council is ready to pass the Wabash ordinances, at once, securing some revenue and much advantage to the city though the machine showed its unwillingness to permit that system to enter unless it contributed royally to the revenues of others than the city treasury. Fortunately that machine game is nearly played out.

Bitter Contentions Aroused.

There is nothing very inspiriting in the situation at Erie. Everywhere there are but two opinions that blend into one. The nomination for governor will go to ex-Gov. Pattison and control of the party machinery will remain with Col. J. M. Guffey. Nevertheless there is considerable public interest attaching to the gathering. There may be a battle over the minor nominations, or there may be a fight about the seating of delegates that will split the almost hopeless Democracy into insignificant fragments.

Before the Republican convention met at Harrisburg the Democratic organs extracted much comfort from what they were pleased to regard as a struggle that could not be compromised. It turned out to be nothing but a fair competition for honors, its settlement followed by party harmony in support of an excellent ticket. The Democracy will be fortunate if it gets away from Erie in anything like as good condition. Its contentions are over representation and far more bitter than any that appeared at Harrisburg.

Craze for Machinery.

The difference between the American and the British way of doing things has rarely been more effectively stated than by James G. Rose of Scotland, who, after a tour of this country, in company with other steel and iron manufacturers from Great Britain, expressed the opinion that Americans have gone mad on the subject of doing away with hand labor and substituting machinery.

Mr. Rose was deeply impressed—"al[illegible]" the word he used—at [illegible]gnitude of the operations of iron companies. He had never thought it possible that such large mills were in operation anywhere as those in Pittsburgh. The facilities for shipping and handling of ore were revelations to him. This being the visitor's state of mind, perhaps he was scarcely in a fit condition to speak of the sanity of Americans in their widespread use of machinery. It was his opinion that in some cases machine work was more expensive than hand labor would have been. Instances of this sort must be rare, however, and American manufacturers can be trusted to discover them.

Very Useful Amendments.

There are good reasons for the amendments to the immigration bill reported to the senate by Senator Penrose. One of these provisions extends the time during which undesirable immigrants may be deported at the expense of the steamship companies from one to three years. It is wise. The true character of the individual may not be discovered for more than one year. It is also a proper provision that the steamship companies shall bear one-half of the land transportation when an immigrant has to be deported. It will tend to make them less keen about inducing undesirable people to emigrate to this country.

Clauses prohibiting the entrance of anarchists, increasing the educational test and advancing the head tax are important. The first named is especially pertinent and gains double force from the provision extending the time of deportation to three years. An anarchist who could keep silent that long would be of a rare variety. It is not so easy to detect these fellows at the barge office, but it is some protection to prohibit their coming and have the privilege of sending them back any time within three years. These amendments should be adopted without delay.

Just Time to Wash Up.

There is yet time to clean up the city before the Fourth of July. Not a moment should be lost in attending to the work. On that day an unprecedented crowd of visitors will be in Pittsburgh. No one should be permitted to go away with the idea that the city is filthy. The smoke cannot be entirely hidden, but it can be excused as the badge of industry. Not so dusty streets or filthy back alleys. No excuse is adequate for that sort of thing. Aside from the desire to present a clean face to visitors, it will do the place good to have all manner of refuse carted away and burned and the streets well washed with the hose. There is just time to do it.

Mr. Bryan's Explanation.

William Jennings Bryan needs no one to explain for him. He can do that tolerably well for himself. In fact, the man has such a flow of language he must be almost altogether made of words. He was not at the recent opening of the Tilden club because it was in the enemy's country and because Mr. Cleveland was there. That is the kind of harmonizer Mr. Bryan is. What he says about Mr. Cleveland is more than enough to melt any harmony that might have been growing between them, though it will hardly disturb the equanimity of the solid citizen of Princeton. The latter has been president; Mr. Bryan never will be. These facts may explain Mr. Bryan's explanation and prevent Mr. Cleveland's feelings from being ruffled.

More Trouble for Count Boni.

Appearances indicate that Count Boni de Castellane will soon be engaged in another political struggle, for there is evident earnestness in the threats to annul his election to the French chamber of deputies. The father of the candidate who was defeated by the count has taken up the fight, and as he is a man of much prominence in French politics, there is good reason for expecting a contest replete with exciting features, and, in all probability, the customary duel.

Ex-Minister Siegfried, who has taken up his son's cause, has uncovered a plan of attack which is calculated to arouse animosity of an international natu[illegible]. He charges that the Gould millions are mainly responsible for the count's success, and declares that "this is a form of internationalism that true Republicans are not prepared to [illegible]rate." It is a cunningly-worded appeal to French prejudice against America, and, notwithstanding the cordial relations between the two countries, there is likely to be much bitterness of language among the Frenchmen as a result of the effort to unseat Count Boni de Castellane.

Welcome for the Scientists.

Pittsburgh will welcome with cordial and enthusiastic hospitality the great convention of scientific workers and thinkers which will assemble in this city within the week. The arrangements [illegible] for the entertainment of the [illegible]nguished guests have been abo[illegible] completed, and the advance guard of visitors has already begun to make its appearance. To no other city in the country could the members of the American Association for the Advancement of Science more appropriately bring their annual convention, for the reason that upon the results of the work of these laborers in the several branches of practical and applied science is laid the foundations of Pittsburgh's marvelous growth and prosperity. It is in this city also that the results of scientific research in the fields of applied geology, mineralogy, chemistry and engineering have achieved some of the most notable victories in conquering the forces of nature and making them subservient to the needs of man.

The personnel of the forth[illegible]ng convention includes many names of great honor and dignity in the world of science, men who have spent years of incessant study and labor in order to master the problems of natural phenomena. The city may well give especial attention to the entertainment of these distinguished workers in the fields of modern progress and advancement, whose researches are contributing so largely to the world's knowledge in all the departments of practical and scientific invention and discovery.

How Not to Do It.

A striking instance of the policy of how not to do it was confessed to the salary revision committee by the superintendent of the bureau of health yesterday. He said the fund transferred by ordinance and made available for the disinfection of premises where contagious disease has existed is being used to pay vaccination doctors and quarantine officers at a rate that will soon exhaust it. Disinfection continues to be neglected.

At this rate it is no wonder the city suffers. Officialdom persists in the pretense that disinfection is something that demands extraordinary outlay and complicated apparatus, though every physician, druggist and undertaker in the city knows it is simple and inexpensive enough, either by the evaporation of liquid formaldehyde, the burning of formaldehyde candles, or the use of tablets in the ordinary undertaker's lamp. Officialdom also persistently neglects this precaution, hardly less important than quarantine, so that were it not for private enterprise contagious diseases might be more prevalent than they are. The misappropriation of this special fund is a flagrant disregard of public rights which should not be passed without a reprimand from the body where the ordinance for transfer originated.

Humors of the Coronation.

The coronation of Edward VII. is not without its humorous features. Of course the costumes are funny, for the physical characteristics of some of the guests will not show to advantage in the prescribed knee-breeches without adventitious aid in the way of upholstery. Many of the ceremonies are ludicrous, and some of the services to be performed by members of the nobility by hereditary right coming down from ancient grants are extremely laughable; but not one of these things is so funny as the solemn announcement of the Jacobites that King Edward is a usurper and that the archduchess Mary Theresa of Bavaria is the rightful heir to the throne. These persistent adherents of the house of Stuart have issued a proclamation worded as follows:

> Whereas, by the decease of our Sovereign Lord and King, Francis XX., in November of the year of grace 1875, the crown of these realms did by just lineal succession descend to his niece and heiress, the Lady Mary Theresa Dorothea, Archduchess of Modena-Este, we, the loyal people of England, Scotland, Ireland and Wales, hereby assert, as our forefathers have done, the right of primogeniture in the descent of the crown of these kingdoms and the indefeasible claim thereof of her royal and imperial highness as heiress of the house of Plantagenet and of Stuart.

King Edward is a gallant man, but he won't step aside to let another take the crown, even though the other be a woman. The English people wouldn't like it, either, even if he were willing. The Jacobites are not attending to Mary's interests in the proper way, anyhow. There is a part in the program for them to take, if they wish to take it. At one point in the proceedings demand is loudly made for any who dispute the king's right to come forward. If objectors appear it is the duty of the king's champion to attend to their case. This officer will have his weapons with him. Let Mary's supporters put in an appearance at that time.

This year of volcanic disturbance is following 1883 in the sprinkling of cold days. But the scientists have not yet gone beyond a theory that the up-rush has disturbed the cold strata above the mountain tops.

In the way of showing a Democratic convention true hospitality the Erie people know a thing or two. The entertainment committee has asked to have the saloons remain open all night.

When it comes to establishing precedents the man who ran off with his mother-in-law will doubtless prove a dead failure.

It is quite evident that the Cleveland presidential boom will not be able to establish a coaling station in Louisville, Ky.

King Edward's coronation and the Erie convention will both have their friendly supporters in the news reading line this week.

If there is anything in the Ohio situation beyond the pacification of the Hon. Marcus A. Hanna it has so far managed to keep very close under cover.

Between the fake reports of his death and the threats of the anarchists King Edward is coming to the throne and crown under embarrassing difficulties.

If Erie has occasion to turn the hose on that convention she will find her bay convenient.

Evidently Mr. Bryan is inclined to believe that it is a condition, not a theory, which confronts him.

Possibly an old-fashioned wood shed interview might do those recalcitrant beet sugar senators some good.

The weather of the past few days is calculated to give quite a dash of discouragement to the Panama hat craze.

Sometimes the pocket gun is more deadly to friend than foe.

America may be machinery mad, but there is method in its madness.

EYE-OPENERS.

First Office Boy—What's Johnny hurryin' fer? Looks like he heard a fire alarm.

Second Office Boy—He did. De boss said if he wasn't back from dat errand in 10 minutes he'd lose his job!—Cincinnati Commercial Tribune.

"Who is your favorite author?" asked Mrs. Oldcastle, as she was looking through the magnificent library of the new neighbors.

"Shakespeare," her hostess replied. "I do think his 'Roll On, Thou Deep and Dark Blue Ocean, Roll,' is one of the literariest pieces I ever heard. Josiah was readin' it to me not long ago, and it almost made me seasick—it was that real."—Chicago Record-Herald.

An old lady in one of the parishes of Peter Cartwright, an early Methodist pioneer, often annoyed him by being more noisy than pious and by often going off on a high key. In a class meeting one day, when her soul was filled with ecstatic emotions, she rapturously cried out, "If I had one more feather in the wing of my faith I would fly away and be at rest." "Stick in the other feather, Lord," interjected Cartwright, "and let her go!"—Buffalo Commercial.

A Harbor Enemy Which Fooled the Engineers

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, June 23.

That harbor surveying is not always an exact science has been proved by the discovery of a dangerous reef in the North river which no one found until a ship struck it last March. The ledge of rock is 27 feet below the surface at low tide. This is a long way down in the water, but it seems to the ordinary mind as if the scores of expert surveyors who have made hydrographic charts in the last hundred years, might have come across it before this. The explanation is offered that big steamers usually pass along the river several hundreds of yards to the westward, while smaller craft miss it because, even at low tide, it is 27 feet under water. The top of the reef, which is a truncated cone in conformation, measures about 1,000 square feet. It is opposite Castle garden, and it is almost unbelievable that such an obstruction could have been missed by the officials whose business it was to see that shipping had a clear way to the shore. Such was evidently the case, however. A survey was made on May 12 under the direction of Col. Mansfield, United States engineer, who has jurisdiction over the North and East rivers, and the reef was discovered. The colonel is quoted as saying that the reef is not of recent formation, but probably has been there as long as the water. It is likely that the reef will be taken away now, for the river and harbor committee of congress has reported favorably a bill authorizing the expenditure of $25,000 for the purpose of removing it; and as soon as the bill is passed, work will begin. It is likely that it will require three or four months to do the job, because it can be kept up only for two or three hours each day, during slack water. New York harbor always has been a tiresome piece of water, from the navigator's point of view. The bottom is nearly all rock, rising into ugly reefs at irregular intervals, which has cost the government a great deal of money. The most important work of destruction of reefs was the blowing up of Hell Gate in the East river. The reef opposite the Battery which most likely will be destroyed this summer, is comparatively small, but it might work a great deal of mischief were it allowed to remain indefinitely.

Whist Players at Manhattan Beach.

Guests at Manhattan beach were wondering today what all the rumpus was about at the Oriental hotel. Men and women marched down there from the railroad station in groups of two and three and in solitary state where they came singly. It was nothing worse than the coming of contestants in the 12th annual congress of the American Whist league, which will open tomorrow, with a struggle for the Brooklyn trophy. There was much talk about whist this afternoon, but tonight nearly all the whisters made up their minds that they could not spend the evening better than in the theater on the seashore, so Frank Daniels and his company had a good house, in consequence.

Lamont's Gubernatorial Boom.

There is much discussion in political circles here as to the probability of Daniel S. Lamont being put forward prominently as the Democratic candidate for governor of New York. Personally, "Dan" is much liked here. He has always been a hail-fellow-well-met among those that know him, and the sentiment seems to be that it would be a sort of family party if he were nominated in convention. Then, Grover Cleveland is behind him, and it is a fact apparent to every New Yorker that there is not a more popular public man in this part of the country than the only living ex-president of the United States. The Dan Lamont gubernatorial boom has started, grown-up and in good health.

Politics in a Double Drowning.

A man from Good Ground, Long Island, where the Dimp Lawrence and Foster drowning mystery is radiating hot reflections to all parts of the country, told me this afternoon that politics are much mixed up in the case. There is suspicion that a certain young man could tell something about the double drowning. "But they will not arrest him unless some stronger evidence than they have now is developed against him," said my friend. "You see, the district attorney had for an opponent at the last election the very man who is counsel for the man under suspicion. Suppose the district attorney should cause the arrest of the suspect, and then be unable to convict him. What a pull that would give his rival, and how it would tell against the district attorney politically. See the point?"

New Yorkers Daft on Vacation.

New York city is very pleasant on these cool, sunny days, but hundreds and thousands of people are worrying themselves to get out of it. The ticket offices, "vacation bureaus," and hotel lobbies are full of people trying to get help in making up their minds where they shall go. The coronation visitors have all sailed long ago, so that no longer is the question of an ocean voyage under consideration; but there are so many resorts in this country, in the mountains, along the seashore, or up some of the picturesque rivers, that the vacation-seeker is half crazy. As for the clerks in the various bureaus, where they talk summer excursions to all who may come in, they gave up the mental ghost before June had set fairly in.

One Anarchist Mouth Stopped.

In putting under arrest William McQueen, the anarchist editor, the authorities have stopped the mouth of one of the noisiest disturbers in this part of the country. Paterson, N. J., wants him, and he will be sent there at once, unless he compels the authorities to get extradition papers. He was arrested on the East Side, this city, this morning and taken to police headquarters immediately. McQueen is a man of the characteristic anarchist type, and seemed rather to enjoy the glory of being arrested for his principles. He is well known on the East Side, and it is supposed that some of his followers played traitor and put the police on his track.

End of Paterson Strike Predicted.

That the strike in the silk mills of Jersey City and Paterson will soon be over is the confident prediction of the manufacturers and Mayor Hinchcliffe. Military rule prevailed in Paterson yesterday, and it has for several days, but there were no disturbances. The presence of the soldiery added to the picturesque aspect of the town, but otherwise made no particular difference to the look of things. All the mill plants in Hudson county started up at 7 o'clock this morning. They ran short-handed, but they ran—or "walked," as one saturnine striker remarked, with a sneer.

Largest American-Built Ship.

There is a new steamship in port. The big Kroonland of the Red Star line, which was built by the Cramps in Philadelphia, steamed steadily up the harbor this morning and was saluted by all the tugs and ferryboats with whistles. The Kroonland will run between New York and Antwerp. She is the largest ship ever built in the United States, being 580 feet long—26 feet longer than the St. Louis and St. Paul—and has a register of 12,060 tons. There are berths for 348 first-class passengers, 194 second-class, and about 1,000 third-class. She will leave this port on her first voyage to Antwerp next Saturday morning.

Mosquitoes Don't Like Coal Smoke.

Soft coal is not an unmixed evil to New York, if Jersey commuters are to be believed. It is declared that mosquitoes cannot endure smoke-laden air, and that, in consequence of the use of soft coal on ferryboats and in many of the big buildings of New York, there are no mosquitoes across the North river or at Staten Island, so far. As a rule, the mosquito begins his summer campaign early in June, and by this time in the month his regular feasting is well under way. It is a fact that very few mosquitoes have been seen in this neighborhood so far. When the mosquitoes are plentiful in New Jersey there are always a number of them in Manhattan, so that the rejoicing of Jerseyites over the tardiness of the pests is shared heartily on this side of the river.

Declinations Merely Routine.

There is nothing sensational in the fact that Grover Cleveland and David B. Hill have declined to take part in the Fourth of July celebration in the Wigwam of Tammany hall. They were asked to attend and give a talk, but they have answered that they cannot do it. They have made the same response every year for the last 15 or 20 years. If they had accepted the invitation this time, it would have been worthy of note. As it is, they are only doing as usual.

Rich Picking for Pestilence.

Doctors are discussing the question whether New York could take care of itself if a serious epidemic of sickness were to break out. The health board asked the board to estimate for an appropriation of $1,025,000 for improvements in this direction. The board got $500,000. One prominent physician here, who was interviewed today, is quoted as saying: "New York city today hasn't any means that amounts to anything for caring for contagious diseases. The situation is perfectly absurd, as compared with that in great European cities. New York, outstripping foreign cities in everything else, is very much behind the times in its facilities for properly caring for both poor and rich patients suffering from contagious diseases. We can hope, however, only to keep hammering away until the public wakes up to a proper appreciation of the situation, and then, undoubtedly, we shall take the rank that this city should have in such a matter. The subject is of the very gravest importance, and we cannot get at the work of improvement too soon. If a serious epidemic of any kind should strike New York things would be in a terrible 'muss.'" Meanwhile the health commissioner will do the best he can with his measly half million.

Japan on a Roof.

Another roof garden opened for the season tonight. It was not exactly the pleasantest weather for an al fresco entertainment on top of a high building, for the temperature was low enough to make a cosy, well-lighted room comfortable; but Ted D. Marks had promised to open the American theater roof garden tonight, and he kept his word. The entertainment presented was creditable, and provided one had taken thick clothing with him, he could get through the evening pleasantly enough. There is to be another roof garden opened next week, on Madison Square garden. It will be decorated in Japanese fashion, and the entertainment will be called "Japan by Night." The guests will find themselves in a miniature Yokohama, with geisha girls, teahouses and lanterns. The music will be Japanese only by suggestion, however.

Looked Like Floating Dwellings.

One of the queer craft seen working its way along the North river in tow of a small but very busy tug, looked like a block of frame houses. There were doors, windows and upper balcony, and to carry out the idea further, there were clotheslines extending along the balcony, with a woman hanging out linen to dry. The passengers on the ferry boats stared hard at the thing, exchanging opinions that the authorities must be moving a street from New Jersey to New York. As the affair swung around, it could be seen that there were apparently back yards attached, inclosed with board fences. "Now, what in Sam Hill is that?" blurted a red-faced man, who seemed to take his mystification as a personal affront. A quiet looking man, who may have been a city official, glanced pityingly at the red-faced questioner for an instant, and solved the problem by saying: "It is a public bathhouse, being taken from its winter quarters in upper New York to South Brooklyn." And so it was.

Subway Contractor May Survive.

It is thought now that Ira A. Shaler, who was severely injured by a fall of rock in a part of the rapid transit subway, for the constructing of which he has the contract, may recover. The lower part of his body is paralyzed, but today, for the first time, his physicians trusted themselves to say that he may pull through.

A Fine Catholic Church in Harlem.

Roman Catholics in New York soon will have another handsome church in the Harlem district. There were 10,000 persons present yesterday afternoon to witness the laying of the cornerstone of St. Luke's church in East One Hundred and Thirty-eighth street. Mgr. Joseph F. Mooney, vicar general of the archdiocese, directed the ceremonies, and several priests assisted him. The congregation of St. Luke's was founded five years ago by its present pastor, the Rev. John J. Boyle, and the first services were held in a stable.

Bishop Potter as Labor Peacemaker.

Bishop Potter, having recovered his health, will be asked to act as arbitrator in a labor difficulty. A dispute has arisen among the workmen employed in the erection of the new cathedral of St. John the Divine at Morningside Heights. There are two associations represented in the ranks of the workmen and there have been constant quarrels.

DEADLOCK IN SCHOOL BOARD IS UNBROKEN

Directors of Eighteenth Ward Unable to Select a Principal—One Hundred Votes Cast Last Night.

The deadlock in the school board of the Mt. Albion district, Eighteenth ward, was not broken last night; on the contrary, it seemed to be tighter than ever, for 100 ballots were taken, making 247 in all, and when the meeting adjourned the board was as far as ever from deciding who should be the school principal for the ensuing scholastic year. At the end the vote stood: Miss Rose A. McCleary 2, Miss Jennie E. Martin 2 and Reed Johnson 2.

Miss McCleary is the present principal of the ward, having served 20 years. Her term expires this week. Miss Martin is Miss McCleary's assistant, and she has been a teacher in the ward for 22 years. Reed Johnson is principal of the Millvale schools.

The board is queerly divided. Dr. E. W. Kirkpatrick and C. T. Facius favor Miss McCleary; James H. Gallagher and A. M. Miller are Miss Martin's sponsors, and Enoch George and David Skeehan happened to vote for Mr. Johnson, not because they will have nobody else but because they want a man to be the principal of the ward. Other male educators of the city were proposed during the balloting by Messrs. George and Skeehan.

The balloting was a monotonous performance. The first ballot began at the chairman's left, Mr. Facius casting the first ballot until all had voted. Then the man next to Mr. Facius began the next ballot, and so it continued for more than an hour, although about every 30 ballots a rest was taken and general conversation indulged in. Four votes are necessary to elect, and no candidate got more than three.

During the day Miss Martin's adherents in the ward had spread the story that Miss McCleary would withdraw in the evening, but the wish was probably father to the thought, for Miss McCleary was still running when the board adjourned to meet in regular session on July 2.

At the meeting of the Morse sub-district school board, Twenty-fifth ward, last night Miss M. D. Young of Crafton was re-elected principal of the schools on the first ballot. At a former meeting of the board the vote stood three in favor of and three against Miss Young, and after casting 20 ballots the meeting was adjourned. The principal objection to Miss Young was some of the directors were in favor of employing a male principal.

REPORT FORWARDED.

Annual Statistics of Allegheny Board of School Controllers Sent to Harrisburg.

G. W. Gerwig, secretary of the Allegheny board of school controllers, yesterday forwarded the report of the school district for the year ending June 2, 1902, to the state superintendent of public instruction at Harrisburg.

It was as follows: Whole number of schools, 407; male teachers employed, 41; female teachers employed, 366; average salaries of males per month, $146 16; average salaries of females, $61 75; number of male scholars, 9,630; female scholars, 9,704; average daily attendance, 14,615; average per cent of attendance, 89; cost of each pupil per month, $1 73; mills levied for school purposes, 2½; mills levied for building purposes, 2 27-100; amount levied for school purposes, $196,050 17; for building purposes, $181,907 31; total amount levied, $377,957 48.

Receipts—State appropriation for the year ending June, 1901, $91,304 06; balance on hand from last year, $304,671 66; from collector, including taxes of all kinds, $433,002 70; from loans since last report, $56,036 96; from other sources, $20,393 15, total receipts, $905,498 53.

Expenditures—Purchasing grounds, $3,508 83; building and furnishing houses, $220,103 15; renting, repairing, etc., $30,820 44; teachers' wages, $287,951 13; school text books, $6,093 86; school supplies, $11,505 88; fuel and contingencies, $31,280 41; salary of secretaries, $4,031; debt and interest paid, $121,048 83; other expenses, $52,405 94; total expenditures, $768,749 47; cash on hand, $136,749 06; amount borrowed and unpaid or debt on the district, $1,802,645 30; estimated value of grounds and buildings, $2,494,708 13.

PRESIDENT WILL BE THERE

He Will Witness the Athletic Sports at Schenley Park on the Fourth.

President Roosevelt will see the athletic sports at the Schenley Oval on the afternoon of July 4. Many persons seem to be under the impression that the president will not return to the park after the morning exercises, but this is a mistake. A. P. Moore, chairman of the amusement committee, announced last night that arrangements have been made by Mr. George T. Oliver, chairman of the reception committee, to take the president to the oval in the afternoon. The detail of this trip has not been planned and perhaps will not be announced publically.

More records may be broken at the annual intercollegiate meet at Mott Haven, but even that classic does not attract one-tenth of the crowd that turns out every year to see the athletes of Western Pennsylvania, Eastern Ohio, West Virginia and Maryland strive for honors at Schenley park. The official announcement that the president will be at the track was all that was needed to insure a successful meet. The entries will close next Saturday at midnight and the list turned over to the official handicapper next Monday.

HIGH SCHOOL PUPILS APPEARED AS ACTORS

Three Plays Presented by the Graduating Class of the Allegheny High School.

The graduating class of the Allegheny high school last evening, in place of the usual class night exercises, presented at the Alvin theater to a very large audience of their parents, relatives and friends three very delightful plays. There was an abundance of beautiful flowers, and ushers were kept busy handing them up over the footlights.

It was only through the vigilance of the seniors, assisted by the theater attaches, detectives and police, however, that the plans of the junior class to obtain possession of the theater as soon as the doors were opened and hold the best seats to the exclusion of the ticket holders, all for a joke, were frustrated. The first play presented was "A Gentle Jury," a farce in one act by Arlo Bates, with the following cast: Cyrus Hacket (the sheriff), Jay Denslow; Mrs. Dingley, Miss Eleanor Knox; Mrs. Blake, Miss Eleanor Dietrich; Mrs. Fritz, Miss Mary Puhl; Mrs. Dyer, Miss Isabelle Taylor; Mrs. Fairley, Miss Anna Gerber; Mrs. Small, Miss Mildred Miller; Mrs. Jones, Miss Elva Gerwig; Mrs. Fort, Miss Florence Boschert; Miss Skinner, Miss Lucy McCarty; Miss Sharp, Miss Edith Hazlett; Miss Jellyson, Miss Laura Doerr; Miss Smith, Miss Elsie Westhoff.

This was followed by "My Lord in Livery," a comedy in one act by S. Theyre Smith. The cast was as follows: Lord Thirlmere, Frederick Moore; Spriggott, an old family butler, Stanley James; Hopkins, a footman, John Wood; Sybil Amberly, daughter of Sir George Amberly, Miss Mary Cort; Laura and Rose, her friends, respectively, Miss Louise McMillan and Miss Bertha Lotz.

The evening's entertainment closed with the very amusing farce in one act by Thomas J. Williams, entitled, "Ici on Parle Francais." The cast was as follows: Major Regalus Rattan, James Burgess; Victor Dubois, Edwin Cox; Mr. Spriggins, Ralph Cox; Mrs. Spriggins, Miss Mary Stewart; Angelina, their daughter, Miss Carrie Linnekin; Julia, wife of Major Rattan, Miss Blanche Krouse; Anna Maria, maid, Miss Virginia Cochran.

The excellent work of the students was due to the instruction of George E. Flaccus.

Commencement at Carnegie.

Carnegie Music hall, Carnegie, was crowded last night and hundreds were turned away of those wishing to witness the commencement exercises of the Carnegie high school. Miss Mary C. Newman, who took first honors, was valedictorian. Prof. J. A. Brashear made an interesting address, while Prof. George, the principal, awarded diplomas to the ten graduates.

PERSONALS

"I have been located in the hill villages of India for the past 30 years," remarked the Rev. J. W. Wilson of New York at Union station last night. "The bubonic plague is spreading in India, and when I passed through Bombay the people were dying by the hundred. All business was at a standstill, and Bombay was a city of the dead. In every part of India the plague has a foothold, and the natives are dying by the hundreds."

G. H. Haddon of El Paso, Texas, passed through the city last night. "The Beaumont oil field," he said, "has brought more money into Texas than has been there in the past ten years. Land that would not grow prairie grass has sold for sums never dreamed of by the owners, and as a consequence everybody in Texas has a bank account. A new field is being developed about 150 miles west of the Beaumont district."

Alfred S. Moore of Beaver, Pa., who was recently appointed judge of the second district court of Alaska, left last night for Nome, which will be his headquarters. Mr. Moore's private secretary, Mr. Lovejoy of Pittsburgh will start for Nome in a few days. THE BIBLE IS READY FOR THE CORONATION

It Is the Joint Gift of Oxford and Cambridge Universities to Archbishop of Canterbury.

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1902, by the New York Herald Co.)

LONDON, June 23.—The Bible which will be used in the coronation ceremony is what is known as an Oxford Bible, and has been exquisitely bound by Henry Frowde at the Oxford university building here. It is the joint gift of the universities of Oxford and Cambridge to the archbishop of Canterbury, but after the service it becomes—as a perquisite—the property of the bishop of Winchester.

It is a large quarto, and the binding is red polished Levant Morocco. On each cover is a Tudor rose border, and on the front there is a cottage roof center design inclosing the royal arms; on the back the arms of Edward the Confessor, Oxford university, Cambridge university and Westminster abbey. The doubluire is of Russian leather, with a plain border, the rose, shamrock and thistle being introduced as ornaments. The coronation Bible has no clasp or metal borders.

In the coronation service the Bible is twice mentioned. The king takes the coronation oath "laying his right hand upon the holy gospel in the great Bible, which is now brought from the altar by the archbishop of Canterbury and tendered to him as he kneels upon the steps." The second occasion on which it is referred to is when it is presented to the king by the archbishop, who says: "Our gracious King, we present you with this book the most valued thing that this world affords. Here is wisdom; this is the royal law; these are the lively oracles of God."

GINGER IN THE DEBATE

Comparison of Philippine and Civil Wars Stirs up Interest in Civil Government Bill.

WASHINGTON, D. C., June 23.—Debate on the civil government bill warmed up in the house today and henceforth promises to be much livelier. The increased interest is due to the injection into the debate of a comparison of the cruelties charged to have been practiced in the Philippines with those which occurred during the civil war.

The subject has been lightly touched upon once or twice before, but attracted little attention until Mr. Grosvenor today revived the memory of the extremities to which Grant and Jackson were put during the rebellion. This was followed late in the day by a speech from Mr. Mahon of Pennsylvania, in which he paraded the horrors of Andersonville and Libby prisons. He predicted that in the coming elections the American people would stand by the "boys in blue."

Mr. Grosvenor, in his speech, also defended the rules of the house against the criticism passed upon them and paid a high tribute to Speaker Henderson's impartiality.

Mr. DeArmond spoke at considerable length in opposition to the administration's Philippine policy, and Mr. Olmsted of Pennsylvania spoke on the administration side.

BANK CHANGES OWNERS.

John Murphy of Pittsburgh Sells Out to the Sharon Savings and Trust Company.

SHARON, PA., June 23.—(Special.)—John Murphy of Pittsburgh, vice president of the First National bank of Sheraden and a director of the Federal National of Pittsburgh, who recently purchased every share in the Sharon National bank, sold out his interest in the latter concern today to the Sharon Savings and Trust Company. The consideration was over $200,000.

The trust company had a meeting immediately thereafter and elected these officers: President, W. A. Roberts, Pittsburgh; vice president, the Hon. Samuel McClure, Sharon; secretary and treasurer, I. C. Moore, Sharon; directors, W. A. Roberts, John Murphy, Peter Dick, J. L. Cooper all of Pittsburgh; Samuel McClure, John Phillips, Simon Perkins, S. C. Koonce, John C. Owsley, Enoch Filer, I. C. Moore, John Forker C. Q. Carver and E. A. Wheeler, all of Sharon, and D. G. Devitt of Sharpsville. The trust company has a capital of $300,000.

THREE MEN KILLED.

Gen. B. W. Spencer and Col. R. B. Reading Have Narrow Escapes.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SEA GIRT, N. J., June 23.—The partially completed rifle range caved in at 6 o'clock today, catching three men between the toppling front walls and the rear wall, crushing them to death.

Gen. Bird W. Spencer, the inspector general of rifle practice of New Jersey, and his assistant, Lieut.-Col. Richard B. Reading, who had only the moment before stopped to talk to the men while on inspection of the work, had narrow escapes.

The men killed were Anson Hale, John B. Marsh and Jacob Schibley, residents of Manasquan, N. J. All three are married.

THE DEATH ROLL.

John R. Sweeney.

WASHINGTON, PA., June 23.—(Special.)—John R. Sweeney, a prominent business man of Washington, died at his home on South Main street this afternoon from dropsy, aged 61. He was born in Washington and had lived here all his life. His father was the late Sample Sweeney, a merchant and pioneer settler. He never married, but is survived by the following brothers and sisters: Alexander Sweeney, Steubenville; and Sarah, Mary and Katherine Sweeney and Mrs. Rebecca Black, all of Pittsburgh.

Jeremiah Burchinal.

UNIONTOWN, PA., June 23.—(Special.)—Jeremiah Burchinal, one of the prominent citizens of Georges township, was buried today. He died after a short illness from pneumonia. At the close of the civil war he became the leading merchant at Smithfield and during his later years followed farming. His family is of French descent and emigrated from Normandy early in the 18th century, settling near Morgantown. He was the father of Hugh A. Burchinal, a brick manufacturer of this place, and three other children at home.

Miss Annie H. Cole.

Miss Annie H. Cole, eldest daughter of the Hon. Charles L. Cole, United States consul to Dresden, Saxony, died at that place yesterday morning. Word of Miss Cole's death was received yesterday in Pittsburgh, where Consul Cole and his family are well known and where Mr. Cole was formerly in business. Mr. Cole was appointed consul to Dresden by the late President McKinley shortly after he was inaugurated the first time. Miss Cole is survived by her parents and one sister, all living in Dresden.

William Clark.

MONONGAHELA, PA., June 23.—(Special.)—William Clark died today at 1 o'clock at his home in Howard street this city, in the 82d year of his age, of dropsy. Mr. Clark was born at Hopewood, near Uniontown. For 75 years he has been a resident of this place. He was twice married. His first wife was Miss Janet Temple. After her death he married Miss Mary Jane Hall, who, with one son, William, Jr., and one daughter, Mrs. Isaac Smook, survive him.

Charles T. Child.

NEW YORK, June 23.—Charles T. Child, technical editor of the Electrical Review of New York, died today at Glensondale, Mass., from typhoid fever. Mr. Child, who was but 35 years old, was a widely-known writer on electrical and scientific subjects. He was the assistant of Frank J. Sprague in building in 1887 the first electric railway in the United States at Richmond, Va., which city was his birthplace.

Miss Eliza A. Bigham.

Miss Eliza A. Bigham, 46 years old, a sister of Kirk Q. Bigham, a former member of common council for many years, died yesterday morning at her brother's home in Woodville avenue, Mt. Washington. Miss Bigham was well known on Mt. Washington and was a member of the Grace Protestant Episcopal church, where the funeral services will be held tomorrow afternoon.

Mrs. T. D. Trussell.

WASHINGTON, PA., June 23.—(Special.)—Mrs. J. D. Trussell died at her home near Claysville today, aged 45 years. She was a daughter of the late James Selby of Washington county and was a member of an old and prominent family. In 1880 she married J. D. Trussell, for many years principal of the Claysville schools. She is survived by her husband and one son, Howard, of Claysville.

Miss Ivy M. Taylor.

BLAIRSVILLE, PA., June 23.—(Special.)—Miss Ivy M. Taylor, a popular teacher in the public school, died here last evening of internal hemorrhage, which caused bleeding through the nose. She had taught school here for several years, and was well known. The funeral will be held tomorrow afternoon.

Obituary Notes.

Miss Elizabeth Reed, 21 years old, daughter of Mrs. Catherine Reed, is dead at the family home in Jane street, Carnegie. She was a member of St. Luke's Roman Catholic church.

Mrs. Betsey Smith, 67 years old, wife of Thomas Smith, is dead at the home of her son, John Austin, No. 1226 Tube Works alley, McKeesport. Her husband and three children survive.

DANISH ISLAND SCANDAL

Dalzell's Probing Committee Considers Letters on the Matter, Further Discrediting Gron.

WASHINGTON, D. C., June 23.—The special committee of the house of representatives, which is investigating charges in connection with the purchase of the Danish West Indies, resumed its sessions today, and Chairman Dalzell laid before the members a number of papers, including letters from the United States minister to Denmark, Mr. Swenson; Henry White, secretary of the United States embassy at London, and Capt. Walter Christmas, who has been the central figure in connection with the charges.

Mr. Swenson's letters enclose that handed to him by Capt. Christmas, in which Christmas says Nells Gron obtained his confidential report by foul means; that he has reason to believe Gron falsified it, and denies a number of allegations which it contained. He says he never tried to impress Minister Hörring with the idea that bribery was the only way of getting the islands sold. He had not given the name of any congressman in connection with the use of money. He makes a general denial of several matters.

H. H. Rogers of the Standard Oil Company sent a letter in which he says he had but one interview with Christmas, and that was devoid of importance. He added: "The story he tells as to my claim, the ownership of 26 United States senators, is simply a falsehood, and so absurd on its face that it is hardly worth referring to."

Richard P. Evans, one of the attorneys mentioned, denied some of the statements made concerning himself.

Mr. Rogers will not be asked to appear, but Chairman Dalzell has written him to forward an explanation of a dispatch which Christmas quoted as sent by Rogers, saying the negotiations were again on. The committee will reassemble later.

YANKEE PRISONERS OF WAR.

Secretary Hay Gives List of Those Claiming American Citizenship.

WASHINGTON, D. C., June 23.—The president today, sent to the house of representatives a response to a resolution asking for the names of all American citizens detained by the British authorities as prisoners of war in connection with the recent war in South Africa. Secretary Hay gives these names of prisoners claiming American citizenship:

In Ceylon—Henry McG. Wood, F. M. Hearne, James McElroy, John Riley, John P. Doherty, W. F. Versleues, G. McTighe, J. Witt, H. Elbriest, J. Hill, Medal Miller and Patrick Lennon.

In Bermuda—James L. Malley, Antonio Rubino, Fritz Du Quesne and Michael Halley.

Miller is said to have been a resident of Petersburg, Va.; Lennon of Butte City, Mont.; Malley of Boston; Rubin of New York; Halley of Nevada and Du Quesne of the Indian territory.

The secretary says: "The prisoners in general have asked to be released as an act of clemency. Whenever a complaint of illegal detention has been made the consular officers at Cape Town and Pretoria have been instructed to make investigation. In any case, the result of this investigation has not justified the department in asking the release of the prisoners on the ground of wrongful detention. The ambassador of the United States at London, under instructions from the department, has made several efforts to secure the release of these prisoners on parole on the understanding that they would return to the United States, but without success, except in the case of Medal Miller. The rule of the British government has been that the application for release would be considered only in cases where the prisoners were seriously or dangerously wounded."

SLASHER JACK GETS 20 YEARS FOR BURGLARY

Judge Evans Makes an Example of a Vicious Furniture Destroyer.

HE HAD BEEN A CONVICT

Joseph Durbin Was Found Guilty of Entering Four Houses, Cutting Upholstery and Curtains and Stealing Valuables—Other Cases.

Joseph Durbin, better known as "Jack the Slasher," was found guilty of four charges of burglary in the criminal court yesterday and was sentenced to the Western penitentiary for a term of 20 years, five years on each charge. The jury was out but a short time and he was sentenced immediately.

JOSEPH DURBIN.
"Jack the Slasher."

Many of the witnesses called were officers whose beats were in the vicinity of the crimes. Officer John J. Jennings testified that he arrested the defendant on June 3, in Cliff street, while he was hiding behind a fence. He said his attention was drawn to the defendant because of his peculiar actions. The prisoner told him different stories about where he lived, first giving Twenty-eighth street, and then Fortieth street.

Col. James Shaffer of No. 1003 Bluff street testified that his house had been entered on May 25, his furniture and curtains cut and slashed and his hat stolen. He identified the hat found on the prisoner as his own and showed the one left by the intruder.

Broke Into Maxwell's House.

Mr. Maxwell of No. 3331 Liberty avenue offered in evidence a hat and cushion cover, both having been slashed by the person who broke into his house on the morning of May 31. He said when he came down stairs that morning he found his door open and the lights in his house burning. Miss Maxwell identified the pocketbook and scarf pin found on the defendant, which, she said, were stolen the morning her father's house was entered.

James Walker, who lives in the vicinity of Mr. Maxwell's home, testified that when he went to work on the morning of May 31, he saw a man standing in Maxwell's doorway. He identified the defendant as the man.

Mr. Berringer of Main street, whose house was entered in a similar manner and a watch stolen, identified the watch found on the defendant when arrested.

Detective J. A. Steel of Allegheny testified that in October, 1899, he arrested the defendant on a charge of larceny and that he was tried, found guilty and sentenced to three years in the penitentiary under the name of Frank Kiellovick.

His Penitentiary Photograph.

Photographs were shown as evidence to corroborate Detective Steel's testimony. The pictures were taken just after the defendant was sentenced and before he was discharged. The records of the penitentiary show that he was released on February 8 last. David Thomas and W. J. Buchanan, keepers at Riverside, identified the defendant as the man who served time in the penitentiary under the name of Kiellovick.

Durbin was placed on the stand. He said he was drunk the night he was arrested and had been sleeping in the grass. He denied having entered the houses of the witnesses who had testified against him, and said he did not steal the articles found on his person when arrested. He said he purchased the watch, pocketbook, scarf pin, hat and napkin at a second-hand store in Smithfield street six or seven weeks ago. He came to Pittsburgh a few months ago and had worked at two different places since he had been here. In all he worked 19 days. He gave his home as Fortieth street, and said he always remained at home in the evenings.

Defendant Denied the Crimes.

When arrested he had $21 in money, which he said was the money he earned while working. When asked where he got the money to purchase the watch, etc., he said he earned it during the 19 days he worked and had $21 over. He worked at common labor.

The defendant denied ever having been in the penitentiary.

When charging the jury Judge Evans said that the fact must be taken into consideration that the defendant said he had worked 19 days at common labor, and from the proceeds of his work saved $21 and purchased a gold watch, pocketbook, scarf pin, etc., and lived on the same for several months.

In the same court Elias Ziegler was found guilty of a charge of misdemeanor for the alleged sale of adulterated vanilla extract, preferred by F. M. Powell. Zeigler, who keeps a grocery store at No. 3710 Butler street, was charged with selling the vanilla which was said to be unfit for use. It was also shown that the bottle was not labeled "compound." Zeigler claimed he had the extract for show and had never sold any of it. He said it was in the stock of the store when he purchased it some years ago. Sentence was not imposed.

LIVES WITH BROKEN NECK.

Mrs. R. J. Buck Wants $50,000 Damages from the City of McKeesport.

Richard J. Buck and his wife yesterday entered suit against the city of McKeesport for $50,000 damages for alleged injuries received by Mrs. Buck, who, it is said, had her neck broken and still lives.

It is charged the city allowed a portion of Fifth avenue to become in a dangerous condition, and upon the night of October 15 last, the buggy in which she was riding hit an obstruction and she was thrown out on her head and shoulders. It is alleged that aside from the broken neck, her head was badly cut, and that she was in the McKeesport hospital for six weeks.

YOUNG WIFE'S STORY.

Says She Was Forced to Perjure Herself, Although Only 13 Years Old.

Judge Rodgers, in common pleas No. 2, yesterday took up the divorce trial list. One of the cases heard was that of Lena Saylor against Robert Saylor. The libelant is 15 years old, although her appearance would indicate she is older. She declared she was 13 years old when she married the respondent.

Mrs. Saylor swore a woman induced her to marry Saylor, and that they went to Youngstown, O., where, under threats of leaving her there, the respondent compelled her to swear she was 21 years old, which she did. They lived together for three months, and the wife says she was compelled to leave her husband on account of his abuse.

Another case heard was that of J. E. Hays against Priscilla M. Hays. They were married in Washington, D. C., in March, 1896, and lived together 16 days. Hays came to Pittsburgh and his wife refused to accompany him, preferring to live with her mother at Wilkesbarre.

Alexander Doenty of No. 3606 Penn avenue, who sued Cornelia Doenty for divorce, swore that they were married in Chicago, July 8, 1882, after which they came to Pittsburgh. The libelant says his wife went back to Chicago several years ago with a man named Adams.

In the case of Sarah Barnett against William Barnett, desertion was charged. It was testified the couple fought over a crate of raspberries, when the respondent packed his clothes and left.

Other cases heard in which desertion was charged are the following: Sophia Rotkfenkirchen against Charles Rotkfenkirchen, Jennie F. Hanna against Herman Hanna, Letitia Pritchard against Martin Pritchard, Maud Harkins against Frank B. Harkins, Jacob Schwartz against Celia Schwartz, Julia Schlagel against George Schlagel, Fannie Frederick against Charles Frederick.

PICON NOT GUILTY.

Jury Found He Killed His Wife While Shooting at a Supposed Burglar.

After being out for a few minutes, the jury returned a verdict of not guilty in the case of Manuel F. Picon of Mt. Washington, tried on a charge of involuntary manslaughter for the killing of his wife on December 25.

The defendant said he had killed his wife accidentally. Early last Christmas morning his wife awakened him and said she heard someone moving around the lower part of the house. He arose, procured a small rifle and, telling his wife to go back to bed, started downstairs to investigate. He said he had to go to an adjoining room for charges for the rifle and when he got to the head of the stairs he heard some one moving below him. He fired at the form, heard the body drop and went back to find his wife. He could not find her and upon investigation discovered her lying in a pool of blood in the hall below. He claimed he did not know of her presence down stairs and had shot at what he supposed to be a burglar.

James Hartle, a neighbor, testified that he had been awakened by Picon pounding on the wall which separates their apartments. He said he found Mrs. Picon on the floor of the hall with a bullet wound in her breast and Picon bending over her, almost insane with grief. He said Picon told him he had shot his wife accidentally.

Several other witnesses were called, who were at Picon's home soon after the shooting and each claimed Picon told of the shooting as he described it while on the stand.

HANSEN WINS HIS CASE.

Judge Buffington Permits Him to Dispose of His Steel Car Patents.

Judge Joseph Buffington yesterday handed down an opinion in the United States circuit court in the case of the Pressed Steel Car Company against John M. Hansen, an action to restrain the defendant from disposing of six patents and applications for patents.

The court allows Mr. Hansen, now president of the Standard Steel Car Company, to make assignments of these subject to the final decision of the court. It is also ordered that the applications for patents shall be placed in the hands of an attorney from each side, pending the final granting of the patents.

LEGAL BRIEFS.

Joseph Marchinic sued Frank Glognaric for $300 damages for alleged slander. A capias was issued for the defendant.

Rachel H. Gray and others filed a bill in equity against the borough of North Versailles to prevent the changing of the grade of a public road.

The defendant in the suit of Mrs. Sarah E. McCoy against Rev. John M. Thomas for breach of promise, in which the defendant was given a verdict, filed his bill of costs, amounting to $81 50.

The will of Hugh Grayton of Pittsburgh was filed. His estate is worth $76,000. The St. Vincent de Paul Society gets $100 a year for five years, the residue of the estate goes to the wife and children.

An answer was filed in the divorce case of Ezra Hildebrand against Lizzie Hildebrand. The respondent denies desertion and alleges that she and her husband signed articles of separation, which is a barrier to the libel in divorce.

A statement was filed in the case of Mary Smith against Isaac Reese for $10,000 damages for breach of promise to marry. It is claimed the defendant proposed and was accepted upon March 13, 1899, that the wedding was set for some time in the following September, and that when the time arrived he refused to carry out his promise.

Jane Toppan Not Guilty, But Insane.

BARNSTABLE, MASS., June 23.—Jane Toppan, the Lowell nurse charged specifically with poisoning Mrs. Mary E. Gibbs at Cataumet, Mass., last August, but suspected of being implicated in the mysterious deaths of at least 10 other persons, was acquitted today on the ground of insanity. By order of the court she was committed to the Taunton asylum for life.

Toronto Strike Settled.

TORONTO, ONT., June 23.—The strike of the street railway employes is ended by the signing of a compromise. The offer of the company was to pay from 17 cents to 21 cents per hour, according to the number of years in continuous service.

Society

An interesting social event of yesterday was the coaching party and handsomely appointed breakfast at the Pittsburgh Country club given by Mr. and Mrs. James I. Buchanan in honor of Miss Margaretta McDowell Patterson, daughter of John M. Patterson of Rippey street, East End, and Lucian Chipman Fuller of Chicago, who are to be married this evening in the East Liberty Presbyterian church. The guests included the entire wedding party. After a drive through the park and over the boulevard, the party breakfasted in the main dining-room of the club, and it was late in the afternoon before they returned to the city. Miss Patterson is a niece of Mrs. Buchanan.

The round of entertainments which have been given for the Patterson-Fuller wedding party were brought to a close by a dinner given by Mr. and Mrs. John M. Patterson, parents of the bride-elect, at their residence in Rippey street last evening, following the wedding rehearsal at the East Liberty Presbyterian church. Covers were laid for 14.

A Sewickley Reception.

The lovely new home of Mr. and Mrs. Edward O'Neil on Beaver street, Sewickley, was formally opened last evening with a large and handsome reception. The house has been built for over a year, but the conventional house warming had always been delayed until last evening. The new home takes the same name as the old one, "Wisterias," although the large number of wisteria vines which made the old home famous and from which it derived its name, have not been replanted.

It was desired to have the affair last evening in the form of a lawn party on the spacious lawns surrounding the house, but the cold and damp weather prevented it. The porches were used, however, as well as a large enclosed pavilion which had been built especially for the occasion. At 8 o'clock the reception opened and between 300 and 400 people were present during the evening, 650 invitations having been issued to Sewickley valley and East End friends. Mr. and Mrs. O'Neil received alone. Mrs. O'Neil was handsomely gowned in green silk crepe de chine, with trimmings of Spanish lace and her daughter, Miss Florence O'Neil, wore a delightful creation of white silk mulle, with valenciennes lace trimmings.

Following the reception supper was served in the pavilion and at 10 o'clock it was cleared and dancing was engaged in for the remainder of the evening. The house is at all times quite handsome in appearance and the very elaborate decorations last evening presented a very charming sight. Through the center of the house a wide hallway runs, from which the winding stairway ascends and on either side are large and elegantly furnished rooms. The parlor was all in white, the flowers being white lilies. The receiving party stood in the drawing room and high masses of pink roses with pink trimmings for the chandeliers and mantels, presented a pleasant sight. In the dining room yellow marguerites were used and in the hall the color was red, the stairway being artistically entwined with rambler roses. In the pavilion and on the porch an abundance of palms and Japanese lanterns were used in the decorations. A number of the guests were from Pittsburgh. Mrs. William G. Naylor from Philadelphia, Mrs. O'Neil's sister, was present, and Anthony Euwer of New York city also came on for the affair. Miss Eselle P. O'Neil and her fiancee Dr. George Howard Lycie, whose wedding occurs in Ben Avon this evening, were the honor guests of the evening.

The Annual Contests.

The annual contest for the gold medal for young men students of King's School or Oratory will be held this evening, and on Wednesday evening the ladies will contest. Thursday evening the students will hold a Shakespearean carnival at the Grand Opera house, presenting characters from notable plays. The graduating class includes J. Merill Williams, Irvin Cookman Stover, Miss Myrtle Loris Korner, Miss Anna Laura Cleaver, Miss E. Irene Rink, Miss Stella Suzie Davis, Miss Ida S. Mickley, Joseph W. Harnley, Miss Ida Geer, C. W. Harlan, Miss Helen H. Swezey, Miss Mabel Wright, John Chambers, Emil Nelson, Miss Alberta N. Renshaw, R. Edgar Wilson, Miss Mary B. Williams, Miss Ivah H. Patterson, Miss Harriet M. Jones, Miss Leonora E. Shaw, Miss Florence Edna Girton, Miss Myrtle Jane Randolph, Miss Edna Rose Spencer, Miss Daisy L. Ringwalt, Miss Kate Puller, Mrs. O. B. Nelson; dramatic course, Mrs. Margaret T. Zeigler, Hewitt Marsh.

A Pretty Luncheon.

Mrs. W. B. Rodgers of Bellevue gave a luncheon yesterday in honor of her niece, Miss Carrie Scott, who with a number of other girls who are members of the class of '02 at St. Margaret's school, Waterbury, Conn., is being extensively entertained in the Sewickley valley. The luncheon was a very handsome affair and an abundance of spring flowers formed the table decorations. Following the luncheon the party indulged in a ping-pong tournament. Among the guests were Miss Edna Brooks of Germantown, Miss Margaret Leroy of Wissahickon Heights, Miss Elizabeth Nauman of Lancaster, Miss Louise Kingsley and Miss Marian Robbins of Buffalo. These young girls form a gay house party at the residence of Miss Jane Blair of Sewickley.

Fifth Wedding Anniversary.

Mr. and Mrs. M. I. Cohen of Black street, East End, yesterday celebrated the fifth anniversary of their marriage with a dinner for 24 persons. The table was beautifully decorated with white and pink carnations, and the handsome gifts sent to the bride of five years were displayed to great advantage. Mrs. Cohen is a daughter of Mr. and Mrs. E. Doeblin, well-known residents of Pittsburgh. Among the guests were Mr. and Mrs. A. Bucholtz and family, Mr. and Mrs. S. S. Blau, Mr. and Mrs. G. Schlimpen and family, Mr. and Mrs. A. Doeblin, Phil Doeblin, Miss Martha Doeblin, Reuben Doeblin and B. Silverman of New York.

Lawn Fete at Avalon.

The ladies of the Presbyterian hospital auxiliary of Avalon will give a lawn fete for the benefit of the hospital on Thursday evening, June 26, on the lawn of the Avalon Presbyterian church, Birmingham avenue and Orchard street. Among the attractions promised are good music, cool refreshments, candy, fancy work and the great Pan-American Midway. A peddler's parade will be a feature at 8 o'clock. The ladies have provided ample shelter in case of bad weather.

A Wedding Announcement.

The announcement is made of the engagement of Miss Alma Marshall, daughter of Mr. and Mrs. E. D. Marshall of East Liverpool, O., to H. Herner Knowles of New York. Miss Marshall has been at the Pennsylvania College for Women, Fifth avenue, for the past two years and is very well-known in Pittsburgh society. Mr. Knowles is the son of the late Homer S. Knowles and is now a junior member of the Knowles, Taylor & Knowles Company, potters of East Liverpool, Ohio. Mr. Knowles has been in New York for about ten years and is very well-known in the society of that city. The wedding will take place in August.

Costillac-Sappie.

Miss Harriet Costillac and Emile Sappie of Braddock were married at 7 o'clock yesterday morning in St. Brendan's R. C. church, Braddock, by the pastor, the Rev. Father Patrick Molyneaux. Miss Bertha Costillac was the bridesmaid and Albert Sappie the best man, sister and brother of the bride and groom, respectively. The wedding was followed by a reception and dinner at the home of the bride's parents, Mr. and Mrs. Henry Costillac, No. 532 Hawkins avenue, North Braddock.

Schluchter-Krohe.

Miss Bertha Schluchter of Butler, Pa., and George Krohe, son of George Krohe, Sr., well-known merchant of Braddock, were married last evening at 5:30 o'clock at St. Joseph's German Catholic church, George street, Braddock, by the pastor, the Rev. Father P. F. May. There were 100 guests. Miss Martha Koerth of Edgewood was bridesmaid and Henry Klaiber of Braddock, the business partner of the groom, was best man. Following the ceremony there was a wedding reception and supper at the home of the groom's parents. The couple left last evening for a tour of the lakes and in Canada.

Cavanaugh-Wood.

Miss Mamie Cavanaugh, teacher of painting and drawing in Waynesburg college, and Earl Wood of Waynesburg, were married yesterday. The ceremony took place at 2 o'clock, the Rev. Father Maloney of St. Ann's Catholic church officiating. The groom was a member of Company K, Tenth regiment during its service in the Philippines.

Coates-Graham.

D. W. Graham of Toledo, a traveling salesman of New York, and Miss Anne J. Coates, a popular school teacher of Steubenville, O., were married at the home of the bride's mother yesterday by the Rev. R. A. McKinley.

Notes of Society.

Mr. and Mrs. Arthur Vining Davis of the Hotel Schenley have taken a house at Oakmont for the summer.

Mr. and Mrs. Ralph Baggaley, accompanied by their family, have taken up their quarters for the summer at Allenhurst, N. J.

The engagement is announced of Miss Mae A. Tresham, daughter of Mr. and Mrs. Vincent Tresham of Brooklyn, N. Y., and Maurice G. Costello of this city.

A strawberry and ice cream festival for the benefit of the Mt. Nebo Presbyterian church of the Sewickley valley will be given this evening in the church edifice near Glenfield.

Mr. and Mrs. Henry Pearson of Allegheny have gone to their country home at East Saugus, Mass., for the summer. Mr. Pearson is the principal of the Allegheny Preparatory school in Lincoln avenue.

The members of the Mother's Jewel society of the Sewickley Methodist Episcopal church have been making great preparations for their annual festival, which is to be given in the chapel of the church this evening.

The wedding of Miss Harriet Norris Richards, daughter of Mr. and Mrs. William Richards of Maple avenue, Sewickley, to Chester Aiden Grover of Chicago, will take place at the residence of the bride's parents on Saturday evening.

The marriage of Miss Mary Ash, daughter of Rev. Andrew J. Ash of New Kensington, to Mr. William Riley Alter of Parnassus, will take place this evening at half past eight o'clock in the First Methodist Episcopal church of New Kensington.

Invitations have been issued for the marriage of Miss Ida Josephine Bailey of Oakland square to Mr. Matthew Joseph Lawton on Wednesday evening, June 25, at St. Peter's P. E. church, Forbes and Craft avenue. A reception will follow the ceremony at the residence of the bride's parents.

It is understood that a number of handsome luncheons, dinners and other events will be given next week during the session of the American association for the Advancement of Science for the entertainment of the distinguished scientists and visitors. One of the most important of these affairs will be a lawn party on Wednesday afternoon for several hundred invited guests, given by Mrs. Thaw at her beautiful residence, Lyndhurst, Fifth avenue, East End.

Miss Cowley, the daughter of Mr. and Mrs. John F. Cowley of Allegheny, a graduate of Vassar in 1901, who won the post-graduate course prize in a competitive examination and who has just completed this extra year, has been elected assistant professor of mathematics at Vassar to succeed Miss Gentry, and will take charge in the fall. Miss Gentry will come to Pittsburgh to be assistant principal at Miss Glenn's school for girls in South Negley avenue, East End.

Miss Helen Cordelia Heasley and Mr Thomas Ford of Allegheny will be married on Thursday evening at the family residence, No. 4 Meade street, at 6 o'clock. Mrs. J. Cookson Umstead, a sister of the bride, will be matron of honor and Mr. James Ford, a brother of the groom, will be best man. The ceremony will be performed by Rev. N. S. Lockard of Rochester. Only a few relatives and immediate friends of the family will be present. Mr. and Mrs. Ford will take an extended eastern journey after the wedding supper and will be at home to their friends in Garfield avenue after August 1.

SELF-ADMINISTERED POISON.

Hundreds of people deliberately poison their systems eating. Scientists have proven that uric acid is derived mainly from beefsteak, which people eat from habit. This acid is not found in vegetable foods. Uric acid is best known as the cause of rheumatism, but to its effects apoplexy, Bright's disease and hardening of the arteries, which causes premature age, are traced. The prevention of uric acid may be found in a diet of Toasted Wheat Flakes, which are sweetened with Malt Honey. This is a dextrinized (browned) food, which makes strong muscles and an alert mind. These flakes are delicious, satisfying and strengthening. Toasted Wheat Flakes are sold by grocers in packages bearing a picture of the Battle Creek Sanitarium.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Chicago, June 23.—There would have been little excitement in today's game between Pittsburgh and Chicago had it not been for a real fist fight between Tinker and Conroy while the fourth inning was in progress. The men went at each other like a couple of gladiators in the ancient Coliseum, and before they were separated each had landed an effective blow which marked his opponent's face. Then Umpire O'Day dragged them apart and told them to find the bench. Each walked off the field meekly enough, but each was glaring at the other in a way that meant something is to be expected if they happened to meet each other face to face at any point away from the ball field.

Players Lacked Ambition.

After Sunday's stirring conflict the players seemed to lack baseball ambition, and the game dragged along in a miserable way, the Pirates winning all of the time and finishing the last inning to the good by the score of 7 to 2. They made three of these in the third inning, three more in the seventh and the last one in the eighth. In this inning Williams, who had pitched a fairly good game, was hit in the leg by a swiftly batted ball and was forced to leave the slab. Rhoades took his place.

There was little talk about the game, however, after Tinker and Conroy had their melee, everybody wondering what the penalty would be. The trouble began yesterday afternoon when Tinker claimed that Conroy held him at second and thus cheated him out of a base.

Conroy, according to Tinker, did the same thing today, and the little shortstop, losing his head for a moment, let drive his right, which landed on Conroy's neck. It was an ugly swing and almost caused the Pirate to lose his feet. But he recovered in an instant and delivered a straight-arm jolt just under Tinker's left eye. Then both forgot everything else but punching and swung wildly at each other until they were separated by O'Day and the other players who crowded around and endeavored to restore them to good humor. The fracas will be a heavy blow to both teams. Umpire O'Day tonight made a full report to the executive committee of the National league and James A. Hart was authority that each will be suspended for 10 days.

Game Was Full of Errors.

The Pirates won the game with considerable ease, although neither team did sufficient good playing to deserve a victory. There were 10 errors made and these were evenly divided between the two clubs.

Chicago started by scoring two runs in the first two innings, but these were all Selee's men could get, while errors and drives coupled in the third and seventh put the Pirates on the safe side of the fence. The score:

CONROY AND TINKER.

Chairman Brush Suspends Both of the Players.

INDIANAPOLIS, IND., June 23.—John T. Brush, chairman of the National league executive committee, tonight announced the suspension of Tinker of Chicago and Conroy of Brooklyn, pending an investigation of their case by the board. Both were ordered out of the game today in Chicago because of an encounter and report was immediately made to Chairman Brush.

WALCOTT BESTED WEST.

Only a Small Crowd Present to See the Fight Which Went to the Limit.

LONDON, June 23.—Joe Walcott, the colored pugilist, won his fight with "Tommy" West of Brooklyn for the welterweight championship on points. This contest proved somewhat of a disappointment to the spectators at the National Sporting club, as it lacked the vigor which has characterized the previous meeting of these two men.

Walcott fought for the body and did a deal of effective work; he was quicker in his movements than his opponent, and West was in a poor plight before the conclusion of the second round. After this round he improved and landed some severe jabs on Walcott's mouth. The two men were repeatedly in holds and the referee was compelled to separate them. In the later stages of the fight West fought gamely, but to no purpose; the negro was tiring him out and waiting for a chance to get in a finishing punch. This opening never came, the bout lasting the full 15 rounds, and at the end Walcott was an easy winner on points.

The betting started at 5 to 4 on Walcott. Both fighters were in perfect shape, but the contest was spoiled by clinching. The attendance for this fight was small, but among those present were several well-known boxers and American jockeys, and the amateur pugilists from Harvard and Yale universities.

WANTS ONLY THE BEST.

Capt. Sam Brown Is Anxious to Outshine Whitney and Keene on the Turf.

NEW YORK, June 23.—(Special.)—Capt. S. S. Brown of Pittsburgh, the millionaire coal magnate, who has just spent a mighty good sized fortune in the purchase of an additional breeding establishment in Kentucky, and of the purchasing of yearlings, is at the Hoffman house for a few days looking after some of his large interests on the metropolitan turf.

It is said that the main purpose of Capt. Brown's visit here is to negotiate for the purchase of several crack horses now running at Sheepshead. It is known that he has had men looking over Major Daingerfield, Colonel Bill, Old England and several other horses who have made good showings at the Gravesend and Sheepshead Bay tracks this year.

Close friends of Capt. Brown say that he is willing to spend several fortunes in order to acquire the above named and other crack horses, as he is anxious to become a contender of William C. Whitney and James R. Keene in the matter of having a leading stable here. Well informed horsemen said tonight that the purchase of some of the local crack equines by Capt. Brown may be looked for any time in the near future.

HAGGIN YEARLY SALE.

William C. Whitney Paid Big Prices for Hamburg Colts.

NEW YORK, June 23.—The second sale of the yearlings owned by James Haggin from the Elmendorf stud were sold today at Sheepshead Bay. William C. Whitney was an interested spectator and also a bidder, especially on Hamburg colts, buying all that were offered. He secured the b. c. Hamburg Imp Berrydale for $7,000, the top price of the sale. Sidney Paget paid $6,100 for the ch. c., by Salvator-Biggonet.

Johnny Reiff Won in Paris.

PARIS, June 23.—Lisette, ridden by J. Reiff, won the race for the Prix Semendria at the Saint Cloud meeting today. W. K. Vanderbilt's Nettie, on which MacGonn had the mount, was second.

The Cuban Team a Good One.

WARREN, PA., June 23.—(Special.)—The All-Cuban team easily defeated Warren in a one-sided contest today. Folger started in to pitch for Warren, but was replaced in the fifth by Mason, but he was unable to hold the visitors down. Running catches of difficult flies by Lytle and Mason were the features. Score:

Homing Birds' Long Flight.

The East End Homing club of the Pittsburgh district of the National Federation of American Homing Pigeon fanciers flew its sixth old birds race from Quincy, Ill., its 600-mile station. The birds were liberated on Sunday morning at 5:20 a. m. by Mr. S. A. Lee, the Adams express agent, who wired birds up at 5:20, light wind from northwest, weather clear, and the first loft to report was Mr. F. E. Herd of 2845 Arlington avenue, South Side, two birds making an average speed of 862.04 and 861.12 yards per minute. The next loft to report was Mr. Reuben Peters of Cobden street, South Side, one bird with a speed of 703.7 and three more birds with a speed of 704.04 yards per minute. The next race will be from Topeka, Kas., 836 miles, on Saturday, July 5.

Munich Man Is Champion.

BERLIN, June 23.—In the race for the cycling championship of the world, 100 kilometres, today, Robl of Munich won. Time, 1:28:18. Bonhours of Paris was second and Taylor of Paris third. "Tom" Linton, the English bicyclist, lost touch with his pacemaker several times and withdrew.

FIRST MATINEE RACES HELD AT BRUNOTS TRACK

Day Was Not the Best and Only a Small Crowd Was Present.

WAS A SERIOUS RUNAWAY

J. A. Chapman's Lena H., Driven by J. A. Davidson, Furnished a Regular Wild West Performance and Stepped Some Fast Miles.

After many disappointments, postponements and other discouraging occurrence the matinee races scheduled by the Pittsburgh and Allegheny Matinee club started yesterday afternoon, although the horses were compelled to take a little shower bath during their progress. The five events scheduled to be run off on Saturday, but postponed on account of a heavy track, took place before a small number of spectators and a majority of the members of the club.

The most exciting feature of the day was the runaway of Lena H., J. A. Chapman's black mare, which was driven by J. A. Davidson. This was in the fourth event of the day. Miss Dean, driven by her owner, J. B. Chapman, had taken the lead at the half-mile post. In endeavoring to regain her lead Lena H. sprang forward and Davidson lost the outside rein. The mare sprang forward as if shot from a gun and by the time the stretch was reached had passed the other two horses in the race. Davidson was holding on to the inside line and his horse passed under the wire fully three lengths ahead of Ramona, driven by R. H. Boggs. Rounding the first turn was made in safety an the horse kept up its mad pace. A second mile was tore off at a 2:12 gait and the horse was still going. Efforts were made to stop the animal, but it was no use. On coming down the stretch for the third mile a trainer appeared with a saddle-horse and started in pursuit.

Tore Off Fast Mile.

A regular "Wild West" performance was given to the small audience. Every time the saddle-horse approached the runaway the latter with a wonderful display of speed and vital powers would take a brace and leave the pursuer in the rear. When approaching for the fourth mile another trainer ran out from the paddocks and jumped for the horse's bridle. The animal was about tired out and was stopped with little difficulty. Spectators said, although no time was kept of the runaway mile, that they were the fastest that have been run off on the tracks for many a day. The animal was displaced in the race and withdrawn from the two remaining heats.

In the first event Red Light, R. H. Boggs' chestnut gelding, had but little difficulty in taking first honors, although in the second heat Lydia Vincent, J. D. Callery's mare, made desperate efforts to take the lead in the stretch.

Feature Race of the Day.

The race of the day was the second event, between J. G. Bennett's black mare, Rubber, and Mr. Bogg's brown mare, Josephine Dixon, who holds the track record of 2:11¾. Helena, J. B. Chapman's horse, was withdrawn from this race on account of lack of training. Dixon got the lead at the start and held it the entire way in both heats. The second heat of this race contained the fastest half mile of the day, the first half being run off in 1:09.

The fourth event was the one in which the runaway occurred. Ramona, driven by Boggs and owned by H. Buhl, Jr., secured the lead immediately after leaving the stand. The first half was knocked off in 1:10. After being passed by the runaway Ramona, with animal intellect, thought he had lost the race. The little filly took a brace and made the mile in 2:19¾, the fastest mile of the day. Two more heats were run in this event.

There were three horses in the fifth and last event, but only two heats were required to show Dr. W. W. McCleary's grown gelding's superiority. The horses were sent back to the post five times in the second heat, McCleary's horse always coming down the stretch with a big lead. Uncle Bob got the pole and came in second in both heats. Estrella was left in the rear when the half was reached and got third place in both heats.

Horses Raced in the Rain.

During the last half mile the rain began to come down on the track with considerable force, but the horses finished in good time. Taken as a whole, the horses showed remarkably good speed for the beginning of the season and considering the high wind, which was also disagreeably cold. The results are as follows:

WILL PLAY OFF TIE AT HIGHLAND COURSE

G. A. Ormiston and A. G. Roenigk Will Compete for the L. C. Phipps Trophy—Golf Events.

On the Highland Golf club course this afternoon the tie result of Saturday for the L. C. Phipps trophy between G. A. Ormiston and A. G. Roenigk will be decided. Ormiston had a score of 70 from scratch and Roenigk a gross score of 86 with handicap of 16. The cup must be won twice and if Ormiston wins today he will win the trophy, having headed the list in a previous contest.

On Saturday the final contests, 18 holes under handicaps, will be played at Schenley for the Laughlin challenge cups for both men and women. The 11 men who qualified Saturday will contest with Henry Sproull, the holder of the trophy from last year. The cup must be won twice. J. C. Thaw won the Greens committee prize offered for the lowest net score in the two rounds. Scores of the 11 qualifying:

FOOLED BY NICKEY D.

St. Louis Horse Sprung a Surprise at Chicago.

CHICAGO, June 23.—The weather was cold and clear at Washington park today and the track, while drier and faster than on Derby day, was still a little holding. Local track followers were badly fooled by the St. Louis sprinter Nickey D. in the fourth race, which was really the best contest of the day. Nickey D. carried top weight and as high as 12 to 1 was offered against him. He was back in the bunch, while Scorpio and Money Musk were making the early running, but came along in the stretch and won handily by a length from Elsie L., who also finished strong. Gonfalon, the favorite, was never prominent. Summaries:

First race, 2-year-olds, ½ mile—J. Sidney Walker, 118, Beauchamp, 7 to 1, won; Von Rouse, 118, Lyne, 11 to 10, second; Silver Fringe, 115, Donnely, 7 to 1, third. Time, :48 2-5. Ontanagon, Ahola, Stemwinder, Nieto, Flying Girl, The Forum, Goody Two Shoes, Mrs. Wiggs, Zealotry and Corsica also ran.

Second race, mile, selling—Matin Bell, 90, J. Walsh, 2 to 1, won; Peat, 111, Prior, 12 to 1, second; Vassal Dance, 97, Helgeson, 3 to 1, third. Time, 1:41 3-5. Synia, Lavator, Gawaine, Blessed Damozel also ran.

Third race, 1 1-16 miles—Harry New, 100, Ransch, 7 to 1, won; Little Scout, 102, Coburn, 2 to 1, second; J. V. Kirby, 99, Walsh, 6 to 1, third. Time, 1:48 1-5. W. J. Deboe and Rolling Boer also ran.

Fourth race, mile and 70 yards—Glenwater, 112, Mathews, 5 to 1, won; Marque, 107, Ransch, 8 to 5, second; Marcos, 112, Otis, 10 to 1, third. Time, 1:46. Andy Williams, Blennenworth and Tom Wallace also ran.

Fifth race, 6 furlongs, sweepstakes—Nickey D., 124, J. Mathews, 10 to 1, won; Elsie L., 106, T. Dean, 7 to 2, second; Scorpio, 121, J. Walsh, 6 to 1, third. Time, 1:13 2-5. Gonfalon, Money Muss, Sevoy, A. D. Gibson and Fearnaught also ran.

Sixth race, mile, selling—Henry Zitt, 102, Coburn, 9 to 10, won; Miss Liza, 100, Conley, 12 to 1, second; Jaubert, 100, T. Dean, 9 to 1, third. Time, 1:42. C. B. Campbell, Lingo, Semicolon and Col. Ballentyne also ran.

THISTLE STAKES RUNAWAY RACE FOR FRANCESCO

Carbuncle Was the Favorite, but Could Only Fight for Second Place.

ADVANCE GUARD IN FORM

Defeated Blues, the Favorite, and Nones, the Second Choice, in Mile and a Quarter Handicap—Finish of the Race Was Very Exciting.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, June 23.—The C. F. Dwyer entry, Francesco and Ethics, ran one, two in the Thistle stakes, selling, the feature of the card at Sheepshead Bay today. Carbuncle, with 95 pounds, opened at 4 to 1, and was played down to 2 to 1. Francesco made a runaway race of it, winning in a gallop by five lengths. The fight for the place was very close and exciting. Ethics and Carbuncle were under a furious drive all the last eighth of a mile, the former getting the decision by a scant head.

Advance Guard at 4 to 1 again demonstrated that he is a great horse by defeating Blues, the favorite, and Nones, the second choice in the handicap at one mile and a quarter. He closed very fast in the last quarter and beat the favorite a head. Nones was about the same distance behind Blues. The weather was cool and the track good. Summaries:

THE YALE CREWS HAVE BAD FAULTS

SLOWNESS AT THE CATCH IS THE TROUBLE WITH THE EIGHT.

The Four Also Has a Weakness of Some Kind—Harvard's Crews Were Given Some Lively Work and Showed Up in Good Form.

[SPECIAL TELEGRAM TO THE GAZETTE.]

GALES FERRY, CONN., June 23.—This afternoon the Yale 'varsity four was given a practice spin upstream. Coach Hooker soon after ordered out the freshmen four and the freshmen eight, the latter with their new oars which came this morning from Donahue's, at Newburg, made a little display of unevenness. In comparison with the Harvard freshmen's work and with their own work of this morning, their rowing this afternoon suffered. Harvard beats them on the catch, and appears to pull a more powerful stroke today. But the Eli freshmen were not long in getting into form. They rowed two miles and finished fresh and with plenty of stuff left in them, rowing at a stroke of 35 to the minute. At 6 the 'varsity took their evening spin. As they pulled northward, rowing 30 to the minute a slight tendency toward slowness at the catch was noticeable for the first time this season. Unless corrected at once such a spirit in the 'varsity crew might prove fatal to Yale's hopes.

The Crimson oarsmen were given a fairly good stint of work today and it was all of a snappy, racy order, and was intended to make a unit of the crew more than to correct the individual faults of the men. In the afternoon the crews were all given a hard row, but not enough to tire out any of the men. The 'varsity and freshmen eights paddled down to the navy yard and there lined up for a short go. The freshmen were given a length's start and the two crews were sent away at the crack of a pistol. At the half-mile mark the 'varsity had a length of open water and at the mile mark there was at least three lengths of open water between the two crews. Here the freshmen stopped and the 'varsity kept going for another half mile. The conditions were not at all good, so that fast time could not be expected. The time given out was 7:50 for the mile and a half.

WARM WELCOME HOME.

Cornell's Crews Given a Great Reception at Ithaca.

ITHACA, N. Y., June 23.—For the first time since 1876 citizens of Ithaca welcomed today three winning Cornell crews at one time. As the train bearing the victorious oarsmen pulled into the station cannon boomed a welcome and the cracking of small arms in hundreds of hands added to the din. All stores were closed and business generally was suspended. After spending several hours marching around town the procession halted at the Ithaca hotel, where an elaborate banquet was tendered the athletes. President J. G. Schurman of the university offered the oarsmen hearty congratulations on their victories, while the populace accorded a magnificent ovation to Coach Charles E. Courtney, the "Old Man" of Cornell's navy.

Just before the train bearing the crews reached the city the members of the 'varsity eight-oared crew elected John P. Frenzel of Indianapolis, Ind., as captain for 1903. Frenzel has a long rowing record. He was a member of his freshmen eight and rowed in the 1900, 1901 and 1902 second 'varsity crews.

TROUBLE OVER BALL GAME.

"Red" Mason Arrested on Two Charges of Assault and Battery.

James "Red" Mason, the well-known trainer of prize fighters of this city, was arrested yesterday afternoon by Detectives James W. Eagan and George Cole and locked up in the Central police station on two charges of assault and battery on the information of Harry Cohen and James Carey before Police Magistrate Bernard McKenna. The trouble originated over a baseball game. On Sunday the Red Masons played a game with the Franklins on a wager of $3.50 a side.

Mason backed and coached his namesakes. The game resulted in a fight when the score was 6 to 5 in favor of the Mason's team. Louden Campbell was the umpire and he and Mason had a fight on the grounds at High Bridge. Harry Cohen acted as stakeholder and on Sunday night Mason demanded the money from him at Fifth avenue and Tunnel street. Cohen, it is alleged, insulted Mason and the latter struck him. James Carey was with Cohen and interfered. He was also assaulted by Mason. Mason gave bail in $500 on each charge for a hearing Friday.

MONROE FOUND WILSON EASY IN THE MOTOR RACE

Lester Won First Heat, but Memphis Rider Lapped Him Six Times in the Last.

COULDN'T HOLD HIS PACE

Local Boy Was Not Speedy Enough. Amateur Events Were Interesting, Percy Brown Winning Both—McLain and Reel Collided.

After winning the first heat in the fastest time of the evening Lestor Wilson, the Pittsburgh rider, lost the next two heats and the motor-paced race to Bennie Monroe of Memphis last night at the Colosseum track before a wildly enthusiastic crowd. Monroe showed himself decidedly the superior in the last two heats, winning the second by a lap and a half and the last by over six laps, riding rings around the Pittsburgh boy, who frequently lost his pace.

The heats were all ridden pursuit style, with the riders and their motor machines starting from opposite sides of the track. In the last heat Monroe caught and passed Lester as he pleased, midst the wildest kind of enthusiasm from the crowd, which had turned to the Memphis boy at the first display of his superiority.

Wilson's Fast Mile.

The fastest mile of the evening was ridden by Wilson, being the fourth of the second heat, in 1:24 2-5. The time of 14:43 2-5, in which Wilson took the first heat by about five wheels' lengths, was the best for 10 miles. The time for the second heat was 14:47 3-5 and for the last 15:07 2-5.

In the first heat Wilson at one time was almost one-fourth of a lap to the good, and he seemed to ride by far the prettiest form, but the enthusiasm which he had aroused fell flat when it was seen that he could not stick to his pace at a fast enough gait to make the second a close race. Monroe here caught him in the third lap of the ninth mile.

The third heat was a runaway for the stranger and he passed again and again while his pacemakers gave Wilson's team the laugh. Wilson's motor team left the track during the last few laps and the local star rode stolidly around by himself while his rival went steam puffing ahead to the plaudits of the spectators.

Amateurs Furnished Good Races.

The amateur events were close and exciting, the final heat of the half-mile handicap being won by Percy Brown from scratch in the fast time of 1:01 3-5. Brown also won the two-thirds mile handicap from scratch in the time of 1:31 2-5. The third heat of this, won by Reel in 1:25 3-5, furnished fast time. Reel and McLain collided in the final of this event, but neither was seriously hurt. The summary:

Two-third mile handicap, first heat, two to qualify—Won by Paul McLain, scratch; second, Harry Bupp, 35 yards. Time, 1:33.

Second heat—Won by Percy Brown, scratch; second, Wilkie Hall, 30 yards. Time, 1:29.

Third heat—Won by Charles Reel, scratch; second, Harry Brown, 20 yards. Time, 1:25 3-5.

Final—Won by Percy Brown, scratch; second, Harry Brown, 20 yards; third, Wilkie Hall, 30 yards. Time, 1:31 1-5.

Half mile amateur handicap, first heat, two to qualify—Won by Charles Reel, scratch; second, Harry Bupp, 25 yards. Time, 1:05 2-5.

Second heat—Won by Paul McLain, scratch; second, Harry Brown, 10 yards. Time, 1:06.

Third heat—Won by Percy Brown, scratch; second, C. B. Leonard, 50 yards. Time, 1:04.

Final heat—Won by Brown, scratch; Charles Reel, scratch, second; Paul McLain, scratch, third. Time, 1:01 3-5.

20-mile, motor paced race, first heat, pursuit—Won by Lester Wilson by 5 lengths from Bennie Monroe. Fastest mile, third, 1:26. Time by miles, 1:29 1-5, 2:58 1-5, 4:24 1-5, 5:32 2-5, 7:21, 8:51, 10:19, 11:47 4-5, 13:17, 14:43 2-5; Morris' time, 14:47 2-5.

Second heat, pursuit—Monroe passed Wilson in third lap of ninth mile, beat him by one and a half laps; fastest mile, fourth, ridden by Wilson in 1:24 2-5. Aggregate time at end of each mile, 1:31, 2:59 3-5, 4:28 2-5, 5.52 4-5, 7:25 1-5, 8:56, 10:23, 11:50, 13:16 4-5, 14:27 3-5 for ten miles.

Third heat—Won by Monroe by over six laps; time, 15:07 2-5.

INDIANA TEAM WAS SHUTOUT BY HOMESTEAD

Pearson Let the School Boy Team Down With but Two Hits.

RISHER'S MEN BAT WELL

They Got Hits When Runs Were Necessary—Pearson Helped Win His Own Game by Making a Home Run—Reception for Phythyon.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Indiana, Pa., June 23.—Indiana Normal fell before the fine pitching of Pearson here this afternoon by a score of 7 to 0. Two singles were all the schoolboys could gather. Homestead found Cameron for 10 hits, although with proper support several of the runs would not have counted. Schriver, Cosgrove and Phythyon fielded well. "Dad" Phythyon received a great ovation when he appeared on the field. St. Vincent plays here on Wednesday. Score:

CALLED IT A BALL GAME.

Simpson and Kenilworth Clubs Had a Lively Time Over at the Park.

Pedestrians who passed Exposition park between the hours of 2 and 6 o'clock yesterday afternoon must have thought the ball grounds had been turned into a playground for an insane asylum. This was not the case, even though there was a crowd there that acted like a lot of lunatics.

The occasion was an alleged ball game between two teams known as the Simpsons, made up of Pittsburgh young men, and the Kenilworths, composed of business men well known on the North Side. It was well they had a sign posted up telling the crowd that it was a ball game, otherwise the small crowd of spectators who were present might have thought it was a game of tag, or any old thing other than a display of the national pastime.

The crowd in some way or other induced Ed Swartwood, the former National league umpire, to preside over the game, and Eddie had trouble trying to make the players come anywhere near the rules. Everybody mixed up in the affair wanted to act as pitcher, and there were more variety of curves than can be found in the Baltimore & Ohio railroad. It was also noticed that the players on both teams paid particular attention to one corner of the players' bench which was hidden from the spectators' view. Judging from the actions of the players after visiting this corner someone must have doped the water barrel. When the melee ended it was given out that the Simpsons had gone over the course in the best time. Here is the score:

Simpsons	4	5	5	2	2	1	2	0	1	—22
Kenilworths	2	1	0	0	6	1	0	0	4	—14

Batteries—Too numerous to mention.

Sewickley Has Baseball Craze.

Baseball enthusiasm is at a high pitch in Sewickley at present. The Sewickley team journeyed to Leetsdale Saturday and by fine team work and the good pitching of McLane defeated their old rivals in a close and exciting game by a score of 4 to 3. Next Saturday Leetsdale's team, accompanied by a large crowd of rooters and big wads of money, will play Sewickley team on the latter's ground. These two towns have long been great rivals in baseball.

Va., on Wednesday to play at the Hancock school picnic. Manager Lynch would like the amateur teams of Pittsburgh to kindly answer his letter. He is waiting for an answer from Canonsburg, W. E. A. C., Belvedere second team and Homestead Reserves.

The crack Lafayette team will be the Woodlake visitors next Saturday on the Woodlake campus. As both teams are playing the game right up to the handle a good game can be looked for. Bill Negley will again serve the ball for the home team. Capt. Diemer requests the following players of the Woodlake A. C. to report tonight for practice: Doran, Negley, J. Buerger, Henry Miller, Thorn, Bradley, Wilson, Carroll, White and Diemer. The Woodlake A. C. still have a few open dates and would like to arrange games with all strong amateur teams in the two cities. Address Manager Frank J. Buerger, 186 Marlflower street, East End, city.

Big Test Well in Washington County

In the Big Injun sand development in the Richards Mills district, Washington county, O., the Carter Oil Company's test well on the Susan Seares farm, drilled in last week and the rig soon after burned, is flowing through the casing at the rate of 235 barrels a day. The Carter Oil Company has been quite fortunate in this development. In addition to this well it has some fine producers on the Chase farms.

Late advices from the new Keener sand district at Jerusalem, Monroe county, are to the effect that a scarcity of water prevents the owners from agitating the wells. This, it is claimed, caused the slump in the production of the Unity Oil Company's No. 2 Harper. The well started to flow when only a few feet in the sand and the decline in its production could have been prevented had they been able to run the tools.

Far in advance and to the south of this development, Foster and Robinson have drilled their test well on the William Johnson farm through the Keener sand and have a show for a 15-barrel pumper.

In the Little Germany district, Marshall county, W. Va., the Eclipse Oil Company has completed its Nos. 3 and 4 on the J. and M. Klug farm and has a brace of 10-barrel pumpers in the Gordon sand.

In the Gordon sand development near Folsom, Wetzel county, the South Penn Oil Company has drilled its No. 12 on the Genine Robinson farm through the Gordon sand and has a duster. In the same district, No. 2 on the F. B. Ice farm is holding up at 150 barrels a day. This is a new well, drilled in last week. No. 1 on the John Price farm is producing 75 barrels a day natural. This is a new well also completed last week.

Northeast of the fifth sand development on Indian run, Gilmer county, the South Penn Company has drilled in its test well on the B. F. Batten farm and has a show for a 10 or 15-barrel pumper.

In the Bealls Mills district, Lewis county, the same company has drilled its No. 5 on the C. W. McCutcheon farm to the top of the stray sand, but is not in deep enough for the pay streak.

West of the Salem district, in Doddridge county, the Carter Oil Company has shot its No. 4 on the John A. Cayton farm and has increased the production from 50 to 250 barrels a day.

In the same district the same company has completed its No. 2 on the Boggs Digman farm and has a 10-barrel pumper.

In the Salem district, on the west side of developments, the South Penn Oil Company has drilled its test well on the W. P. Maloney farm through the stray and Gordon formations and the indications point to a duster. In the same district the South Penn has drilled its No. 5 on the Smith Varner farm into the stray sand and has a show for a 30-barrel producer.

Across the line in Doddridge county the Eastern Oil Company has drilled its No. 2 Isaac Hutson and No. 2 Ritter heirs' farms through the Gordon and has two producers, good for 25 and 50 barrels a day respectively.

In New Territory.

On Wolf Pen run, Clay district, Ritchie county, and two and one-half miles west of Bonds creek pump station, Spence, Smith & Co., have drilled in a test well on the T. E. Dye farm and have a show for a good producer in the Keener sand. The well produced 20 barrels the first 10 hours after it was drilled into the pay streak. This is practically new territory and the new strike may lead up to a new Keener sand pool.

In the shallow sand territory in Wood county, D. F. Sherbindy has completed his No. 11 on the C. M. Mayhugh farm and has a 15-barrel pumper.

Rider, Nell & Co. have drilled their test well on the B. Athy farm through the Macksburg 500-foot sand and have a duster in that formation. They are now drilling to the big Injun sand.

In the Carson pool, or Turkeyfoot extension, in Hancock county, LeComte, Garrett & Co. have drilled in their No. 7 on the S. Carson farm and have a show for a 40-barrel producer.

In the Lewisville district, Monroe county, O., the Shafer Farm Oil Company has drilled its test well on the August Frank farm through all sands, including the Big Injun, and has a duster.

In the old Montgomery field, in Allegheny county, Pa., Fisler, O'Brien & Co. have drilled their test well on the Samuel Schwab farm into sand and at 12 feet in struck the pay, and the well yesterday made a 12-barrel flow. It will make a producer.

PROPOSALS.

Office of Controller of Allegheny county,
Pittsburgh, Pa., June 20, 1902.

NOTICE TO CONTRACTORS.

NOTICE is hereby given that the county commissioners of the county of Allegheny, in the commonwealth of Pennsylvania, will receive until noon, July 10, 1902, sealed proposals for the permanent improvement of certain public roads or highways in said county, known as the Freeport road, Division No. 4, and the Greensburg pike, according to the surveys, plans, profiles and estimates on file in the office of the county road engineer; the said surveys, plans, profiles and estimates, together with a copy of the contract, specifications and bond to be entered into by the party or parties to whom the contract may be awarded, are on file in the office of F. W. Patterson, county road engineer, room No. 29, court house, Pittsburgh, Pa., and are open for the inspection and examination of all persons interested.

The proposals or bids for said proposed improvement must be filed in the office of the county controller, in the court house, Pittsburgh, and must be addressed to the county commissioners, who will open the same on July 10, 1902, and the contract will then be awarded to the lowest responsible bidder or bidders, in compliance with the provisions of an act of assembly, approved the 26th day of June, A. D. 1895, entitled "An act providing for the permanent improvement of certain public roads and highways," etc. Each proposal must be accompanied by a bond with two sureties probated before said commissioners or before some person having authority to administer oaths, or the bond of a surety trust company authorized to do business in the county of Allegheny in the sum of ten thousand ($10,000) dollars.

Bids must be submitted for each road separately.

The commissioners reserve the right to reject any and all bids.

(Signed) W. E. THOMPSON,
County Controller.

THE COLORADO FUEL DIVIDEND MAY BE PASSED

If Not Skipped, It May Be Reduced, Owing to Improvements Building.

GATES PARTY OBJECTING

The Pennsylvania Railroad Will Distribute Orders for Steel Rails Generously—Heavier Cars Require Heavier Tracks.

New York, June 23.—Another chapter in the stock market story of Colorado Fuel and Iron is writing. The stock lately has developed fresh aspects of a more or less sensational character, and its fluctuations are attended with rumors and counter-rumors, none of which is any too complimentary to inside interests.

It is alleged on one side that the Osgood faction is short of the stock, and on the other that the fault of Colorado Fuel's decline lies chiefly at the door of John W. Gates, who manipulated the stock unwarrantedly and had all of his Wall street friends long of it around 110. One report current today alleged that Mr. Osgood and his immediate associates are short of as much as 25,000 shares of the stock. This, of course, is emphatically denied; but whether the management is short of the stock or not, it is well known that a large short interest has developed in anticipation either of passing or a reduction of the dividend.

It is the Osgood faction that is understood to be in favor of dividend economy. The Gates party, being long of the stock, according to common report, insist upon the dividends being continued at the old rate.

New Improvements Cause Trouble.

The speculative cross purposes of inside interests already have made some dust in the stock market, and it may be surmised from this that the meeting this week is likely to be a stormy one. It will be remembered that the report of Colorado Fuel and Iron for the nine months ending March 31 showed that dividends had been paid out of old surplus. President Osgood explained that at the time by saying it had been agreed by the management to continue dividends out of the old surplus, while improvements and new construction were in progress on a scale that interfered with the profitable operation of the plant as a whole, and for this dividend purpose a round sum was appropriated.

It is objected, however, that the company is paying dividends not only on its old stock, but also on the new securities created for the express purpose of providing funds for these improvements and new construction. It was said today that it would be at least 18 months before the company will begin to derive direct benefits from its new additions.

Considerable surprise has been expressed that anyone interested in the welfare of the property should insist upon dividends being continued at the old rate while these improvements are still building. The interesting statement is made that when one of the blast furnaces goes into operation, its earnings will be sufficient to guarantee permanent dividends on the common stock.

Why Heavier Rails Are Required.

It was said today that it is unlikely that the Pennsylvania Railroad Company shall have completed its estimates for steel rails for 1903 until September. While no definite information can be obtained as to the requirements of the company next year, it is said on the best authority that the tonnage will exceed that of the current year by more than 30,000 tons. Notwithstanding that the Pennsylvania railroad owns a controlling interest in two large rail mills, the capacity of either of which far exceeds the rail requirements of the railroad company, a large percentage of the Pennsylvania's business will be distributed among the constituent plants of the United States Steel Corporation. Both the steel rail companies controlled by the Pennsylvania Railroad Company are members of the rail pool.

A steel rail manufacturer today said that there are no signs of abatement in the demand for steel rails; also that a large percentage of the increased business is due to the fact that the movement toward the substitution of heavy rails for light rails would be even more pronounced in 1903 than in the current year.

"It will be a matter of a short time only," said he, "when steel rails of the lighter grades will pass out of existence. The heavier rolling stock now being used by the railroads requires heavier steel rails. Take, for example, the big pressed steel cars that are now in use. Light rails could not endure for long the weight of the rolling stock that is now being employed in carrying the country's freight."

If the plans of the Erie railroad in the matter of improving its physical condition are carried out that road will be among the largest consumers of rails next year. E. W. HARDEN.

NEWS FROM THE MINES

(By Private Wire to The Gazette.)

NEW YORK, June 23.—Nevada is recovering its prestige as a mining state. Not only are the Comstock mines making new records as producers, but camps like Searchlight, Tonopah and Olinghouse, which recently have come to the front, continue to astonish old-timers by the richness and magnitude of their ore bodies. More transfers of mining properties have been recorded during the past six months than in the preceding decade, and the erection of mining plants is proceeding with marvelous rapidity; but with all the activity and prosperity apparent, labor is plentiful and some of the districts are complaining of a surplus of miners.

A dispatch from Redding, Cal., confirms the report that the Balaklala group of 60 copper claims is sold to Pennsylvania capitalists, headed by Peter Kimberley, the steel manufacturer, for $650,000. About six months ago $65,000 was paid for an option on the property. Since then development work has been so satisfactory that the deal was concluded for the sum named. It is understood that a new smelter will be built to test the ores of the mines.

Assays running from $147 to $267 a ton have been got from the Lehigh at Virginia, Mont. Forty-two miners are employed on the Revenue at Richmond Flat, in which the vein is two feet and runs $228 per ton.

The Live Oak, in Amador county, Cal., is turning out ore yielding $50 to the ton.

Three claims adjoining the McCabe, near Prescott, Ari., have been sold to Chicago men for $150,000. Denver capital is taking hold of prospects, ledge and placer, in the Bill Williams Fork county.

New York men have bought the Silver Crown, in the Red mountain district, near Ouray, Col. The mine has a large body of low-grade ore exposed. The eight-inch streak in the Float is growing bigger and drifting is proceeding both ways on the vein. The ore runs 276 ounces silver and 24 per cent copper.

Gold ore yielding $90 a ton is being taken from the tunnel of the Colorado Queen, near Pitkin, Col. The vein is a contact, lying between walls of schiste and granite.

The Esmeralda at Silverton, Col., is now producing a carload of ore a day averaging $65 a ton.

The Metal Market.

A large business in electrolytic copper was transacted today, but the market generally closed a little lower, both at home and abroad. The sales were 250,000 pounds for August and 250,000 pounds for September delivery at $12 15. Closing prices were as follows: Standard spot to August, $11 50 to $11 80; lake, $12 00 to $12 42½; electrolytic, $11 90@12 12½ and casting, $11 90@12 00. London closed 2s 6d lower, with spot at £53 10s and futures at £53 15s. Tin was £1 10s lower at London, closing with spot at £126 10s and futures at £122 15s. The New York market for tin was also lower, with spot at $28 50@29 00. Lead was steady here at 4⅛c; London fell off 1s 3d to £11 2s 6d. Spelter was unchanged at London, closing at £18 12s 6d, and unchanged locally at 4⅞c. Iron remained steady at New York, with prices as last quoted. Warrants were nominal. No. 1 foundry northern, $21 00@22 00; No. 2 foundry, northern, $20 50@21 50; No. 1 foundry, southern, $20 50@21 50; No. 1 foundry, southern soft, $20 50@21 50. The English markets ruled steady, with Glasgow at 54s 9d and Middlesboro at 49s 7½d.

Day of Reaction in Wall Street Market

WABASH STOCKS INJURED BY CASE IN PITTSBURGH

Advance in Reading Accepted as Reply to Statement of President Mitchell.

U. S. STEEL STOCKS OFF

General Conviction Among Brokers That Plan of Stock Conversion Will Be Blocked by the Courts. Fear That Dividend Is Fated.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, June 23.—The dominating influence of the small professional operator was manifest in the tendency of prices of railroad stocks to react to a previous level. The only trace of large speculative operations was in the Gould group, led by Wabash, and in Reading. The industrial department was weak with the exception of one or two unimportant stocks, and was under pressure of what looked like genuine liquidation. The buying of the Wabash stocks was unexplained by any news development. It came from the same sources as have been active for some time past in this group of stocks, and represents the effort to realize the improvement in the properties through recent extensions and new acquisitions. The news of the day included a report of an appeal to a higher court of the city of Pittsburgh's case against the entrance into Pittsburgh by the Wabash and an authorized statement of the project for a new railroad from Denver to Salt Lake City to connect with a proposed railroad to Los Angeles. This project is avowedly intended as competitive to the western extensions of the Gould system.

Buying Keeps Going On.

But the large buying of the various Gould stocks was not checked in any degree by this news. St. Louis Southwestern preferred, which has usually moved in company with the Gould stocks, was decidedly reactionary. This was the more conspicuous in view of the further rise of seven points in Chicago & Eastern Illinois, supposed to be set aside for absorption in the interest of St. Louis Southwestern. Manhattan shared in the strength of the Gould stocks in the early dealings and imparted some sympathetic strength to the other local tractions. The 1½ points rise in Reading was apparently designed as an answer to the address to the public by the president of the United Mine Workers. Most of this gain was lost on the reaction. Among the industrials Colorado Fuel was a conspicuous sufferer, on account of the supposed dispute amongst insiders as to the continuance of dividends upon the stock. The recent heavy tone of Amalgamated Copper also gave way to positive weakness in view of the continuing decline in the price of copper and the unprecedented production.

United States Steel Is Off.

Supporting orders seemed to be withdrawn in United States Steel and that stock suffered a net loss of nearly a point.

WALL STREET FEATURES.

Total sales for the day, 482,200; par value, $2,580,000.

Appeal of the case of the city of Pittsburgh against the Wabash railroad has influence on that road's stocks.

Buying of the various Gould stocks goes on, despite repressive news.

United States Steel stocks lose nearly a point on a belief that the stock conversion plan is doomed in the courts.

There was an advance in Readings, despite the statement of President Mitchell of the United Mine Workers.

It is the general conviction in Wall street that the proposed plan for conversion of preferred stocks into 5 per cent bonds will be blocked by the courts, thus leaving no offset to the increase of fixed charges on the $50,000,000 new bond issue. There seems to be a fear that the payment of dividends on the common stock is thus threatened. The reports of minor labor troubles, while not directly affecting any special stocks, have a somewhat depressing effect on sentiment, and several reports of voluntary increases in wages, instead of having a reassuring effect, were taken as pointing to the prevailing discontent of labor with the present rate of payment. Saturday's unsatisfactory bank statement was borne in mind today and probably helped to repress speculation. The closing was easy at the considerable reaction in railroad stocks. A number of the less active railroads show large losses.

The bond market was moderately active and irregular. Total sales, par value, $2,580,000. United States new 4s declined ¼ per cent on the last call.

Cattle.

Receipts of cattle at the East Liberty stock yards were less by 25 carloads than on last Monday, and the market was steady for best cattle, while common and medium grades were dull and lower than at the close of last week, but held at about the same quotations as this day one week ago.

Choice, 1,400 to 1,600 lbs., $7 15@7 50; prime, 1,200 to 1,400 lbs., $6 75@7 15; good, 1,000 to 1,200 lbs., $6 00@6 50; tidy, 1,000 to 1,150 lbs., $5 25@5 75; fair, 900 to 1,000 lbs., $4 00@4 60; heifers, 700 to 1,100 lbs., $4 00@5 50; cows, bulls and stags, $3 00@4 75; good fresh cows, $40 00@50 00; common to fair, $20 00@30 00.

Hogs.

Fifty-five double decks of hogs reached the Central stock yards today, five more than came in last Monday. The market was slow and a shade lower than at the close of the week, when prices were higher than they were a week ago.

Prime heavies, $7 80@7 85; best mediums, $7 50@7 55; heavy Yorkers, $7 45@7 50; light Yorkers, $7 35@7 40; pigs, $7 20@7 25; roughs, $5 00@7 20.

Sheep and Lambs.

Receipts of sheep and lambs were 40 carloads, the same as last week. The market was fairly steady, though best and good wethers declined slightly in price. Lambs were firm and higher.

Best wethers, 95 to 100 lbs., $4 40@4 50; good, 85 to 90 lbs., $4 10@4 30; mixed, 75 to 85 lbs., $3 25@4 00; culls and common, $1 50@2 00; choice lambs, $6 00@6 25; common to good, $4 00@5 75; veal calves, $7 00@7 50; heavy and thin, $4 00@5 00.

ELGIN, ILL., June 23.—But one small lot of butter was offered for sale on the board of trade today. Bids of 22c were refused. The market was declared firm at 21½c. The sales of the week were 824,000 pounds.

Coffee and Sugar.

NEW YORK, June 23.—Coffee futures opened steady, with prices 5 to 10 points lower, under liquidation led by outside longs and some selling for short account, started by weak European cables, heavy primary receipts and clearances and unusually light withdrawals from domestic warehouses. Trade was fair for the day, though without much feature; importers bought moderately on the decline. A prominent room trader late in the day figured as a large buyer, presumably for "street" interests. The market was finally steady and net unchanged to 10 points lower. Sales amounted to 51,250 bags, including June, 4.80c; July, 4.80@4.85c; September, 4.95@5.00c; October, 5.00c; December, 5.15@5.20c; March, 5.45c; May, 5.55@5.60c. Sugar—Raw nominal; fair refining, 3c; centrifugal, 96c test, 3½c. Molasses sugar, 2⅝c; refined steady.

FOURTH OF JULY FUND GRADUALLY COMING IN

Sub-Committees Have the Arrangements Well in Hand—Visitors at Headquarters.

There was a little jump in the contributions to the Fourth of July fund yesterday, and Chairman W. A. Carr was much encouraged. "Still," he said, "there are a great many business men and firms who have not contributed. I feel that the $25,000 will come before we close."

There were numerous visitors at the headquarters of the executive committee yesterday afternoon. Chairman A. J. Logan spent several hours there in conference with various committeemen who called for advice or counsel concerning their branches of the arrangements. "Everything is going along smoothly," said Col. Logan last night. "The subcommittees have their work well in hand and are prosecuting it vigorously."

Among the callers at headquarters was a delegation from the Grand Army composed of Capt. Duvall, H. H. Bengough and Capt. Thomas Fording. They called on Chairman Logan to learn something about the arrangements as regards the veterans' part in the ceremonies of the celebration. Other callers were Col. John P. Penny, J. P. Murphy, chairman of the committee on music, and Murray Livingston.

The contributions yesterday were:

John E. Shaw	5 00
James S. McKelvy	10 00
George A. Chalfant	10 00
George W. Elkins	25 00
Mrs. Mary E. Schenley	100 00

CALL IT AN ACCIDENT.

Three Shots Were Fired and Two Persons Are Injured.

TOPEKA, KAS., June 23.—Matron Lowe of the reform school lies unconscious at the hospital with two bullet wounds through her abdomen and no hope of recovery. Her husband, J. C. Lowe, who has a slight bullet wound in his head, is in prison charged with the shooting. Mrs. Lowe declared it was an accident. In a few moments she became unconscious. Lowe also declares the shooting was accidental. Later Lowe drank from a can labeled "carbolic acid," but the contents proved a weak solution.

Treasury Statement.

WASHINGTON, June 23.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $205,405,846; gold, $89,461,337; silver, $24,290,268; United States notes, $10,069,896; treasury notes of 1890, 149,032; national bank notes, $9,721,429; total receipts this day, $2,094,644; total receipts this month, $35,285,104; total receipts this year, $549,012,613; total expenditures this day, $746,000; total expenditures this month, $28,775,000; total expenditures this year, $487,149,797; deposits in national banks, $120,860,970.

Drygoods Market.

NEW YORK, June 23.—The drygoods market is quiet today in all directions. The orders coming in are for small quantities as a rule, but fairly general. No change in prices of brown, bleached or coarse colored cottons. Prints are firm, with fair sales. Ginghams also firm. Print cloths inactive and unchanged. Cotton hosiery and underwear quiet and low grade goods irregular in price.

Turpentine and Rosin.

WILMINGTON, N. C., June 23.—Spirits turpentine, nothing doing. Rosin steady, $1 10@1 15. Crude turpentine firm, $1 40, $2 50 and $2 60. Tar firm, $1 45.

SAVANNAH, GA., June 23.—Turpentine steady, 47⅛c. Rosin firm; quote A, B, C, D, E, $1 25; F, $1 35; G, $1 50; H, $1 70; I, $2 05; K, $2 55; M, $3 00; N, $3 40; WG, $3 45; WW, $3 60.

CHARLESTON, S. C., June 23.—Turpentine and rosin unchanged.

OFFERING OF $2,000,000

Harbison-Walker Refractories Company,
PITTSBURGH.
First Mortgage and Collateral Trust 5 Per Cent 20-Year Gold Bonds.
ISSUE OF $3,500,000.
DATED JULY 1st, 1902.
Interest Payable January and July, at the Farmers Deposit National Bank, Pittsburgh, Pa., or National Bank of Commerce in New York.
COLONIAL TRUST COMPANY, PITTSBURGH, TRUSTEE.

These bonds are coupon bonds of $1,000 each, with privilege of registration of principal or interest, or both.

Principal and interest payable in gold coin of the United States, of the present standard of weight and fineness, without deduction from either principal or interest for any tax or taxes which said Company may, by any present or future laws of the United States or Commonwealth of Pennsylvania, be required to pay or retain on account of or from said principal or interest for any National, State or municipal purposes, the said Harbison-Walker Refractories Company agreeing to pay all such taxes.

SINKING FUND.

The Company is required to pay $175,000 annually to a sinking fund to provide for the redemption of the present issue, and including the $1,500,000 of bonds of the Harbison-Walker Company, to acquire which $1,500,000 of the present issue is to be used, and can be used for no other purpose.

The Company reserves the right to redeem the whole or any part of the issue at any semi-annual interest period at 110 and accrued interest, upon giving six weeks' previous notice by publication.

The bonds now offered are sold to provide additional working capital, and also to provide in part for the cost of acquiring the plants, properties and capital stock of the following companies:

Harbison-Walker Company..........Pennsylvania.
Harbison & Walker Company.........Kentucky.
Isaac Reese & Sons Company.........Pennsylvania.
Philipsburg Fire Brick Company.... do.
Wallaceton Fire Brick Company..... do.
Basic Brick Company .... do.
Clinton County Fire Brick Company do.
Fredericks, Munro & Company...... do.
American Fire Brick Company....... do.
Layton Plant of Fayette Mfg. Co.... do.
Clearfield Fire Brick Company...... do.

The Harbison-Walker Refractories Company is incorporated under the laws of the State of Pennsylvania, with all necessary powers for the manufacture of fire brick and other articles made of refractory materials, and all other powers deemed convenient, with a capital of

$ 8,000,000 Preferred 6 Per Cent Cumulative Stock.
14,500,000 Common Stock.
3,500,000 First Mortgage and Collateral Trust Bonds.

By its acquisition of the properties, stock, good will and business of the above named Companies the Harbison-Walker Refractories Company owns and controls twenty-seven complete up-to-date works, with a capacity to manufacture over 1,000,000 tons high-grade finished material per annum.

The Company has 52,000 acres of fire clay, coal and ganister lands, and the companies taken over by it have cash and quick assets amounting to $1,900,000, which are to be used as working capital.

In forming the Harbison-Walker Refractories Company, only those concerns were taken over that are first-rate in reputation and whose clay lands have been proven to be of fine quality and favorably located.

Reputation in the fire brick business is very valuable and takes many years to acquire.

Attention is called to the accompanying letter of Messrs. S. P. Harbison and S. C. Walker, and to the Accountants' Report, which shows average earnings for the past two years by the plants acquired, when operated separately, of over four and one-half times the amount of the annual interest on the Companies' bonds, and at the same rate on the present increased capacity as now in operation, over six and one-half times the amount of bond interest.

LEGALITIES.

The mortgage has been prepared and the legal details supervised by Willis F. McCook, Esq., Messrs. Wing & Chadbourne of Chicago and Messrs. Knox & Reed. Copies of the mortgage, counsel's opinion, and any other information desired, may be had by application at the offices of the undersigned.

Subscriptions will be opened Thursday, June 26th, at 10 o'clock a. m., and close the following day, Friday, June 27th, at 3 o'clock p. m. Application must be accompanied by check for 10 per cent of the par of the subscription. Allotments will be made as quickly thereafter as possible, and payments of balances to be made Monday, June 30th, 1902.

Negotiable receipts will be issued exchangeable for bonds when engraved.

The right is reserved to reject applications, to close subscriptions earlier than said date, and to allot smaller amounts than those applied for.

Having had a careful examination made of this property, we offer these bonds at 102½ and accrued interest, and recommend them to our customers and friends as a desirable investment.

ACCOUNTANTS' STATEMENT.

1653 Monadnock Block, Chicago, Ill.
May 15, 1902.

FARMERS DEPOSIT NATIONAL BANK,
Pittsburgh, Pa.

Dear Sirs—We have examined the books of the Companies constituting the Harbison-Walker Refractories Company for the last two fiscal years, and certify that they have made an annual profit of $806,372.11. New works have recently been completed and are now in operation, the profits from which have not been included in these two years.

On the basis of the present increased output over the average output of the two years, the Company will show, if the same rate of profit is maintained, an increase of $310,000, making a total of actual and estimated profits of $1,116,000.

STUART & YOUNG,
Public Accountants.

Pittsburgh, Pa., June 20, 1902.

FARMERS DEPOSIT NATIONAL BANK,
Pittsburgh, Pa.

Dear Sirs—Referring to the proposed issue of $3,500,000 First Mortgage and Collateral Trust 5 Per Cent Gold Bonds of the Harbison-Walker Refractories Company, your attention is called to the assets on which the issue is based.

Two-thirds of the twenty-seven plants owned by the Company are of brick and iron construction, all of them containing costly and heavy machinery.

The corporation has in fee over 30,000 acres of fire clay, coal and ganister lands, and under extremely low royalties and perpetual lease over 22,000 acres of the same. It also owns 325 employes' houses and 50 miles of railroad, with full equipment of motive power and rolling stock.

The buildings, machinery, tram and railroads could not be duplicated at the present time under $7,000,000 actual outlay, and in addition the Company has $1,900,000 in stock on hand, book accounts and cash.

It is difficult to put a correct estimate of value on the clay and ganister lands for the reason that it would be impossible to duplicate this asset in quality and location. While the Company does not have, nor does it expect to have, a monopoly of clay lands, it has beyond all question the cream or choice to such an extent that, as stated above, it would be simply impossible to duplicate same.

There is probably no other business in which more time, care and attention are necessary to establish a high reputation. Fire brick linings in blast furnaces should run from four to eight years, and in blast furnace stoves from ten to sixteen years. As a reputation cannot be established on a single record, it may be readily seen that it would take many years to have a dozen or more records to prove that the materials turned out possess the requisite qualities for the work demanded of them.

The Company practically controls the entire output of high-grade brick made by manufacturers of established reputation. Of the concerns taken over, there is only one whose president has been in the business but twelve years; several others have been engaged in it for twenty years, and at least two for over thirty years. Ninety per cent of the stock has been subscribed for by the manufacturers, thus insuring a continuance of the management under the direction of the most experienced brick manufacturers of the country.

To partially meet the indebtedness created for the purchase of the companies taken over and to obtain additional working capital to largely increase the business is the reason for the proposed issue of bonds.

S. P. HARBISON, Chairman Board of Directors,

Trading Was Very Dulland Market Values Qite Iregular

WINDOW GLASS ADVANCED ON SMALL BUYING

Another Big Contract With the Jobbers May Be Made Shortly.

CRUCIBLE STEEL FIRM

United States Steel Issues Were Dull and Heavy—Coal Stocks Also Reacted—Brewing Preferred Was Firm—Electrics Were Higher.

The market on the Pittsburgh stock exchange yesterday was duller than it has been in a considerable length of time. Prices were irregular, and though the changes were comparatively slight, they were generally downward, and at the close the market was barely steady. There was no adequate or satisfactory reason for such a state of affairs. The brokers seemed indifferent and there was also an apparent lack of orders on either side. But, barring the strike and some possible stringency in the money market over July 1, conditions seem very propitious and the undertone of the market is regarded as healthy, not to say bullish. Probably King Edward's coronation ceremonies, which will result in a three-days' holiday on the London stock exchange, has something to do with the situation, for Wall street does not like to do too much business with London closed, and Pittsburgh follows Wall street with exceeding celerity. Certainly there was nothing bearish locally. On the contrary, what little news there was, was good. American Window Glass common, for instance, was firmer and ¾ higher at 63½ on sales of 400 shares. It is believed the company's representatives will meet the jobbers' association in New York this week and make another big contract for its products, only this time at the recent increase in prices. Then the directors are due to meet next week to take action on the common dividend—1½ per cent—which should be paid about July 15. Again, the National Fire Proofing directors met yesterday and declared the regular quarterly 1¾ per cent dividend on the preferred, but the stock only gained ⅛ at 40⅞ on small sales. The dividend on the common should be acted upon before long, and it is (judging from the past) about time the bulls and inside tipsters were getting in their work. It is confidently believed that before long stories of an increase in the dividend rate to 6 or 7 per cent, or an extra cash dividend of about $7 a share, will begin to be circulated. The cry of "Wolf, wolf!" has been heard so often that it may materialize this time. The new stock will be full paid July 12, and if the cash dividend is payable after that time all the stockholders will participate. This, it is understood, has been the bone of contention heretofore.

In the remainder of the list there was nothing of special importance. Crucible Steel preferred was firmer and fractionally higher, while the common held steady. There are quiet tips going around of "something up" on the common but no facts are obtainable. United States Steel common was distinctly heavy and the preferred very dull. River Coal common and Pittsburgh Coal preferred were dull but steady to firm. River preferred and Pittsburgh common reacted on small trading. Brewing preferred was firm and fractionally higher, while the common was dull and unchanged. The Electrics were fractionally higher, but very dull. Bonds were dull but firm. There was nothing else worthy of comment.

PITTSBURGH FEATURES.

Bank exchanges decreased $1,053,144 11.

Sales Pittsburgh stock exchange, 3,727 shares and $9,000 bonds.

Window Glass common advanced ¾ to 63½ at the close.

†Five shares or less. *New high record.

Financial Drift.

Texas Pacific was the Gould stock tipped off for a movement.

Hill & Co. were the principal buyers of Pittsburgh Coal preferred.

A quotation was requested on Pittsburgh Dry Goods stocks without avail.

The American Locomotive Company is said to be taking orders for 1904 delivery.

The London stock exchange will be closed Thursday, Friday and Saturday of this week.

Barbour was the only seller of River Coal preferred, disposing of 385 shares at 42⅜@42.

Ten different securities were all that were dealt in during the first half hour, the total being [illegible] shares.

Harder rates for money are expected to offset the advance in foreign exchange and to check gold exports.

The trading in Window Glass common was without significance, the buying and selling being well distributed.

George L. McFarlane and G. A. Chalfant sail for Europe tomorrow on the St. Paul. They left Pittsburgh last night.

East Illinois had a further sharp advance and there are continued reports of some deal in relation to that property.

During the two hours from 10:30 to 12:30 o'clock but four separate trades were posted, the aggregate shares being 295.

Randolph wired: "We are bulls on Wabash and have been for some time. Don't forget this. Of course, it is only an accident, but we are right this time."

McMullin sold Robinson Bros. a block of 300 Philadelphia Company common in the forenoon at 49½. Both these firms are generally credited with representing insiders.

A Wall street message says: "United States Steel will earn $16,000,000 in June. This will make $41,000,000 earned for the quarter, instead of $38,000,000 as published."

The bears in Wall street are apparently using Copper to depress the market just as they did United States Steel last week. The manipulation is said to come from Lawson.

C. A. Painter of Henry Sproul & Co. returned yesterday from a business trip to New York. Mr. Painter says the undertone of the market in Wall street was surprisingly bullish.

There has lately been a good deal of talk with respect to a change of control of St. Joe & G. I., it being stated at times the Union Pacific would buy it and at others that it might go to the Burlington.

The first sale of the day was 100 Crucible Steel preferred at 85¼. Then 375 sold at 85⅝. Carothers & Co. were the heaviest buyers. They also got 475 River Coal common during the first half hour at 12⅞.

The sterling exchange market is higher again and there is a scarcity of bills in the market. With Paris exchange on London at this present rate the United States is close enough to the gold export point to count it among the probabilities.

It is thought that the bears in the Steel trust stocks may find it more difficult to cover than to sell. Incidentally the independent steel companies as well as the trust are reported as making money, and some very favorable statements are expected shortly.

A special meeting of the shareholders of the Third National bank of Allegheny will be held Monday, June 30, for the purpose of voting upon a resolution placing the bank in voluntary liquidation. The bank has been absorbed by the Allegheny Trust Company.

The Standard Oil and Gould stocks were strong, principally for the reason that Standard Oil and Gould interests have been buying them. One by one these stocks have been taken up and advanced, the latest being Texas Pacific, which last Saturday for the first time in weeks showed signs of activity.

Robinson Bros. sold $1,000 Pittsburg & West End Passenger Railway Company 5's, due in 1922, to Barnes & Reilly at 114¼. This company was absorbed by the West End Traction Company, which in turn went to the Southern Traction Company and the latter to the Pittsburg Railway Company. The bonds have not been traded in on the exchange since November, 1897, when they sold at 109.

The New York stock exchange committee on securities rules that after June 23, 1902, Philadelphia Company certificates of preferred and common stock, whether issued in New York, registered by Mercantile Company; in Philadelphia, registered by Land and Trust Company, or in Pittsburgh, registered by Fidelity Title and Trust Company, are a delivery. Certificates (old style) heretofore issued in New York and Pittsburgh, and registered by the registrars in the respective cities, will be a delivery until further notice.

The Pittsburgh chapter of the American Institute of Bank clerks will give an excursion up the Monongahela river tonight on the barge "Beauty," leaving the foot of Market street at 8 p. m. Through an error the tickets announced the time of leaving as 7 p. m. All winter the chapter has held monthly meetings which have been of great benefit to the members, and this excursion is intended as a fitting wind-up for the season. A short business session will be held, after which the evening will be given up to social intercourse with music and dancing. Full attendance is desired.

Creamery Butter Quotations Advance

PITTSBURGH PRICES FOR FARM PRODUCTS

Fresh Tomatoes Scarcer and Higher—California Cherries Lower.

Hay, Grain and Feed.

Quotations all remained unchanged yesterday, but receipts showed some improvement over the average of last week, the bulk of arrivals being hay and oats. The market is steady.

Receipts bulletined: Pennsylvania lines, 50 cars hay, 9 cars corn, 21 cars oats, 2 cars straw, 2 cars corn and oats, 1 car hay and straw, 4 cars feed; Baltimore & Ohio railroad, 1 car oats, 2 cars corn; Pittsburgh & Lake Erie railroad, 1 car hay, 2 cars oats; total receipts, 95 cars.

Following are the official quotations for hay, millfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain exchange:

Straw—Oat, $7 00@7 50; wheat, $7 00@7 50; rye, $8 00@8 25.

Hay—Choice timothy, $15 00@15 50; No. 1 do, $14 50@15 00; No. 2 do, $12 50@13 50; No. 1 mixed, $10 50@11 00; No. 1 clover, $10 00@10 25; prairie, $10 50@11 00; packing, $8 00@10 00; loose from wagon, $16 00@17 00.

Rye—Milling price (delivered), No. 2 Michigan, 66@67c.

Wheat—No. 2 red, winter, 74½@75½c f. o. b. cars within radius of 50 miles of Pittsburgh.

Corn—No. 2 yellow, shelled, 69@69½c; high mixed, 68@69c; No. 2 mixed, 67@68c; No. 2 yellow ear, 72@73c; high mixed, 70@71c, No. 2 mixed, 69@70c.

Oats—No. 2 white, 51½@52c; extra, No. 3, 50½@51c; regular, 49½@50c.

Millfeed—White middlings, per ton, No. 2, $21 50@22 00; brown, $20 50@21 00; bran, $18 50@19 00.

Groceries.

The advance figures now prevailing for flour have not caused any increase in trade as yet, retailers evidently not having full faith that there is any permanency to the higher prices. Quotations as they are now in the local market do not fully reflect the advances made by millers, which jobbers here have only followed in part. In other staples there is no change. Lake herring are very firm, prices still having a tendency to advance, light stocks and poor catches making the situation very strong.

Flour—Jobbers' prices: Fancy spring patents, $4 15@4 25; fancy winter patents, $3 90@4 00; straight winter, $3 80@3 90; bakers' spring, $3 50@3 60; rye, $3 45@3 60; graham, $4 00@4 50; cornmeal, bbl, $3 50@3 60; 10-lb cotton bags, 18@20c.

Sugar—Standard granulated, 4.80c; fine granulated, bbl, 100-lb and 25-lb jute bags, 4.80c; 2-lb cartons, 5.00c; 5-lb jute bags, 4.85c; powdered, 4.90c; powdered xxxx, 4.95c; cubes, 5.05c; cutloaf, 5.40c; confectioners' A, 4.60c; coffee A, 4.35@4.40c; No. 1 yellow, 4.20c; No. 2 do, 4.15c; No. 3 do, 4.10c. (Quotations are for Pittsburgh and Allegheny wagon delivery. Add 9c per 100 lbs for rail shipments to points within a radius of 50 miles of Pittsburgh.)

Cereals—Rolled oats, bbl, $5 00; kegs, $2 65; packages, $2 60@3 25; oatmeal, bbls, $5 50; kegs, $2 90.

Molasses—Fancy refined, 30@32c; choice do, 26@29c; prime do, 22@25c; new open kettle, 37@40c; fancy sugar syrup, 30@32c; sugar and cane, 27@30c; syrup in 2½-lb tin cans, $1 05; 3-lb, $1 25; 5-lb, $2 20; 10-lb, $4 00 per dozen.

Coffee—Roasted, bulk Rio, 10½@12c; Santos, 22½@23½c; Maracaibo, 17@17½c; Peaberry, 17@18c; Caracas, 19@19½c; Golden Rio, 14½@15c; Java, 26@29c; Mocha, 25½c; standard brands, 1-lb pkgs, 10.30c (with rebate of ¾c allowed to retailers); high grades, 1-lb pkgs, 14.30@16.30c.

DISCUSSED A NEW CHURCH

Pittsburgh Presbytery Appointed Another Committee to Investigate the Matter Further.

The Pittsburgh presbytery of the Presbyterian church held an adjourned meeting yesterday in the First church, Wood street, to hear the report of the committee appointed to investigate the advisability of establishing a new church in the East End district. The committee's report was favorable as a whole, but it could not well explain what to do with the Fourth church, which will necessarily be reduced in membership by the new organization.

The Rev. Dr. J. T. Gibson, who is at the head of the new movement, made some elaborate arguments in favor of it, but as a whole the presbytery is not inclined to see the Fourth church drained, and it is believed that a union of the members of the Fourth church and the proposed new congregation will be perfected. The Rev. Dr. Frank W. Sneed locked horns with Dr. Gibson again, delivering some warm arguments against the new church. The presbytery finally agreed to appoint another committee to investigate further. This committee is instructed to confer with the members of the Fourth church and also the people behind the proposed new congregation, with a view to a union and the moving of the Fourth church to a more central location. The Revs. A. H. Jolly, U. S. Bartz and others were named on the committee. The committee is to report at a stated meeting of the presbytery next Monday in the same place. This meeting is called to consider the resignation of the Rev. H. T. Kerr of the Oakland church.

The commission appointed by the presbytery to investigate the Dunseith-Donehoo affair, which involves a question of the law of the book of government, will hold a special meeting next Monday in the First church also. The complaint, as has been stated before in The Gazette, is against the Ingram session for receiving a family on profession of faith when they were still members of Dr. Donehoo's church.

Two Hotels Fall, No One Killed.

DALLAS, TEX., June 23.—At 2:05 o'clock this morning the center section of the St. James hotel collapsed and 13 men were carried down with the debris without a single fatality. By quick work firemen and policemen rescued all those who had not escaped through their own efforts. The Sherman lodging house, next door to the St. James, also fell, but all the guests escaped.

The Real Estate Trust Company of Pittsburgh
OFFERS FOR SUBSCRIPTION PARTICIPATION SHARES IN THE
Woodlawn Cemetery Association
A Corporation to Be Organized Under the Laws of Pennsylvania.
TOTAL ISSUE 6,000 SHARES OF $50 EACH.

It is proposed to establish a high-class, modern cemetery in the East End district to be known as "Woodlawn Cemetery of Pittsburgh." The location selected is on Penn avenue, about one mile beyond the city line, on a beautiful elevation overlooking Wilkinsburg and the surrounding country and is the best location in Greater Pittsburgh unhampered by legislative restrictions.

About ninety acres of land have been secured, available for cemetery purposes, and as there are no heavily wooded or abrupt rocky features, unfit for burial space, this land equals in capacity about one hundred usual cemetery acres. The peculiar adaptation of its surface and contour, its beauty of situation, taken with its proximity and convenience to the heart of a thickly populated and rapidly growing section, have caused it to be regarded as a most appropriate site by those who have felt that additional cemetery privileges were necessary to meet the demands of the increasing population beyond East Liberty.

POPULATION

There is a large population in the surrounding community from which the cemetery will draw, and to which it is most accessible. As is well known, the district lying between East Liberty and East Pittsburgh, in which the cemetery is located midway, has been most remarkable in its growth during the past fifteen years of any section in Pennsylvania.

NEED

As Pittsburgh's size and population have increased, there have been provided increased facilities in transportation, banking, schools, churches and other utilities to meet public wants, but cemetery space has remained the same. There has been no new cemetery established between Allegheny and Braddock for more than twenty years. The cemeteries now serving this section—Allegheny and Homewood—are some distance from the centers of population, and are, in a measure, only ministering to the present requirements without provision for the future. The burial space of Pittsburgh is less in proportion to its population than any other city in the United States. Cincinnati, about same size, has one cemetery twice the area of both of these.

ACCESSIBILITY

A strong point in favor of this site is its accessibility by street cars. Four different car lines converge within ten minutes' walk of the main entrance on Penn Avenue, with cars traversing all parts of Pittsburgh and the populous towns along the Monongahela and Allegheny rivers.

MANAGEMENT

The management of the cemetery will be entrusted to a number of representative citizens. The grounds will be under the direction and control of a Superintendent trained in landscape gardening in Europe who has been for the past ten years the efficient superintendent of one of the largest and most beautiful cemeteries in the State. The grounds will have their natural beauty greatly enhanced by improvements of an expensive nature; they will be suitably fenced, and at the Penn Avenue entrance there will be erected this Fall a substantial granite gateway. Over one thousand shade and ornamental trees will be planted along the driveways. An artistic and costly Receiving Vault will be erected. Several miles of winding driveways and footpaths will be macadamized. Two or more lakes will be constructed in the valley between the table lands of the cemetery. Alongside of the Receiving Vault will be placed a beautiful statue representing Peace. Further on will be erected a Soldiers' Monument and upon its four tablets will be inscribed the names of the soldiers who may be buried in the cemetery or transferred from other burial grounds. Besides these features, appropriate shrubbery, flower bedding and fountains will add to the pleasing effect of the landscape.

The perpetual care of those interred in the cemetery will be absolutely insured by a permanent Endowment Fund which the by-laws provide shall be set aside from the receipts of lot sales.

THE FINANCIAL PLAN

It is the intention to purchase the lands, make the improvements and equip the cemetery as above set forth in accordance with designs, plans and specifications on file with the Real Estate Trust Company of Pittsburgh for public inspection.

When the lands have been purchased and paid for, and the improvements, etc., made or provided for by the deposit of sufficient money with the Trust Company to insure their completion, the said lands are to be conveyed to a Cemetery Association, organized as a corporation of the first class under the laws of Pennsylvania, reserving in the conveyance or by a collateral agreement unto the grantors, as purchase money, one-half the gross proceeds of all sales by the Cemetery Association of the use of lots and plats made from said land at a fixed minimum price. The other one-half of the gross proceeds of such sale must be used only for the expenses, embellishment and endowment of the cemetery. It has been the experience of Cemetery Associations in Boston, New York, Philadelphia and other cities fortunate enough to secure burial grounds upon such advantageous terms, that the cemetery has been of great benefit and service, and has grown stronger financially each year, as it improved its conditions and natural beauty by its ample share from lot sales retained by the Association for maintenance and perpetual care.

The one-half of the gross proceeds of lot sales payable to the grantors has been divided into six thousand shares and a number of said shares are offered for sale through the Real Estate Trust Company of Pittsburgh at $50 each.

Few investors have any idea of the value of cemetery shares or the returns they yield. Most cemeteries of our great cities as organized and planned in recent years yield shareholders large profits and offer a security which is absolutely safe. Cemetery lots are sold by the square foot. There are 43,560 square feet in an acre. Of this area, about 7,000 feet would be required for driveways, walks and landscaping, leaving available for burial purposes about 36,000 square feet. The prices per square foot in Homewood, Allegheny and Uniondale Cemeteries range from $1.00 to about $3.50, while in some cities the prices are as high as $6.00 per foot.

Assuming for sake of illustration that in Woodlawn Cemetery the price per square foot averages $1.50, the prices ranging from $1.00 to $2.00, then the 36,000 square feet in each acre available for burial uses would bring about $54,000. Deducting half of this, to be retained by the cemetery corporation for future improvements and maintenance, there would be left $27,000 to be divided among the shareholders, the number of shares being limited to 6,000, each share would receive $4.50, and 80 acres would bring to each shareholder $360. Deducting from this the cost per share, $50, there would remain a net profit of $310.

This statement of ultimate values and enormous profits explains the fact that the shares of Kensico Cemetery in New York are at premium of over 500 per cent, and those of Woodlawn Cemetery, New York, command a still higher premium. The shrewdest and most conservative investors look with favor upon this class of securities and experience shows they are closely held as among the best and most satisfactory investments.

Before the Real Estate Trust Company of Pittsburgh consented to act as fiscal agent for Woodlawn Cemetery, its officers took up and carefully considered the practical side of the subject, personally inspected the grounds and investigated the earning capacity of participation shares in other cemeteries conducted along the same lines. The organizers have procured and filed in this office the opinion of Joseph A. Langfitt, Esq., based on a topographical survey, to the effect that the lands are unhampered by legal restrictions forbidding their use for cemetery purposes.

The improvements mentioned—plans and specifications for which are on view at this office—are to be made by the organizers of the cemetery, and to be paid for out of the moneys derived from the sale of participation shares. The money is to be deposited with this Company for that purpose.

We believe the time is ripe for a new cemetery on modern lines for the East End and Wilkinsburg District, and that in this particular case the participation certificates furnish a safe and attractive investment, and as such we do not hesitate to recommend them.

Application for these certificates will be open until Tuesday, July 1, 1902. A payment of twenty per cent. must accompany application. A temporary receipt will be given and the certificates issued after incorporation and organization of the Cemetery Association. Applications will be listed in the order received, and the right is reserved to return the money to an applicant, and recall the temporary receipt without issuing participation certificate.

REAL ESTATE TRUST COMPANY OF PITTSBURGH.
I apply for ____________ of the participation shares of the Woodlawn Cemetery, at $50.00 each, under the terms of your circular letter. The total number of shares to be 6,000.
I enclose check of $____________, being twenty per cent. of subscription, the remaining eighty per cent. I promise to pay upon delivery of certificates.
Yours truly,

COMPANY NOW FORMING TO BUY A 90-ACRE SITE

Will Be Located Near Wilkinsburg and Will Be Called Woodlawn.

90 LOTS SOLD FOR $48,500

Survey of New Street from Hazelwood to Swissvale—Building Contracts Awarded—New Pottery Will Cost $100,000—Realty Deals.

A new burial place for the extreme East End district of Pittsburgh is the latest real estate project announced in that vicinity. The site for the cemetery is a tract of about 90 acres, formerly a part of the Jacob Weinman farm, northeast of Wilkinsburg. It is valued at about $87,000. The land is situated in Penn avenue, one mile beyond the city line, and overlooks Wilkinsburg and the surrounding country. At present the Penn avenue cars run within 10 minutes' walk of the property, and it is expected that the borough of Wilkinsburg will soon improve upper Penn avenue to a point within 100 yards of the proposed entrance. On the other side the Greensburg pike is shortly to be macadamized thus giving excellent approaches from both directions. The ownership and control of the new cemetery, which will be called Woodlawn, will be vested in a new company which is now being organized by the Real Estate Trust Company. Although the officers of the latter declined to give any information about the exact stage of the proceedings it is reported on good authority that the new company will be capitalized at $300,000, and that one-half this amount has already been pledged.

A Beautiful Site.

The site selected for the burial place is one of the most beautiful naturally in the country, and the managers are planning to make the grounds the finest in Western Pennsylvania. A substantial granite gateway is to be built at the Penn avenue entrance, and a costly receiving vault and lodge house will be erected nearby. Over 1,000 shade and ornamental trees will be planted on the grounds, and four miles of paths and driveways are arranged for. Two lakes will be constructed in the valley that runs through the property. A statue representing peace and a soldiers' monument are also to be built. The "lawn system" is to be followed out in the care of the grounds, no inclosures being allowed.

As no cemetery has been established between Allegheny and Braddock for over 20 years and the Allegheny cemetery now has more than 45,000 persons buried therein the prospects for the new burial place being a success in all ways are excellent.

Big Sale of Oak Grove Lots.

James C. Patch of the firm of Weaver, Costello & Co., candy manufacturers, has purchased from L. G. Woods 90 lots in the Oak Grove plan for $48,500. The deal was negotiated by Alfred Oskin of Braddock, who will handle the property for Mr. Patch. The larger part of the land is situated in Swissvale a few lots being over the line in the Twenty-second ward. The lots measure 25x110 feet each and face in Swissvale, Michigan, Nevada and Harrison avenues, and in Aurelius street. It is the intention of the purchaser to dispose of the lots at prices ranging from $700 to $1,000 each. A number of good houses may also be erected on the property late in the season if building conditions are more favorable. The Oak Grove plan has proven a winner, and since it was opened over 100 houses have been started on the lots bought. No suburb of Pittsburgh is building up more rapidly at present that Swissvale and the class of houses, costing from $3,000 to $7,000 each, which are going up, is evidence that its boom is a substantial one.

New Street Projected.

City Engineer William Brown has completed a survey of a street from Sylvan avenue, Hazelwood, to Swissvale, a distance of about five miles. Property owners along the route are said to be much in favor of the project and the question of opening the thoroughfare is likely to be brought up in councils at an early date. The proposed street would open up a large amount of property which would be very desirable for residence purposes if it had an outlet to a street car line. Among the properties that would benefit by the improvement are the Blair, Johnston and Capt. Samuel Brown holdings and the properties along Nine Mile run.

W. S. Haynes has awarded the contract to W. H. Jack for the erection of six brick residences in the Glenwood Land Company's plan for $14,000. The houses will contain six rooms each and be provided with modern conveniences. The Glenwood lots are 25x100 feet each and have sewers, gas and water mains, curbstones and flagstone pavements. Within the past month a large number of the lots have been sold through the agency of Samuel W. Black & Co. and considerable building is booked for fall.

School House Contract Awarded.

At a meeting of the Bellevue board of education, Saturday night, the contract for the Third ward school house in that borough was awarded to B. A. Groah & Co. for $39,064. The original plans were changed to include a tile roof in place of slate and a buttered brick work.

Other contracts which have been awarded within the past few days are to following: Architects Alden & Harlow to Patterson & Shaw, Allegheny, the general contract for the residence of Lawrence Dilworth in Denniston avenue, $75,000; Architect W. J. Shaw to B. A. Groah, the tannery of Charles J. Kiefer at McKees Rocks, $80,000; Architect F. C. Sauer to John T. Buckley of Baltimore, Md., the Bohemian Roman Catholic church in that city, $50,000, and to Victor Braetl, the Etna Roman Catholic church, $12,000; Engineer Corey B. Comstock to D. E. Riffle the brick work on the plant of the Pittsburgh Provision & Packing Company, at Herrs island, and the stone work on the same, to J. F. Collins; Architect James T. Steen to R. H. Sheppard, the residence of Charles W. Scarborough in Fifth avenue, $8,000.

Architects Allison & Topp are preparing plans for a three-story brick and stone building to be erected at Scottdale for H. R. Hurst & Co. The building will cost $25,000. The same architects are taking bids on a brick and stone factory building at Morgantown, W. Va., for the Pressed Prism Plate Glass Company.

Chief Engineer Thomas Rodd of the Pennsylvania railroad has plans for a station at Washington, Pa., to cost $15,000.

Architects Rutan & Russell have let the contract to A. and S. Wilson for the erection of the big reviewing stand in Schenley park.

East End Charity Hospital Assured.

A permit was granted yesterday to Mother Josephine in behalf of the Sisters of Charity for the five-story brick charity hospital at the corner of Frankstown avenue and the Fifth avenue boulevard, East End. The building will have 90 rooms and cost about $150,000. It was designed by Architects Schickel & Ditmars of New York.

Other permits were issued in Pittsburgh as follows: To Thomas W. McFarland, for six brick veneered dwellings in Trowbridge and Glenwood streets, Twenty-third ward, $13,000; to J. M. Gartside, for a brick house in St. Clair street, Nineteenth ward, $8,000; Mike Walenoran, for a frame dwelling in Homer street, Thirteenth ward, $3,000.

In Allegheny the Riter-Conley Manufacturing Company was given permission to build a one-story frame building in Preble avenue, $30,000; J. C. Park, for a brick veneered house in Perrysville avenue, $5,000; the Federal Manufacturing Company, for a two-story brick machine shop in Boquet street, $4,000; William Deak, a frame addition to a building at No. 515 Jackson street, $1,200.

Sale in Thirteenth Ward.

THE MURDERER ESCAPED.

Frederick Theis, Who Killed Bonato Fuferi, Got Away.

Frederick Theis, who stabbed and killed Bonato Fuferi during a dance at Woodville on Sunday evening, has escaped. It is supposed that he boarded a freight train and went to Columbus. A description of the man has been given to the police authorities of that place and the detectives are watching for his arrival there. Harry Turney, an employe of the Pittsburgh & Lake Erie railroad, was accosted by an Italian who resembled Theis. He boarded a freight train for Columbus.

The body of the murdered man was brought to the morgue yesterday morning. Deputy Coroner George Mercer went to Woodville and found the body in a house about 500 yards from the scene of the tragedy. After a post-mortem examination the body was brought to the city. Dr. Howard Clark and Dr. George Scott of the Allegheny county home made the examination and found that Fuferi's death was produced by a knife thrust between the first rib and the collar bone in the right breast. The blade severed the principal artery leading to the heart. Every effort is being made by the Allegheny authorities to apprehend the murderer.

Dandruff

What is it? The beginning of gray hair, falling hair, baldness. Extremely untidy, and annoying, too. The remedy? Ayer's Hair Vigor. It keeps the scalp healthy, stops falling of the hair, and always restores color to gray hair. An elegant dressing.

"I am satisfied with Ayer's Hair Vigor. It restores the natural color to my hair, prevents it from falling out, and makes it moist."—Betsey A. Elder, E. Machias, Me.

Bears in Wheat Badly Squeezed

GOOD PROFITS QUICKLY TAKEN BY THE BULLS

Fickle Weather Conditions Start Trouble and Market Is Soon Oversold.

NEW PROVISION RECORD

Top Prices for the Year Are Realized on an Advance as High as Thirty-Five Cents—Corn and Oats Close Higher, Fluctuating.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, June 23.—Grain bears were caught in a trap today and were squeezed to the good profit of the bulls. On a fickle weather market bears were induced to sell until the markets were oversold. Early weakness, however, especially in wheat, was dispelled before the very bullish argument of greatly increased stocks and everything on the board rallied and advanced with a rush. At the close July wheat was ¾c higher and July oats ½c up. Provisions closed 12½ to 35c higher at record-making prices.

Clearing conditions in the wheat fields as shown by the weather map at the opening, augmented by lower cables, induced liberal early liquidation and short selling of wheat. After last week's bullish arguments on wet weather followed by Saturday's break the bears thought that prices were much too high for the fair, warm weather they had in their minds for the harvests. As a result July opened ⅜@¾c to ½@⅝c down at 72⅞ to 73c. There were a few early bullish statistics that were lost sight of for a time, but soon the crowd preceived that the pit was oversold.

Scurry to Cover.

Big decreases in stocks frightened the shorts and the rest of the day the trade was busy pushing prices up as the shorts scurried for cover. July worked up rapidly to 74½@74⅝c with apparent ease. There was a little dip from top prices on profit-taking, but July closed strong, ¾c up at 74½@74⅝c. Local receipts were 24 cars, seven of contract grade; Minneapolis and Duluth reported 428 cars, making a total for the three points of 452 cars, against 462 last week and 284 a year ago. Primary receipts were 551,000 bushels, compared to 631,000. Seaboard clearances in wheat and flour equaled 347,000. The visible supply showed a decrease of 2,535,000 bushels where only 1,750,000 bushels decrease was expected. On passage breadstuffs decreased 2,632,000 bushels. World's shipments were 7,476,000, against 9,481,000 last year.

Corn was very nervous all day. Early in the day there was marked artificial strength in July options, caused by arbitrary higher bids by the leaders without considerable purchases. Fluctuations were erratic and July fluctuations could hardly be called a criterion of the corn strength.

Weather Considered Bullish.

Too much rain and cold weather has been a bullish factor in corn of late, and in some sections of the corn belt, especially in Iowa, these conditions prevail to some extent. In other sections, however, crops are said to be in good condition. July at the opening ranged from 66c to 67½, then back to 6 and closed 1⅛c up at 67c. Business not large, however, in this option. September sold from 58⅝c up to 60c and closed strong, 1c higher at 59⅝c. Receipts were liberal at 221 cars, 30 of contract grade. Cash corn was improved, No. 3 at 62@64c.

Oats were strengthened by the advances in the other grains and by their excellent cash situation. Early trades were at slight recessions on the influence of temporary clear weather. Selling, however, was only scattered and there continued to be some talk of too much rain. July sold from 40c to 41c, and after on profit-taking closed firm, ½c at 40⅝c. Receipts were 125 cars.

Provisions again made top prices for the year. Hogs sold at $7 85 at the yards—also the year's record price—and experienced a good demand in the provision pit. Selling was only scattered. Packers held most everything in the pork list and pleided up very little of it. This condition naturally brought sharp advances. July pork closed at its top price, 52½c higher at $18 25. September 82½@85c higher at $18 50. July lard closed 15c up at $10 65 and July ribs 12½c higher at $10 90. The cash demand held up fairly well, and there seemed still to be a strong manipulative aspect to the pit.

Estimated receipts tomorrow: Wheat, 25 cars; corn, 345 cars; oats, 250 cars; hogs, 23,000 head.

HONORS GIVEN TO MEN OF YA

WESTERN STUDENT WINS CHE LAW SCHOOL PRIZE.

Cum Laude Degree Awarded to Graduates from Havana and Honolulu—Four Western Pennsylvanians in Class to Get Diplomas Tomorrow.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW HAVEN, CONN., June 23.—The commencement exercises of Yale university were begun today with the class day ceremonies of the academic and Sheffield scientific departments and the anniversary exercises of the law school. Beautiful weather prevailed and all the exercises were attended by large crowds. Senator Henry Cabot Lodge delivered an address to the graduating class of the law school.

The law school faculty announced the prize awards late this afternoon. Among the prize winners were:

The Joseph Parker prize for the best thesis on a subject connected with Roman law, Louis A. Dyar, Winona, Minn.

Degree of master of laws, cum laude, Michael Bernard Hurley, Pine City, Minn.

Bachelor of Laws, summa cum laude, Edward H. Kelly, New Britain Conn., and Charles Tressler Lark, Millersburg, Pa.

Bachelor of laws, cum laude, Charles W. Durbrow, San Francisco, Cal.; Louis A. Dyar, Winona, Minn.; Garfield R. Jones, Evanston, Ill.

Honors in the middle class, Louis R. Rice, New Haven; Leopoldo de Sola, Havana, Cuba.

Honors in junior class, Lloyd A. Ackerman, San Francisco; Hal C. Bangs, Chatsworth, Ill.; David A. Dowsett, Honolulu; John H. Sears, St. Louis, Mo.

In the senior commencement appointments, announced tonight, among the high honors awarded were the following:

Philosophical orations, Kersey Coates Reid, Kansas City; James Alden Valentine, Breckinridge, Minn.

High orations, Clarence Henry Adams, Denver; Frederick Burnham, Chicago; Henry Elliott Colton, Campbellsville, Ky.; Charles Faxton Flora, Columbia, Pa.; Harry Alfred Peters, Allenton, Pa.; Isaac Gray Phillips, Winchester, Tenn.; William Wallis Platt, Colorado Springs, Col.

Four Western Pennsylvania students are among those who will be given degrees Wednesday. Rodman Wister Moorhead and Franklin Abbott of Pittsburgh will receive the degree of A. B.; Alexander Crawford Hoyt of New Castle, the degree of S. B. from the Sheffield Scientific school, and J. P. Perry Wood of Tyrone, the degree of LL. B. from the law school.

AN INCLINED FLOOR.

Alterations to Be Made in Third Ward, Allegheny, School.

Alterations and improvements are to be made to the auditorium of the handsome Third ward, Allegheny, school building, completed last year. This room is 72x130 feet, and persons seated near the rear can hardly hear what is said on the stage and cannot see it at all.

It is now proposed to put in an inclined floor and change the seating. At the rear of the room the new floor will be 5 feet 10 inches higher than the present floor. In the front the seats will be in a half circle; in the rear they will be in straight rows.

Because of the raising of the floor it will be necessary to have a new entrance. This will be on the side of the hall, about half way down the room. There will be three turnstiles, and at one side a handsome ticket office, if it should ever be necessary.

The plans have been drawn by F. S. Sauer, architect of the building. Bids for the work will be closed on Friday at 4 o'clock.

Retires to Buzzards Bay.

PRINCETON, N. J., June 23.—Former President and Mrs. Cleveland and family left Princeton this afternoon for Buzzards Bay, where they will spend the summer.

THE DAILY DIALOGUES

I.

Observe the Messenger Boy, how he Runs.
Is not this Unusual?
It is Positively Abnormal.
And its Cause?
He Goes on a Hurry Call for a Man—
To Fetch a Doctor?
—to Fetch a Book.
What Book?
THE HOUND OF THE BASKERVILLES.
How Surprised and Gratified the Man will be to Get his Book so Soon.
He will Not.
Why so?
The Messenger Boy has Heard of that Book.
Well?
He will Dip into It.
Yes?
And See the Name of Sherlock Holmes.
And then?
He will Seat him on a Mossy Curb. And he will Read. And Read. And Read.
But the Man. What of Him?
He will Tear his Hair and Cuss.
Is that All?
No. Presently he will Rake up another $1.25 and will Hustle to the Bookstore himself.

Salvage Sale Of part of Alexander Smith & Sons' Stock of Carpets at about Half Price!
The $200,000 Carpet and Rug Stock of Alexander Smith & Sons, recently damaged by fire at the Terminal Warehouse, was sold at auction last week by the Underwriters. We bought largely, but ONLY such goods as were ABSOLUTELY PERFECT or but slightly water soaked, as we never buy goods that are burnt or scorched. The sale started yesterday, and, judging by the eagerness with which shrewd buyers are taking advantage of this opportunity to secure some of the famous Alexander Smith & Sons' Carpets and Rugs at away below Mill Cost, it won't take many days to close out the goods.
